

SPECIAL AGENTS TO FACE TRIAL TODAY

Lake County Prosecutor to Take Charge of Cases.

STATE CALLS FOR ACTION

Message From Attorney-General Demands Trial of Sleuths Who Are Accused of Baiting.

SALEM, Or., Jan. 26.—(Special).—The trials of Charles Burton and Frank Davis, agents, under arrest at Lakeview on charges of using liquor as "bait" in running down violators of the prohibition laws, have been set for trial today. The trial will be conducted under the direction of T. S. McKinney, district attorney of Lake county, according to a telegram received from the latter official today by Attorney-General Brown.

In his message to the attorney-general the Lakeview official said he had been ill for several days, but had recovered sufficiently to assume charge of the prosecutions.

Second Message Emphatic. Failure on the part of District Attorney McKinney to answer a previous telegram sent to him by Attorney-General Brown regarding the prosecution of Burton and Davis, caused the state official to send him another message yesterday. In this telegram the attorney-general called attention to the law which provides that the district attorneys and cited complaints against him filed with Governor Olcott.

The attorney-general's latest telegram to District Attorney McKinney reads: "Message to governor from number of citizens seems to misunderstand instructions telegraphed. I asked that you exercise power conferred by section 1796, Lord's Oregon laws, and appear on behalf of the state and control and direct prosecution. Citizens state in message to governor that Burton and Davis freely gave whiskey to whomsoever would drink, and that this occurred in numerous public places. If agents violated the law they should be prosecuted."

Prosecution is Ordered. "Agents of the governor have no more authority to offend against the terms of the prohibition laws than the humblest citizen in the land. See it that the law follows its true course and that it is not used as an instrument for vengeance, but to achieve right and justice. If these men violated the provisions of the prohibition laws, they should be prosecuted in mitigation of punishment. They were in the right, this would not constitute a defense but might be considered in mitigation of punishment."

"The governor concurs in the views herein expressed."

Although some reports reaching Salem indicate that the arrest of Burton and Davis was brought about to embarrass Sheriff Woodcock of Lake county in the enforcement of the prohibition laws, Attorney-General Brown and Governor Olcott join in the belief that if the agents violated the laws they should be prosecuted, and that such prosecution should be conducted by the district attorney of the county in which the crime is alleged to have been committed.

BOYS AND GIRLS BUSY CLUBS OF OREGON SHOW GOOD PRODUCTION IN 1919.

Total Valuation Placed Upon Livestock, Corn, Potatoes, Garden Truck, etc., \$66,095.

OREGON AGRICULTURAL COLLEGE, Corvallis, Jan. 26.—(Special).—Sixty-six thousand dollars and two cents is the valuation placed on the livestock, corn, potatoes, garden truck, canned goods and other products produced by the boys' and girls' clubs of Oregon during the year 1919, according to H. C. Seymour, state club leader for Oregon. The net earnings were \$33,095.40 after deducting for labor, rent, purchase of animals and other expenses.

Multnomah county led all the other counties of the state, with Clackamas, Coos, Douglas and Marion coming in the order named. All counties were represented. The figures are based on the reports of those who completed their projects, 299 out of 15,000 fulfilling these requirements.

Pork production shows a profit of \$622.75, eleven of the 447 market hogs and 52 brood sows. Fifty-six members reported having finished purchasing registered hogs, which will be used next year in raising more pure-bred stock. Vegetable gardening ranked second in value, 470 members showing a profit of \$29,710. Poultry club members to the number of 292 raised 4762 chickens, 46 turkeys and 150 ducks and sold 2348 dozen eggs, making a total profit of \$423.81. The canning clubs canned 8473 quarts of fruit, 3461 quarts of vegetables and 228 quarts of fish, besides drying 454 pounds of fruit and vegetables, with a net earning of \$3791.24.

