

APARTMENT HOUSE LIFE IS HAPPY

Husband Disliked Children, Complains Mrs. Earl J. Wood.

HEPPNER GIRL IS LURE

Assistant Superintendent of United Contracting Company Defendant in Divorce Suit.

Apartment-house life was not to the taste of Mrs. Mabel Wood, who pleaded for a home with vines, a garden, etc. she told Presiding Judge McCourt yesterday afternoon as she sought a divorce from Earl J. Wood, assistant superintendent of the United Contracting company. Wood was not home-loving, disliked children, and told his wife that if she had a child she would "have to keep it in the basement," complained Mrs. Wood.

At nights when Wood was not out with men friends, said his wife, he was keeping Mrs. Wood and all the neighbors awake with tirades. His business called him from the city on numerous occasions and he did not like his wife to leave the apartment-house, even with girl friends, while he was away, she declared.

Husband Invites Wife's Friend On the other hand, the witness said that while she was at the beach three years ago, her husband invited her and her best friend to go to the apartment and stay with him, and the friend later confided the invitation to her chum, wife of the would-be host. Mrs. Wood insisted that there was a telephone girl in Heppner of whom her husband was enamored, that he carried her picture in his suitcase and once said that he had married her in a purely business way, but that she "thought a great deal more of him" than did his wife.

The case was continued until today for the hearing of further testimony. Mrs. Lillian Lewis was denied a divorce from Donald E. Lewis, a Canadian soldier, whom she married two days before he left for England, on the grounds that no cruel and inhuman treatment had been shown.

Mate Falls to Return. That Mrs. Deletta J. Heuer left him for the lure of the "movies" and went to Los Angeles in an attempt to break into the picture art, was the allegation of Karl A. H. Heuer. Prior to her departure her husband related several fits of anger in which his spouse attacked him, once with a butcher knife, the other time with a ball file, which was broken off in his shoulder. He received a decree.

Earl W. Murphy left home to get a doctor when his wife had the "flu," testified Sara A. Murphy, and never returned, forgetting even to send the physician. She received her divorce.

At C. May DeNoyer and Louis E. DeNoyer were married only last May, Judge McCourt refused to grant the wife a decree of divorce until she had an opportunity to hear the husband's side. DeNoyer was ordered to appear in court Friday. Other divorces granted were: Mary A. Morse from A. W. Morse, and Anna Bralich from M. Bralich. Divorce suits filed in the circuit court yesterday were: E. H. Gagnon against Elizabeth N. Gagnon, Minnie Scheller against Carl P. Scheller, Muriel P. Venable against Virgil L. Venable, Clara E. Seeck against H. J. Seeck, P. D. Fenn against E. J. Fenn, Nellis Jane Eva Cozad against Ernest Cozad and John M. Dix against Mabel Dix.

FINE REDUCTION PRAISED

DOES OF JAPANESE ARE NOT REVENGEFUL, THEY SAY.

Punishment Such as an American Would Get for Breaking Laws Is All Anti-Jap Society Asks.

HOOD RIVER, Or., Jan. 21.—(Special.)—Members of the Hood River Anti-Asiatic association, who have bandaged themselves together to prevent further local Japanese land ownership, commend the action of Justice of the Peace Oshank in reducing to \$100 the fine of H. Nakamura, a Japanese rancher, who originally drew a \$450 penalty last week for violation of the game laws. Roy D. Smith, spokesman for the Anti-Asiatic association, says:

"We wish to express our hearty approval of the action of the Hood River County Game Protective association in bringing about a reduction of the fine. Our society is not formed in any sense to persecute our local Japanese people. We base our contentions on a plane very far ahead from any motive of venting any personal feeling of revenge against any Japanese who may be in the midst."

"Our conception of true justice is that all infractions of law by Japanese should receive such punishment as would be administered to an American citizen for a similar offense."

Women's Activities

THE Portland Woman's club in its 25th year as an organization has decided to build a clubhouse and at a meeting in the library yesterday voted that it be the sense of the assemblage of members that a site be chosen on the west side of the river and that this message be conveyed to the club at the business session on Friday in the Multnomah hotel. The site is selected the club will begin to consider plans for the erection of a suitable club building immediately.

Mrs. Frederick Egert, who reported for the building committee, made a motion that the club accept a piece of property at East Sixteenth street and Hawthorne avenue. Property near the library is being considered and many members believe this would be a good business investment. Others favor a neighborhood of Cedar street near the head of Washington and Twenty-third, and still others look with favor at a location near the St. Helens hall (Portland academy) building. This is to be talked over Friday afternoon and so a good attendance is expected. Mrs. Egert, Mrs. G. M. Glines and Mrs. J. W. Tiffi are members of the committee, with the president and treasurer. Mrs. Egert, make up the delegation that spent days looking at property. The committee received a vote of appreciation from members who attended the meeting went forth immediately to look at the site offered.

