

AMBUSCADE OF REDS IS IMPORTANT POINT

State to Attempt to Prove Where Assassins Hid.

AVALON FIRING IS DENIED

Defense Contends No I. W. W. Were Stationed in Hotel, But Prosecutor Asserts There Was.

BY BEN HUR LAMPMAN.
MONTESANO, Wash., Feb. 15.—(Special.)—Midway in the presentation of its evidence and testimony against 11 I. W. W. defendants on trial in superior court for the murder of Warren O. Grimm, who fell in the Centralia Armistice day attack, the state tomorrow morning will resume with evidence in proof of its contention that shots were fired by the defendants from the Arnold rooming house and Seminary hill.

Twenty witnesses will be called tomorrow by the state to testify regarding the death of Warren O. Grimm, Centralia, who was struck while standing at the head of his platoon.

Previous witnesses have testified that Grimm and his men were marking time when the bullet found its target, and that the missile apparently came from the Avalon hotel, fired, the state contends, by Eugene Barnett.

Those summoned will give more exact testimony regarding Grimm's location in the parade line, and description of formation of the Centralia contingent when its leader staggered away, pierced by a missile of a .38-55-caliber, which rent him so terribly that death came in but a few hours.

Proof Held Conclusive.
So far as the Avalon hotel is concerned, the state has presented what it holds to be an abundance of proof that firing came from that source. It was apparently from the Avalon, according to one witness, that bullets speeding between the color bearer and the flag bore. Unshaken testimony has been given in identification of Eugene Barnett, defendant, as a rifleman stationed in the Avalon.

In its opening statement the defense utterly denied that there was firing from the Avalon or that members of the I. W. W. were stationed there. The defense denied also that shots were fired from the Arnold, though admitting that Commodore Bland and John Lamb, defendants, were armed and in ambush in an upper room. Cross-examination of the proprietor of the Arnold, state's witness, elicited the testimony that he heard no shots from the upper windows of the hotel, though he stood beneath on the sidewalk as the firing became general.

Barnett Is Identified.
Today the state will bring forward numerous witnesses, it is said, to support the contention that rifleman in the Arnold did fire upon the parade. The state declares that proof in this regard is as conclusive, if not more so, than that of the firing from the Avalon. Witnesses already have testified that they saw a rifle fired from the Avalon and that Eugene Barnett was the man who fired.

Seminary Hill, from which vantage to the eastward three rifleman are alleged to have sniped at the distant parade, also will be stormed by the state today in the presentation of testimony. The state names Loren Roberts and Bert Bland, defendants, as two of the three radicals who fired from the hill. The third, Ole Hansen, escaped fugitive, Roberts' confession admits the presence of three on the hill and the share they took in the attack. The prosecution will now bring forward other witnesses to prove the presence of the two defendants on the hill and their participation in the ambush.

Of the several witnesses who testified last week that legionaries were halted on Toxer avenue, marking time, when the firing was opened upon them, and that the service men had made no rush upon the hill before they were under fire, the state contends that the firing was shaken from this line of testimony by the strenuous cross-examination of the defense.

End of Case in Sight.
"It is entirely probable that the state will conclude its case by the end of the week," said W. H. Abel, special prosecuting attorney, in comment tonight.

J. W. Franklin, ex-service man, who is a resident of Oregon, and who participated in the armistice day parade at Centralia, Wash., when four veterans were slain, is sought by the state to testify in superior court of Grays Harbor county, Wash., where the trial of the men charged with the crime is now in progress.

Franklin is asked to communicate with C. D. Cunningham, special prosecuting attorney, Montesano, Wash. Friends who are aware of his present address are asked to forward notification without delay.

VICTIM DESCRIBES ATTACK TO POLICE

Herbert Lingerfelter, Albany, Accuses W. E. Weaver.

PRISONER DENIES GUILT

Workman Says He Regained Consciousness to Find Self on Track and Fast Train Approaching.

ALBANY, Or., Feb. 15.—(Special.)—Herbert Lingerfelter, who was assaulted in this city Friday night, regained consciousness to find himself lying on the main line Southern Pacific track and to hear the south-bound Portland-California passenger train, due here shortly before 11 o'clock, coming in the distance, was his story to officers today. He said he rolled from the track and after the train passed walked across Jefferson street when he lost consciousness again and fell on the west side of Jefferson street midway between Sixth and Seventh streets. At this point there is a large tree on each side of the sidewalk and one bar comes up to the sidewalk and another adjoins standing back from the walk a few feet. He says he was struck in the back of the head and remembers nothing until he regained consciousness temporarily and found himself lying on the railroad track about a block from the scene of the assault.

Presence on Track Puzzles.
Whether he walked to the track in an effort to reach his home, or was carried there he does not know, but he says that had he remained unconscious a few moments longer the train would have run over him, and he thinks his assailant may have carried him to the track to make it appear that he had met death accidentally in front of the train. The assault occurred a few minutes before the train was due.

Lingerfelter maintains that he recognized his assailant as W. Earl Weaver, who was arrested yesterday charged with the crime. Weaver asserted he can prove an alibi.

According to Lingerfelter's story there had been enmity towards him on Weaver's part for some time before Weaver and his wife separated. Weaver went to live at Lingerfelter's home, the two men being fellow workmen at that time in the Southern Pacific shops here. Weaver caused trouble and almost broke up his home, Lingerfelter says, and he required him to leave. Bad feeling has existed since.

Weaver Held Pending Hearing.
Lingerfelter, who is at St. Mary's hospital, is in a serious condition, but it is now expected he will recover. Weaver was unable to furnish bonds last night and is in the county jail awaiting a preliminary hearing as soon as Lingerfelter recovers sufficiently for that purpose.

