Secretary Baker to Make Recruiting Drive Week of February 22-29 to Enroll 75,000 Men.

WASHINGTON, Jan. 28 .- Chairman Wadsworth of the senate military committee, which agreed Monday to report favorably on a compulsory universal military training plan, declared tonight that Representative Mondell of Wyoming, republican leader of the house, was incorrect in his state-nents yesterday that \$1.000,000,000 would be required to administer the army reorganization bil with its uni-versal training provision. "Taking into account these fig-ires," the statement continued, "the committee has revised the estimates of the war department and believes that the annual cost of the proposed military establishment will run as follows: 1921, \$609,806,000; 1922, \$623,-545,000; 1923, \$631,380,000; 1924, \$632,-575,000; 1925, \$611,781,000 and 1926, \$500,007,000 \$590,987,000.

"In considering these estimates, it should be remembered that they include the cost of the permanent personnel or regular army, the national guard, the transportation, subsistence clothing, laundry, medical attendance and pay of all the young men to be trained and all the elements of overbead, including maintenance and re-pair of all buildings and utilities,"
Senator Wadsworth estimated in
1921 the average cost of a trained soldier produced under the universal training system would be \$509, while in 1925 it would be only \$170, while today \$1800 is required annually to support a soldier in the regular army Secretary Baker has addressed a letter to the governor of each state requesting his official co-operation in the nation-wide recruiting drive to be inaugurated by the war depart-ment and to be intensified during the
