

SOCIALISTS ISSUE 'SOLEMN WARNING'

Counsel at Albany Then Calls it "Love Affair."

FAIR PLAY IS ASSURED

Attorney Hillquit Says That if Defendants Are Ousted It Will Loosen Revolution.

ALBANY, N. Y., Jan. 20.—Morris Hillquit, chief counsel for the five suspended socialist assemblymen, declared today at the opening of their trial that if the assembly permanently ousted the defendants the act "will loosen the violent revolution which we socialists have always endeavored, and are endeavoring, to stem."

Mr. Hillquit added this "one word of solemn warning" after asserting that the Romanoffs and all instruments of oppression in Russia had been destroyed after the government had tried to outlaw the socialist movement, and that we are not afraid of suppression at the time one-half the world is under socialist control.

"Warning" Held Threat.

This "warning" was later interpreted by Martin W. Littleton, associate counsel for the committee, as a "warning to the country, a threat to the committee and an admonishment to the assembly that they do not dare deal with the gentlemen he represents unless they wish to invite revolution to this country. Mr. Hillquit denied that his remarks were intended as a "threat," and said instead he had "made a sort of love offer" that "we socialists are ready to see the thing in a constitutional manner and by peaceful methods."

"I was merely imploring you to be as good and peace-loving as socialists are," he said, "and not to be high-handed in your procedure. That was an entreaty and it was intended to be." The judge, in ruling on the motion to try by excluding by a vote of 7 to 4 the New York City Bar association committee, headed by Judge E. Hughes, from independent participation in the proceedings, after which the committee desired to express its disapproval of the assembly's action in suspending the socialists, withdrew.

Fair Play Assured.

Then Louis M. Martin, chairman of the judicial committee, read a statement assuring the defendants that they will "receive fair play" and "the case is not prejudiced" and that the committee desired to express its understanding "of matters that are to be brought up for consideration." These included charges that the defendants were "members of a party or society whose doctrine demanded the complete destruction of our form of government by the use of force and violence" and the bringing into play of force and violence, and that they "are engaged in a conspiracy in a large well-organized conspiracy" to weaken the family tie, destroy the influence of the church and overturn the whole fabric of a constitutional form of government.

Mr. Hillquit challenged the assertion that the committee was not prejudiced and made three motions, two of which were denied. The committee reserved decision on the third, which provided for dismissal of the proceedings as illegal and unwarranted.

Fitness Is Challenged.

The motion overruled the fitness of the committee as a whole and its members as individuals to serve as judges on the ground that they also were charged with the same offenses and the vast majority was "committed in advance to one side." "I maintain," said Mr. Hillquit, "that if every word of the suspending resolution was proved to be true; if every charge read this morning by the chairman of the committee was proved beyond the shadow of a doubt to be true, that even then this committee and assembly are taken in hand without power to suspend or expel the members of the assembly under charges; that so long as there is no question about their election, that so long as there is no question about the fact that they are citizens and residents of this state and have taken oath of office, that ends the power and jurisdiction of the assembly with reference to them."

LEGION CALLS FOR FAIR PLAY

Ousting of Assemblymen in Disfavor Unless Disqualified.

INDIANAPOLIS, Ind., Jan. 20.—The suspension of five socialist members of the New York state assembly was given consideration by the national American commission of the American Legion, in session here yesterday. It was learned today, and the action taken by the assembly was denounced in a resolution passed by the commission. It was announced. In making public the resolution, officials of the legion called attention to the expressed purpose of the American commission to combat all anti-American tendencies.

Resolution Follows:

"Since the American Legion stands for the maintenance of American institutions of government, we look with disfavor on every effort to overthrow the right of representation or deny to the properly elected representatives of the people the right to sit in the bodies to which they have been elected, except when they have been shown legally disqualified."

Have You Scrofula?

Now Said to Be as Often Acquired as Inherited.

It is generally and chiefly indicated by eruptions and sores, but in many cases it enlarges the glands of the neck, affects the internal organs, especially the lungs, and if neglected may develop into consumption. It causes many troubles, and is aggravated by impure air, unwholesome food, bad water, too much heat or cold and want of proper exercise. Hood's Sarsaparilla, the medicine that has been used with so much satisfaction by three generations, is wonderfully successful in the treatment of scrofula. Give it a trial. If a cathartic or laxative is needed, take Hood's Pills—there is nothing better for biliousness or constipation.

RADICALS ARE HELD TO JURY

Judge Rossman Binds Over Trio Under Syndicalism Act.

Thomas Speakman, Joseph Thornton and A. Kimman, alleged reds, were held to the grand jury by Municipal Judge Rossman yesterday on charges of having violated the state criminal syndicalism act. All three waived preliminary examination.

The three are declared by the police to be dangerous radicals. Speakman and Thornton were arrested by Patrolmen Drennen, Parker, Farmlay and Meyer in a raid on 54 East Sixteenth street north Monday night. A search of their rooms is said to have revealed 1. W. W. cards hidden behind the pictures on the walls.

