

# WHITE GO BAIT FOR COAST SCRAPPERS

### Winner of Schuman-Marshall Bout to Meet Charley.

## BARONE REGULAR MILLER

### New Comer From St. Paul Classed as Slam-Bang Performer on Order of Joe Gorman.

BY RICHARD R. SHARP.

A match with Charley White at the Milwaukie arena within the next two months is the promised reward to the winner of the Harry Schuman-Jimmy Marshall ten-round set-to in Milwaukie next Tuesday night. Matchmaker Frank Kendall, in signing up both boxers, gave them a clause in their contracts providing that Charley White would be brought west again to meet the winner.

Jimmy Marshall, although not as well known as Schuman, has the reputation of being a knuckle-out himself. His last bout, which was in Los Angeles, ended via the K. O. route, Marshall stopping the tough Eddie House in three rounds. Many of the leading lightweight around Oakland and San Francisco have heard the name of the boxer and are looking for a lusty wallop propelled by Marshall. Marshall's real name is Marshall Viera, and he has two brothers who are scrappers of no small note in California, both boxing under the name of Viera.

Schuman is training in Tacoma and is expected to arrive here tomorrow, accompanied by Eddie Marino, to complete his conditioning. Marino is also managing Marty Foley, the hard-hitting Tacoma welterweight, who is down to meet Scotty Williams, the colored boxer from Chicago.

The boxing ring may look for another Joe Gorman when Tommy Barone of St. Paul swings into action against Earl Baird in the other ten-round main event. Barone is built along the same lines as Kewpie Joe and is also a slam-bang performer, if his work-out are any criterion. Baird and Gorman put up a smashing fight around here some time ago and a repetition of this between Baird and Barone certainly would be welcomed.

Al Sommers will box a light-heavyweight named Jack McClelland in San Francisco tonight at Dreamland rink. Jimmy Dundee and Young Brown will clash in the semi-windup.

If Jack Dempsey gets the newspaper decision over the army, navy and civilian board of boxing control, it is probable his next opponent will be George Carpenter.

Bob Martin got \$5 for his first bout. But the money was not the name of a doughboy. And that was some time ago, when five bucks was a lot of dough.

Johnny Kilbane will have to wait until February 25 before he will be able to bank the guaranteed money he is to get for his match with Benny Valger at Newark, N. J. Valger is down with the flu, and Joe Jacobs decided to postpone the set-to from February 18.

Corporal Jack Blumenfeld, a welterweight, is the latest pugilist to arrive from England. He admits he is not a British champion.

They say that Benny Leonard was a thoroughly disgusted youngster last Monday night at Newark when he did his level best to knock Johnny Dundee. Benny had the Scotch Wop hanging on and groggy several times, but the coup de grace failed to arrive. Eight rounds in total, but Dundee was the undoing of Dundee. Over a longer stretch of road Leonard might have turned the trick. However, Dundee deserves great credit for "sticking," and it will mean another contest between this pair, even though Benny Leonard annexed every round but one of the eight to stave off a contender. Billy Gibson lost quite a bundle of the root of all evil when his protegee failed to register the kayo. It is a tough job to stave off a contender who is so gung and has a proficient knowledge of the game.

## NELSON INHERITS \$225,000

Money Left by "Bat's" Father Said to Be Boxer's Earnings.

CHICAGO, Feb. 19.—"Bat" Nelson, former lightweight champion, was named chief beneficiary of the \$225,000 estate of his father, whose will today was filed for probate.

The will leaves \$225,000 of the estate to "Bat" and distributes the residue equally among his five brothers and his sister, Mrs. Ida Maple of Iowa.

It is said that most of the estate of Matthew Nelson was the prize money he collected in the ring and was given by the fighter to his father to care for.

Expert Will Attempt to Get Data on Spawning Habits.

Two hundred thousand sockeye salmon, the eggs for which came from Fogneck, Alaska, will be marked before they are released this season from Herman creek, for the purpose of assisting Dr. C. H. Gilbert of Stanford university in determining what per cent will return to this region for spawning.

The professor conducted a similar experiment in 1916 and it was found that over 5 per cent had come back to the Columbia.

# UNITED STATES TO HAVE NO SNAP IN COMING OLYMPICS

### Great Britain Comes Forward With Big Fund to Train Athletes. English Distance Runners Loom as Strong Competition.

BY ROSCOE FAWCETT.

WHEN the next world's Olympics are held at Antwerp next summer the United States will not have any walkaway even in track and field. Great Britain has set aside a fund of \$150,000 to defray the traveling and training expenses of the British athletes and those in charge are turning every trick in an effort to unearth a flock of athletes de luxe.

Nearly everybody interested in track sports imagined Uncle Sam's real strength would be either Scandinavia or Australia. But the performances of some of the English athletes have disillusioned the short-sighted ones. Great Britain will have fast men in the sprints and middle distances, and Oxford and Cambridge are turning out a great deal of healthy high and broad jumpers. English long-distance men always have been very fair.

At a recent cross-country run a possible Olympic star was discovered in the person of R. A. Montague, Magdalen, Oxford. He won a grueling eight-mile grind from the best field that collegiate Britain could muster. He lost a lot of time assisting others on his team to win but even so he finished close to record time. Those who saw him are certain that his great stamina and extra tactics will make him a contender in the distances at Antwerp.

