ODS have nothing but a WEAK SUB-STITUTE TO OFFER.

HERE'S HOW WE PROVE IT.

Come here four weeks — pay not a cent in advance. If you are then satisfied that our training is the superior of any other Pacific northwest auto school, pay your tuition. If you are not satisfied that our sahool excels, we will pay you for every hour you have attended class. This is the most starting offer any auto school ever made—there is no red tape to it—we gladly will put it in writing. We are willing to depend enlirely upon your homeaty and good Judgment. Only a different, unquestionable superior school could make such an offer. If our training were just the ordinary kind, this offer would be suicidal. But we know where we stand—know that the quality of our training will win you if given a trial. We will make you an offer that you cannot afford to turn down. The details of this unusual offer and full particulars of the remarkable Adox course are found in a large, impressive book, which has just lately come from the press. Those, who have seen it pre-nounce it the most limished work with kind ever published. Tells why automobile schools are different—why Adox graduates are successful—tells you how to judge an automobile school—what counts and what is sham. It will make you a friend of the Adox school—what counts and what is sham. It will make you a friend of the Adox school the moment you start to read it. It costs us 35c but we will send it to you absolutely free for the asking. Call in person at the school, or send us your name and address and your copy will come through by return mall.