OTHER ISSUES DISCUSSED

Facilitation of \$5,000,000 Loan to Build Railway Across South America Urged.

WASHINGTON, Jan. 20.—Dr. John Bassett Moore, vice-president of the central executive council of the International High Commission, which was organized in 1916 to promote mutual interests of American republics, gave an account of the commission's work tonight at the second general session of the Pan-American financial congress. William G. McAdoe presided.

In group discussions today Argentina led off with a request presented through Frank A. Vanderlip, the United States representative, for modification of state banking laws in the United States to permit South American banks to open branches in the United States. Mr. Vanderlip said that American members supported the Argentine delegates in referring the request.

"Although American banking houses are opening branches all over the world," he said, "our laws in certain states makes it impossible for Latin-American institutions to open branches in this country and compete with us on our own ground. The interests of fairness demand readjustment."

Haitian Delegates Laud U. S. Haitian delegates at their meeting adopted resolutions commending the United States for intervening and occupying that country.

The representatives of United States business concerns on the Bolivian committee recommended that that country be facilitated in securing a loan of \$5,000,000 with which to complete the construction of a railroad across South America, passing through Bolivia.

A description of the accomplishment of the International High Commission toward promoting trade relations among the countries of the Americas was given by John Bassett Moore, vice-chairman of the commission, which was created by the first Pan-American financial conference held in Washington in 1915.

Exchange System Discussed. "Every effort has been made to advance uniform legislation in regard to bills of exchange, checks, bills of lading and warehouse receipts," said Mr. Moore.

"We seem to be rapidly approaching the time when, so far as concerns bills of exchange, checks, bills of lading and warehouse receipts, we have only two systems in use in the Western hemisphere, based, respectively, on the Hague rules of 1912 and the United States negotiable instruments act of 1916.

"The commission has also been glad to observe a growing interest in the adoption of uniform legislation on the subject of warehouse receipts, as well as bills of lading and warehouse receipts, and the action of the United States in placing on tariff-free lists great staples of Latin-America, including wool, hides, beef, cereals and coffee, and the later attention by the shipping board to the re-establishment of vessel routes was pointed out by Mr. McAdoe, who asserted that the full usefulness of the Panama canal was just now coming to a realization.

ROAD ROUTE TO BE FIXED

Commissioner to View Seufert-Deschutes River Stretch.

THE DALLES, Or., Jan. 20.—(Special)—An official and definite reason as to which of the many discussed prospective routes for the Columbia river highway between Seufert and Deschutes will be chosen, is expected shortly, Edward Kiddle, state highway commissioner, will go over the different routes and determine which is the best one for the public. The commission will hold an official meeting at Salem on February 5, and it is expected it will decide upon the route at that time.

The local highway engineers are known to favor the river grade route, but strong pressure is being brought to bear to have this route changed to go via Petersburg, up Ten-Mile creek, across the Johnson gap to the north slope. It is asserted by supporters that this route will avert the drifting sands along the lower proposed route and that the farming community will get better service.

COLONEL LEWIS IS DEAD

Former Inspector at Portland to Be Buried in Arlington Today.

OREGONIAN NEWS BUREAU. Washington, Jan. 20.—Colonel Thomas Jefferson Lewis, who was stationed at Portland, Or., during the war and inspected all of the war activities of Oregon, Washington and Idaho under the direction of the inspector-general of the army, will be buried at Arlington cemetery at this city tomorrow.

Colonel Lewis died at Baltimore last Friday. He was retired in 1913 by reason of a disability incurred in the line of duty, but was recalled to service when the war came.

His life was spent in the regular army and all of it in the cavalry except his last service in the northwest. His daughter, Mrs. Enriette J. Schroeder, was with him while he was stationed in Portland and is well known there.

Thrift in Piano Buying

Some Inside Facts About the Piano Business

Pianos, like everything else, are made to meet a variety of requirements. The instrument that fully meets the needs of one home might be altogether unsuited to another.

That piano house which has only a limited assortment of instruments at its disposal is apt to be tempted to sell you a piano wholly unsuited to your requirements.

Moreover, the price asked for such an instrument might be far above what the very best instrument for your precise needs should cost.

The Great Cable Factories and other great factories represented by The Wiley B. Allen Co. build a wide variety of models—instruments for every purpose—at an extensive range of prices. And each instrument—whether it be a Grand, Upright or an Inner-Player—is the finest in its class. Of that you can be sure.

The enviable reputation of The Wiley B. Allen Co. is the natural outgrowth of almost fifty years of specialized experience and leadership in the retailing of pianos and player pianos for every need—backed by the prestige and reputation of the world's greatest piano factories.

Ours is a service for everyone—No matter how much or how little you want to invest, we can offer you a beautiful and honestly made instrument you'll be proud to own.
