State Indebtedness Limitation—To amend section 1 of article XI of the constitution of the state of Oregon so as to permit the creation of debt and liabilities for the purpose of building and maintaining permanent roads to the extent of 6 per cent of the assessed valuation of all the property in the state of Oregon, instead of two per cent, as now provided by law.

Governorship Is Included.

Successor to Governor—To amend section 8 of article IV of the constitution of the state of Oregon, providing for the office of governor caused by removal, death, resignation, absence from state or other inability to discharge gubernatorial duties, by making the president of senate governor until such disability is removed, and until such vacancy is filled for the unexpired term of such gubernatorial office at the next general election, or, if both governor and president of senate are unable to discharge gubernatorial duties, the speaker of house of representatives shall in like manner become governor until disability removed, or until vacancy is filled at such election.

Crook and Curry County Bonding Amendment—To amend section 10 of article XI of the constitution of the state of Oregon, to authorize Crook and Curry counties to issue warrants to evidence their involuntary debts and liabilities, and issue bonds to an amount not to exceed 2 per cent of assessed valuation of all property in the county to find such warrants, when such bonds shall be authorized by majority of the legal voters of the county voting on the question at any general or special election, and the county court shall each year thereafter levy a special tax to pay the interest on said bonds and retire the principal thereof at maturity.

THOMAS PRINCE IS DEAD

SUDDEN ILLNESS IN CALIFORNIA PROVES FATAL.

Body Will Be Taken to Massachusetts Birthplace for Interment in Mausoleum.

Word was received in Portland last night of the death in Santa Barbara, Cal., yesterday of Thomas Prince, wealthy retired business man of this city. Mr. Prince had gone to California for a stay of several months, as was his custom each winter, and was stricken ill suddenly.

For 25 years Mr. Prince has been a resident of Oregon, living until five years ago at Dundee, where he owned the largest walnut orchard in the state, and which is widely known as a model farm. Five years ago he built a residence at 881 Alameda Drive in Portland, where he had since resided, but has retained his Dundee property, as well as several other farms. Mr. Prince's chief business interests were in the east. He was a large stockholder and one of the founders of the Reed-Prince Manufacturing company of Worcester, Mass., manufacturers of nuts, bolts and similar articles. Mr. Prince, who was 79 years old at the time of his death, built up this enterprise to a \$1,000,000 corporation. Since coming to Oregon he

had been represented in its management by a nephew, William L. Ames. His factory has seven acres of floor space and is one of the big producers of its class. For several years Mr. Prince has been in poor health and has not been active in business here. He was interested, however, in the Oregon Home Builders and in one or two other enterprises. Two years ago, at his own request, Wintthrop Hammond was appointed his guardian. Accompanied by his son, Harold T. Prince, Mr. Prince left Portland January 11 for San Francisco, intending to motor from there to Pasadena. He was taken ill at Santa Barbara and Dr. H. Pong of Portland, who happened to be at San Jose, was called to attend him. It is understood that

HOOD RIVER DATA USED

JOHNSON TO TELL OF JAPANESE SITUATION IN OREGON.

Senator Expresses Appreciation for Anti-Asiatic League Statistics Furnished.

HOOD RIVER, Or., Feb. 3.—(Special.)—A letter just received by R. E. Scott, secretary of the Hood River Anti-Asiatic league, from James S. Stewart, state chairman of the Johnson for president club, indicates that Senator Hiram Johnson will use local statistics on Japanese and agitation that is under way against Japanese immigration in his anti-league of nations campaign now being waged in the east. Mr. Stewart writes: "Thank you on behalf of Senator Johnson for the very complete anti-Japanese data forwarded by you to this office. We are transmitting same to Senator Johnson for use in his anti-league of nations campaign now being made by him in the east. It would be a great help to him if you could explain to him why you will campaign the state of Oregon in his own behalf for a week or so about May 1 and, if possible, will have Hood River designated as one of the points at which he will speak."

In his reply to Mr. Stewart's letter, Mr. Scott stated that Senator Johnson would receive a sympathetic local because of his attitude on the Japanese question. "But," Mr. Scott wrote, "Senator Johnson's radical view of government ownership of railroads and other matters will minimize his support for the presidency in Hood River, peopled, as you know, by a rather conservative citizenship."

HOUSING TO BE STUDIED

Oregon City Committee Will Report After Investigation.

OREGON CITY, Or., Feb. 3.—(Special.)—Judge Thomas F. Ryan, O. D. Johnson and A. A. Price comprise a committee named Monday night to submit a definite plan for the solution of the housing problem in Oregon City. The committee will report at a meeting of the members of the Live Wires and of the board of governors of the commercial club next Monday night. It is proposed to organize a co-operative building association, with a capital of \$50,000 and build houses to rent and sell. There is a large demand here for small houses. The growth of the city is being retarded materially by the fact of shortage of dwellings, it has been asserted.

RUSSIANS SEEK ARREST

Captain Tells of Deliberate Plan to Obtain Deportation.

MARSHFIELD, Or., Feb. 3.—(Special.)—Captain B. W. Olson of the Smith company lumber steamer C. A. Smith relates a story indicating the trend of Russians in this country toward emigrating to their native land. Captain Olson had several Russian sailors who, talking among the other sailors, declared they were dissatisfied with life in this country and wanted to return to Russia. They had observed the anxiety of the government to rid the United States of agitators and declared that upon returning on the C. A. Smith to San Francisco they would quit the ship and start talking publicly in such a strain they would be questioned by the authorities. Three of the Russians carried out their declaration of intentions and within a few days after landing in San Francisco were arrested as dangerous aliens and are now before the courts for deportation.