MR. OR MRS. DYSPEPTIC

Get rid of Indigestion and Stomach Worries with "Pape's Diapiesin"

"Really does" put weak, disordered stomachs in order—"really does" overcome indigestion, dyspepsia, gas, heartburn and sourness due to acid fermentation—that just that—makes Pape's Diapiesin the largest selling stomach and digestive food in the world. If what you eat ferments and turns sour, you belch gas and your face is flushed with heat; your head is dizzy and aches; breath foul; tongue coated, remember the moment you take a dose of Pape's Diapiesin, the stomach acid which causes distress vanishes. It's truly astonishing—almost miraculous—how quickly its harmlessness. A box of Pape's Diapiesin tablets costs so little at drug stores, too.—Adv.

Swift & Company's 1919 Earnings

How They Affected You

During the twelve months ended November 1, 1919, (its fiscal year), Swift & Company transacted its large volume of business on the smallest margin of profit in its history.

Sales over \$1,200,000,000.00

Net earnings \$13,870,181.34

Our shipments were in excess of 5,500,000,000 lbs.

This means that our earnings were less than 1 1/2 cents on each dollar of sales, or a quarter of a cent on each pound shipped.

Consumer—

The average consumer eats about 1/2 lb. of meat per day—180 lbs. per year. If he purchased only Swift & Company products he would have contributed only 45-cents (180 lbs. @ 1/4 cent a pound)—a year profit to Swift & Company for its investment and service, less than one cent per week.

Our earnings were so small as to have practically no effect on the family meat bill.

Live Stock Raiser—

Swift & Company handled in 1919 over 16,000,000 head of live stock. You can figure for yourself that our earnings of 1 1/2-cents on each dollar of sales are too small to affect the price you received for your stock.

We paid all it was humanly possible to pay considering what the meat and by-products could be sold for.

TWO ALIENS UP TODAY

DEPORTATION HEARINGS TO BE HELD AT POSTOFFICE.

Max Schmidt and Frank Casack Are Charged With Radical Activities in Portland.

Deportation hearings for Max Schmidt and Frank Casack, radical members of the labor communist party, will be held at the new post-office building today, according to announcement by R. P. Bonham, chief of the immigration service of this district.

Schmidt is a German alien who took a prominent part in the councils of the radical organization since its inception in Portland. Casack is a Canadian subject who served as secretary of the labor communist party for several months and was one of the most active in its organization.

Mr. Bonham said yesterday he expected to conclude the hearings of all radical aliens who were caught in the series of "red" raids by the middle of next week. The local immigration bureau simply takes a record of the proceedings and transmits its recommendations to the department at Washington. The decision of the department is expected by Mr. Bonham within a month from the time the records are received there.

Victor and Julia Sault, subjects of Russia, will be given hearings early next week, it was said. Sault represented the state of Oregon at the national convention of the labor communist party at Chicago, while Mrs. Sault was corresponding secretary of the local organization. They are considered by federal authorities as being the ringleaders of the local "red" element. Every effort will be made to have them deported back to Russia.

The first two alien radicals to be given deportation hearings were W. G. Klievel and Herman Schuller. Testimony in their cases was taken Tuesday and the records were forwarded yesterday to Washington. Both are members of the labor communist party.

Cherry's Big Sale Goes On

CHERRY CHAT. Another week of even greater values and greater inducements is promised by Cherry's.

This remarkable merchandising event is proving the most interesting and tempting of the year. Not only does it offer exceptional values in fashionable apparel for women and misses, but the convenient monthly terms enable anyone to secure an entire wardrobe of clothing for just a trifling payment at time of purchase. The remainder may be paid in small monthly payments.

To Keep Skin in Fine Condition in Winter

It would be much better for the skin if little cream, powder or rouge were used during the winter. The best thing which clog the pores, tend to aid wind and weather in roughening and coarsening the skin. Ordinary soaps will do more for the complexion, and without spoiling the skin to become chapped, cracked or become harsh and leathery. It is the ideal application for the season, as it not only keeps the pores clean, but daily removes the particles of scarf skin which have been spoiled by winds or temperature. By constantly keeping the complexion clean, white and soft, it does more toward perpetuating a youthful countenance than any of the arts or artifices commonly employed. One ounce of mercerized soap, obtained at any drug store, will completely renovate the worst complexion. It is applied at night like cold cream and washed off in the morning.—Adv.

FOOD DEAR IN SIBERIA

Returned Centralian Says Bolsheviki Generally Are Friendly.

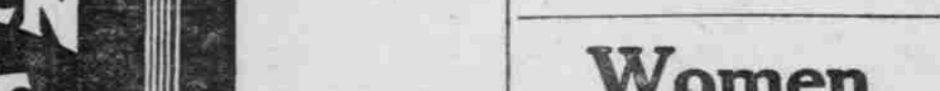

CENTRALIA, Wash., Jan. 21.—(Special.)—Food is plentiful in Siberia, but the inhabitants are too poor to buy it, according to Vincent Noski, a Centralian, who returned here yesterday after 12 months' service in Siberia with the A. E. F. The soldier says that a pound loaf of bread costs five rubles, while labor in the mines brings only 25 rubles a day.

According to Noski, fishing is a big industry in Siberia, but the population is not inclined to agricultural pursuits. Practically every resident of the country is a bolshevik, he says, but they are generally friendly to Americans.
