W'ADDOO NOT LIKELY TO BE CANDIDATE

West's Support of Hoover Is Considered Indicative.

ACTIVE ROLE ASSUMED

Intention of Democrats to Try to Place Food Administrator on Ballot Is Indicated.

William Gibbs McAdoo will not be a candidate for the democratic presidential nomination, it is rumored in democratic circles, and this explains why Oswald West is turning his attention to putting Herbert Hoover on the primary ballot.

McAdoo, general passenger agent of the Oregon-Washington Lines, will leave tonight for Chicago to attend the meeting of western passenger officials called to convene there next Tuesday. The meeting is in response to the call of P. S. Eustis, chairman of the western passenger committee of the railroad administration, and is for the purpose of considering what shall be retained after the railroads go back to private control of the new practices that have been adopted by the administration. It is expected that the conference will prove of value in acquainting the passenger men with what is in the minds of their competitors of the immediate future.

Among the more important questions that will probably be considered is the view of the passenger traffic men upon the question of continuing consolidated ticket offices in the larger cities, the restoration of the solicitation practices and rendering service to the traveling public as was done prior to federal control.

CHARITIES PLAN UNION

DUPLICATION OF WORK IS TO BE ELIMINATED.

Representatives of Various Bodies Hold Meeting in Chamber to Discuss Plans.

Plans for unifying relief work of the various bodies engaged in charitable effort in Portland were formulated at a meeting held yesterday at the Chamber of Commerce at which were present representatives of the Salvation Army, Volunteers of America, Pacific Coast Rescue and Protective association, Catholic Women's league, together with county officials who have to do with this class of work. Ben Selling was chairman of the meeting and among those who participated were County Commissioner Hoyt and Judges Tazwell and Kanzer.

It was the consensus of opinion that a central clearing organization for charities should be organized that would facilitate the relief of needy persons by eliminating duplication of effort and check on the efficiency of the work done. For financing the plan a committee of three was authorized, which Chairman Selling was instructed to name and of which he is to be the chairman. Commissioner Hoyt recommended that the welfare bureau at the court house be utilized as the headquarters of the organization.

IDAHO CONVENTION SET

REPUBLICANS TO MEET APRIL 28 IN POCATELLO.

Central Committee Meets to Prepare Business Programme for State Gathering.

BOISE, Idaho, Feb. 12.—(Special.)—Delegates from Idaho to the national republican convention at Chicago, June 8, will be chosen April 28, at Coeur d'Alene. The republican nominating convention, at which presidential electors, candidates for United States senator, representatives in congress, justice of the supreme court and state officers will be nominated, will be held at Pocatello August 24.

The republican state central committee meeting today acted the places for the two conventions, and fixed the time for the first one, the time for the nominating convention being fixed by statute.

The basis of representation fixed by Secretary of State Robert O. Jones prescribed in the new constitution primary law was adopted by the convention as the basis upon which the various counties shall be entitled to be represented in the two conventions. This computation gives the republican party a total of 146 members for its conventions.

PROSECUTOR LEAVES CASE

BISBEE DEPORTATION TRIAL EXHAUSTS JURY PANELS.

Two Weeks Devoted to Examining 4130 Veniremen and Jury Is Not Chosen.

TOMBSTONE, Ariz., Feb. 12.—Illness which his physicians said might prove fatal, led County Attorney Robert N. French to announce he would engage special counsel to handle the Bisbee deportation trials while he was absent seeking medical attention. A. A. Worsley of Tucson, it was said, had been decided upon as prosecutor.

The trial of the first of the 110 deportation defendants accused of kidnaping in connection with the roundup and transporting of 1188 striking copper miners and their sympathizers from Bisbee to Columbus, N. M., is in its second week, the entire time thus far having been devoted to obtaining and examining veniremen as jurors.

Court was adjourned shortly before noon today after being in session less than two days this week when the jury panel was exhausted and a new venire of 400 names ordered drawn, making a total of 4130 names drawn thus far, with but 17 accepted subject to preemptory challenges on 12 when 24 have been obtained.

RAIL OFFICIALS GO EAST

A. D. Charlton and W. McMurray to Leave Tonight.

A. D. Charlton, assistant general passenger agent of the Northern Pacific and chairman of the North Pacific coast passenger traffic committee

of the railroad administration, and William McMurray, general passenger agent of the Oregon-Washington Lines, will leave tonight for Chicago to attend the meeting of western passenger officials called to convene there next Tuesday.

The meeting is in response to the call of P. S. Eustis, chairman of the western passenger committee of the railroad administration, and is for the purpose of considering what shall be retained after the railroads go back to private control of the new practices that have been adopted by the administration. It is expected that the conference will prove of value in acquainting the passenger men with what is in the minds of their competitors of the immediate future.

Among the more important questions that will probably be considered is the view of the passenger traffic men upon the question of continuing consolidated ticket offices in the larger cities, the restoration of the solicitation practices and rendering service to the traveling public as was done prior to federal control.

FOUR ARRESTED IN RAIDS

Liquor Law Violation Charges Placed Against Men Caught.

Four men were arrested on liquor charges yesterday afternoon as the result of raids conducted by the police.

Adam McValentine, 55, a laborer, was arrested at 6119 Powell Valley road by inspectors Drake and Abbott. He is being held at the city jail for government authorities.

In a raid made on an establishment at 156 East Nineteenth street, Giuseppe Caruso, 50, who said he was a farmer, was arrested and is being held.

Mike Krist, 37, a laborer, is being held for the government internal revenue department following his arrest yesterday afternoon at East Thirty-second street by Lieutenant Thatcher and inspectors Drake and Abbott.
