ARMOUR'S BUSINESS EXCEEDS BILLION

Return Is 6.74 Per Cent on Net Capital Investment.

INCOME IS \$14,098,506

Preferred Stock Gets 7 Per Cent and Common Stock 2 Per Cent. Rest of Profit Re-invested.

CHICAGO, Jan. 31.—Gross sales of Armour & Co. for the fiscal year ending November 1, 1919, were \$1,038,606,000...

The net income represented a return of 1.35 cents on each dollar of stock and of 6.74 per cent on the net capital investment, the statement said...

Our profits, while fair considering the business conditions during the last year, show the utter absurdity of the charges of agitators that there exists undue control of the livestock and meat food market...

Had it not been for the earnings in foreign fields and from subsidiaries the year would have been disastrous, indeed.

Total assets of the company were placed at \$499,809,643 and the surplus on November 1, 1919, at \$86,479,183.

Attention was called to the agreement with the government for the segregation of lines of business not related to the packing industry.

We look to the future with confidence. We believe that the sanity and good sense of the American people will take us through the trying period in which we are living today.
