'PORKLESS' BILL TARGET

BOTH SIDES OF HOUSE RAP HARBORS MEASURE.

Texas Lawmaker Calls Act "Bone With Little Meat"—Mondell Pleads for Economy.

WASHINGTON, Jan. 20.—Republicans and democrats of the house joined today in attacking the "porkless" rivers and harbors appropriation bill for next year, which carries only \$12,000,000, a slashing down of \$30,500,000 from the total estimates submitted to the committee.

"This should be called the 'spare-rib' bill instead of the 'porkless' pork barrel," Representative Freeman, republican, Connecticut, said in defense of the measure.

"Spare ribs means plenty of bone but little meat," Representative Blanton, democrat, Texas, interjected. Approximately \$66,000,000 remain unexpended from previous appropriations, Freeman said, and the \$7,000,000 for improvement work is sufficient, he added.

Representative Lea, democrat, California, complained that no hearings were held after the \$12,000,000 total was decided upon.

Western members complained that government projects under way would be neglected because of the smallness of the sum, which would result in all money invested so far being lost. Committee members, however, contended that Secretary Baker was "amply provided with funds to continue the work."

Representative Mondell of Wyoming, republican leader, made a further appeal for economy. Appropriation in lump sums, such as the bill carries, he said, make it "a porkless measure."

Why you Should Make a Will

To protect your loved ones. To safeguard your estate. By making a Will you can appoint a Trust Company or Bank having Trust Powers as your Executor or Trustee. You can thus assure to your heirs the business management and financial responsibility which these institutions afford. Your wishes can be observed in the distribution of your property, for if you do not leave a Will the Law may divide up your possessions in a way that you might not desire.

How to Have Your Will Made

Do not write your own Will. "Home-made" Wills are dangerous and often cause lawsuits, because, when drawing a Will, THE LAW must be known, both as to wording and terms. Consult a lawyer today about the making of your Will and have him name a Trust Company or Bank having trust powers to act as your Executor or Trustee.