The boys and girls of Portland enrolled in the milk goat project report 64 goats cared for, which were valued at \$256.25, and making an earning of \$256.50. Rabbits numbering 3415 and valued at \$512.50 were raised by rabbit club members. Many of the rabbits were registered and are valued at from \$5 to \$50 a pair.

BRIDEGROOM WOULD FIGHT Reporter Threatened if Account of Vancouver Wedding Is Sent Out.

VANCOUVER, Wash., Jan. 26.—(Special).—Marion P. Losey of Portland and Miss May Schmidt of Seattle, journeyed to Vancouver today to be married. They made a request when they obtained the license that nothing be said about it and the bridegroom made the dire threat that if he saw any reporters around he would "knock them on the head."

The wedding ceremony was performed by Cedric Miller, justice of the peace, and the couple, who stated that no one would ever find that they had been married, went their way rejoicing.

WINNERS ATTEND SCHOOL Twenty-Three Boys and Girls to Go to O. A. C. This Summer.

GUERNSEY CLUB MEETS OFFICERS ELECTED FOR 1920. MONTHLY MEETINGS RULE.

County Banks to Finance Loan Securing Importation Direct of 50 to 60 Heifers From Island.

TILLAMOOK, Or., Jan. 26.—(Special).—The Tillamook county Guernsey club held its annual meeting on January 26 and elected Erwin Hartley president, H. E. Tucker vice-president and Homer Mason secretary-treasurer. The directors are Rudolph Zweifel, George Williams and J. L. Gay. It was voted to hold regular meetings each year on the third Tuesday in each month.

The club decided to take over 50 or 60 head of Guernsey heifers which are being imported direct from the island by the State Guernsey club. Every man present indorsed a note signed by the officers of the club securing the banks of the county for a loan to finance the purchase of these heifers. The banks participating in the loan are the First National bank, Tillamook County bank, Nehalem Valley bank and Stutsman Valley bank. The state club has already authorized Mr. Lepatourel, one of the leading breeders on the island, to secure 500 open heifers for them. Clackamas, Clatsop, Tillamook and Washington counties will take the major portion of these heifers. The club in each one of these counties having guaranteed the purchase.

Several local bulls which are considered for sale at the time these heifers are distributed. The local banks have signified their willingness to back up the juvenile calf club and the Guernsey club went on record as favoring this work and will attempt to find pure-bred cows for them. Citizens girls who wish to take up calf club work.

The club also voted to appoint a committee to work with the county agent and farm bureau in the livestock improvement project.

LITTLE PAID TEACHERS IDAHO NORMAL GATHERS DATA ON SALARIES IN STATE.

Average in Small Country Schools Shown to Be \$99.80 and Many Districts Are Short.

LEWISTON, Idaho, Jan. 26.—(Special).—O. M. Elliott, president of Lewiston normal, recently prepared a questionnaire relative to teacher salaries which was sent to the school superintendents of the 44 counties of Idaho, and the returns compiled by the normal office furnish interesting figures.

The average salary for teachers of a one-room rural school is \$98.80, and the average for principals of three to five-room rural and town schools is \$135.41. Only nine counties of the 44 reported have enough teachers for all the schools. This represents a shortage of 27 teachers in 26 of the counties.

A total of 963 teachers in the counties reporting hold second or third-grade certificates, which means insufficient preparation for a large number of the more important teaching positions. Third grade certificates are issued to those who have only six to nine weeks of professional training after leaving high school, and second-grade certificates may be obtained with only 18 weeks of training. The poorly trained teacher in many cases is receiving as much salary as the normal graduate.

In commenting on this situation, President Elliott states that the only way of curing the evil of inferior preparation is to adopt a graduated salary schedule with a minimum salary of \$80 to \$85 a month for teachers holding third grade certificates to a minimum of \$120 a month for those with a normal school diploma.

Clatskanie Gets Second Bank.

RAINIER, Or., Jan. 26.—(Special).—The First National Bank of Clatskanie has received a charter for a capitalization of \$40,000. Norman Merrill is named as the principal in the application for a charter. This is the second bank for Clatskanie.
