A CRISIS THAT WE SURVIVED, History of the chaotic and tumult-

nous times of about a century and ary events of the French revolution, sacred holidays. when patriots who counselled modlution and against England, makes passed. illuminating reading in the present period of unrest caused by events in Russia. The parallel between those times and these is particularly interesting because, as everyone now ity for withstanding it, many times of six hold-ups. In Chicago arrest more intense then than we probably and detention of known criminals are justified in supposing the present caused the "wave of crime" to dissituation to be. We were callow in appear. elements that make for restoration putting away another group of active of equilibrium exist today, perhaps robbers, as in no previous period of our his-

now at the acclamations with which exact justice. the most barbarous excesses of the revolutionists were greeted. Though Louis XVI had been our friend, his execution was hailed with unseemly manifestations of joy. frenzy" seized even staid Boston; Philadelphia gave way to ribald emotion; the Fourth of July, 1793, s said to have been celebrated as a French rather than an American holiday; at a banquet in Philadelphia, attended by the leading citizens of the city, a boar, previously chris-tened Louis XVI, was guillotined, and these leading citizens, placing liberty caps on their heads, took turns in "mangling the head of the luckless creature doomed to be served for so unworthy a company." as one historian writes it. Later in the year, the execution of Marie Antoinette excited savage emotions, and society girls vied with one another in expressions of extravagant joy. One feminine chauvinist is quoted as having declared her sorrow that she could not wash her hands in the blood of the murdered queen. Genet, with effrontery now difficult for us to contemplate with equanimity, threatened to appeal from the patriotic policy of Washington to the American people themselves, he did schemes in Kentucky and the Mississippi valley were defended, and even entered into with zest, under the very eyes of Washington. Disloyalty, even sedition, stalked abroad.

Enthusiasms led to absurd extremes. Our literature suffered, naturally, from intrusion of bombast into its prose and substitution of doggerel for verse. The stage was con taminated. Politics was introduced into comedy. Theaters ranged themselves in partisan divisions. A new changed to Pearl, and Crown street Since an airplane mail service committed.