DEMOCRAT IS JUBILANT

"TREATY ISSUE" VICTORY IN MISSOURI WELCOMED.

Chairman Cummings Joyfully Declares "Tide Has Turned" in Favor of Party.

WASHINGTON, Feb. 15.—Election of Captain Jacob L. Milligan, democrat and league of nations advocate, over John E. Frost, republican and league opponent, in yesterday's contest in the 3d Missouri congressional district, was hailed by Chairman Cummings of the democratic national committee in a statement tonight as disclosing "that the people are thoroughly dissatisfied with the present leadership of the republican organization."

President Wilson today received the following telegram from P. H. Moyer of Jefferson City, Mo.: "Missouri's show-me district, 3d, indicates its loyalty and its commendation of your administration by a majority for Milligan of 2500. I desire to express to you my pleasure and sincere congratulations."

Chairman Cummings in a formal statement said: "Advocates of prompt ratification of the treaty of peace have been heartened and obstructionists have been dismayed by the triumphant election to congress on Thursday in the 3d Missouri district of Captain Jacob L. Milligan, the democratic nominee. A clear cut issue over the league of nations was presented. The question was thoroughly debated in the campaign extending over several weeks. The result is unmistakable. Aside from the gratifying increment of the president's position, the election, held in a typically mid-western agricultural section, disclosed that the people are thoroughly dissatisfied with the present leadership of the republican organization and are preparing to return the full power in the nation to the party that during the last seven years has so completely demonstrated its constructive ability. It has been a hard struggle, but the tide has turned."

FRENCH FEAR SIDESTEP

Lloyd George and Nitti Watched in London Conference.

(Copyright by the New York World. Published by the New York World.)
PARIS, Feb. 15.—(Special cable.)—The announcement that German Charge d'Affaires Mayer is expected to return to Paris on Thursday further emphasizes Berlin's expectation of prolonged negotiations with reference to the war criminals.

While Germans are hoping that the London conference will further complicate matters, the French appear to be fortifying themselves in advance by stiffening public opinion to enable Premier Millerand to overcome any sidestepping by Lloyd George or Nitti, premier of Italy, of which the French are openly and frankly suspicious.

World's Greatest Invention!

New IDEAL-Arcola Radiator-Boiler

Puts IDEAL HOT WATER HEATING comfort at low cost in cottages, flats, or stores, with or without cellars

The IDEAL-Arcola takes the place of a parlor stove. But a stove wastes much of its heat up the chimney, whereas the IDEAL-Arcola is water-jacketed, and conveys its heat by hot water circulation through pipe-connected AMERICAN Radiators stationed in the adjoining rooms. Every bit of the big volume of heat developed from each pound of fuel is therefore made useful in keeping ALL the rooms uniformly, healthfully warm. There is no coal-waste. The IDEAL-Arcola does not rust out or wear out—will outlast the building—is a genuine, permanent investment!

Simple way of heating a four-room cellars cottage by IDEAL-Arcola Radiator-Boiler and three AMERICAN Radiators.

Shipped complete ready for immediate operation

The beauty of the IDEAL-Arcola method is that no cellar is needed. Everything is on one floor. The Arcola is placed in any room that has a chimney connection. No running to cellar. If there are two or more tenants in the building, each can have his own. After Weaver and his wife separated, Weaver went to live at Lingerfelter's home, the two men being fellow workmen at that time in the Southern Pacific shops here. Weaver caused trouble and almost broke up his home, Lingerfelter says, and he required him to leave. Bad feeling has existed since.

Cleanly heating—healthful heating—free from fire risks!

Unlike stoves, there are no coal-gas leaks into the living-rooms. The IDEAL-Arcola delivers the soft, radiant warmth of hot water—not the dry, burnt-out atmosphere of stove heating. There is no fire risk to burning—no danger to children—fire lasts for hours! The Arcola burns hard or soft coal, coke, gas, or wood. Brings cost of heating down to the lowest notch—and gives IDEAL comfort.

Catalog showing open views of houses, individual flats, stores, offices, etc., with the IDEAL-Arcola Boiler in position will be mailed (free). Write today

\$7000 PLEDGED TO CLUB

Salem Organization Wages Campaign for \$10,000 Fund.

SALEM, Or., Feb. 15.—(Special.)—When the soliciting teams filed their reports last night it was found that more than \$7000 of the required \$10,000 to insure the successful operation of the Salem commercial club during the year 1920 had been pledged. The remaining \$3000 needed to complete the quota, it is believed, will be forthcoming early in the present week.

The budget recently approved by the club calls for \$11,000, of which \$10,000 will be used as a working capital and \$1000 to meet the overhead expenses of the organization. The latter sum will be realized from dues, leaving the bulk of the budget at the disposal of the club in the campaign for new industries.

MRS. THOMAS' WORD TO WOMEN

Tell of the Great Good Lydia E. Pinkham's Vegetable Compound Did For Her.

Morrice, Mich.—"About a year after my second baby was born I suffered with distressing every morning so that I could hardly get around. I had heard from other women about your medicine and had read letters about it so my husband got me Lydia E. Pinkham's Vegetable Compound which I took according to directions and in a short time I was entirely relieved. I also took the Vegetable Compound before my last baby came and am thankful to say that it relieved my sufferings very much and I shall never be without it at such times. I have told others of its great worth and shall keep on telling it."—Mrs. E. THOMAS, Box 184, Morrice, Mich.

Women should not continue to suffer day in and day out and drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound. If you would like free confidential advice address Lydia E. Pinkham Medicine Co., Lynn, Mass.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.
