

EXTRACTION MAY BE UP TO ASSEMBLY

Special Session in Germany Is Considered.

PARTY LEADERS TO MEET

Surrender of Men Named by Allies Causes Complications—Treaty Clauses Discussed.

LONDON, Feb. 5.—(By the Associated Press.)—The foreign affairs committee of the national assembly will meet Saturday with the party leaders to decide whether to convene the assembly, says a wireless message from Berlin. This action is in connection with the complications arising out of the extradition proceedings.

Germany finds herself in a critical position similar to that when confronted with the question of peace. The treaty she signed in 1918 was not then, as now, the government tried to reject the so-called clauses of honor.

A majority of the assembly voted in favor of signing the treaty on June 23, 1919, presuming that these clauses would not become effective. Their efforts were unsuccessful and under pressure of threatened occupation of Germany they resolved to accept the treaty in its entirety.

INTERNAL DISORDER FEARED

Vorwaerts Discusses Possible Arrests of Men Listed.

BERLIN, Feb. 5.—Vorwaerts says that if the government attempts to arrest those persons demanded by the allied powers, severe internal disorders will occur. "The government," it adds, "cannot enter upon such a struggle unless backed by its own convictions and the majority of the nation. There is no question of sympathy for the accused, but the method of dealing with them is purely a German affair."