It is unfortunate that some scheme cannot be devised in this country for financing the trips of the Olympic athletes not only to the try-outs but also to the port of embarkation and from the debarkation point home-ward. This expense now is borne by individual clubs and some of them have not the finances to spend sending athletes to the try-outs. As a result many sterling track stars never even get to the Olympic try-outs.

Montague, England, has appropriated the snug little sum of \$150,000.

This is a lean year, but the boys are going to find it difficult leaping off the waterworks.

"Fifteen-episode" serial, starring Jack Dempsey, champion heavyweight pugilist of the world. Scenario by Jack Cunningham, directed by W. S. Van Dyke, supervised by Robert Brunton, distributed by Pathe, advertised by the American Legion and to be witnessed by all the fish.

These last two digressions are my own, but the rest is the ballyhoo announcement of the new Jack Dempsey serial, "Daredevil Jack," that has just been released for public consumption. Everybody has been giving Dempsey a little advertising, so why not insert a little boost among the knocks myself?

The story in skeleton form is a potpourri of rough-house scraps mixed with a stirring love affair. Glory, foster daughter of Leonard Billings, a crooked mining promoter, is held up while driving. Jack Derry (Dempsey), a college athlete, happens along and bowls the three yeggs over like ninepins. Glory thinks the men before her bracelet. Glory tells Billings that her father, Nevins, is a miner on his last prospecting trip, discovered a subterranean basin of pure oil, perhaps olive oil or has oil—what you know. He was taken ill with a fever soon afterward, and Glory, then a child, was cared for by an Indian woman. Feeling that death was near.

Beckett, at Firlock station. It is required that the riders pass all of the flags on the right hand side, that is, with their left shoulders toward the flags. The distance for the entire course is approximately four miles. While the start and finish of the race and a great deal of distance can be seen from the clubhouse, the real advantage point for seeing this particular race is going to be from the side hill near the James Nicol home.

Among those competing this year will be Harry M. Kerron, on Vagabond; Claude D. Starr, secretary of the Portland Hunt club, on Spider; W. U. Sanderson, president of the Portland Hunt club, on Flying Fox; Fred Martin, on Sammy Colt; Douglas Nicol, on Furlock; and Lieutenant Reilly, who won both the Thanksgiving and New Year's day paper chases, will pilot Edgewood Girl. Eugene Oppenheimer will ride Chitra and Walter Geacuz will be mounted on Majestic.

The above mentioned men and their mounts, together with A. M. Cronin, C. V. Bourman, Charles Leach, George Stanley, James Nicol, Howard Charlton and some half dozen other riders will all be competitors.

St. Paul Skater Winner.

LAKE PLACID, N. Y., Feb. 19.—Everett McGown of St. Paul won the one-mile senior race, principal event in the opening day's programme of the international amateur speed skating championship here Wednesday. His time was 3:02.3-5.

## POINT RACE SATURDAY

### INTEREST KEEN IN HUNT CLUB EVENT ON SATURDAY.

Course Is Selected and Entry List Composed of Prominent Riders and Noted Horses.

Members of the Portland Hunt club and their friends are keenly interested in the point-to-point race which is to be held tomorrow afternoon, starting from the Portland Hunt club at Garden Home at 3 o'clock.

The Washington's birthday paper chase held annually by the Portland Hunt club is always one of the three most important cross country races of the year. Two similar races being held on Thanksgiving day and New Year's day. This year, instead of the paper chase, it has been decided to hold a point-to-point race.

The course for the race has been selected by Natt McDougall, with the starting and finishing flag near the clubhouse, the second flag being placed in the inside of the club's race track, the third flag in the pasture of Christ Gertsch, the fourth flag near the home of James Nicol, adjacent to the Portland Golf club, the fifth flag near the home of James

In a poor exhibition of basketball the Lincoln high school quietest won from the Hill military cademy five yesterday on the Y. M. C. A. floor by a score of 33 to 7. The game was rough and personal fouls were called freely by Referee Smith.

After the first few minutes of play there was no doubt as to the outcome of the game, as the Rallspitters proved to be superior in passing, basket shooting and team work. The first half ended 13 to 3, with the cardinal five on the long end of the score.

If the Cadets had used some of the fight which they displayed in the first half, they might have had an even chance of winning the contest, but when Irve Day, their hunky guard, drew four personal fouls and was sent out of the game by Referee Smith the team was considerably weakened. Dave Wright, Lincoln forward, also drew the maximum number of personal fouls and was given a chance to cool off on the sidelines. Wright was not sent out of the game until he had marked up 12 points for the Rallspitters, which gave him the high point honors for the game.

Several substitutes were used by both teams. The Cadets were handicapped by the loss of Tom Pollard and Homer Heyden from the lineup. Dick Ball and Robinson showed up to good advantage for the losers while Goodrich and Day put up a good guarding game. Roth, who is a new man on the Hill team, got in the game during the last few minutes of play and annexed one field basket.

Coach Kenneth Irl of the Lincoln team tried out several substitutes during the game. Beck, Wright and Cole were responsible for most of the Rallspitters' points.

The game scheduled between the league-leading Benson five and the Franklin quintet for this afternoon on the Y. M. C. A. floor has been postponed indefinitely, due to the fact that the Benson players are nursing sore arms as a result of being vaccinated.

The Cooties, formerly the First National Bank basketball team, defeated the Beaverton Electric Wednesday night by the score of 26 to 20. Brest starred for Beaverton while Ginn and Coates showed up well for the Cooties.

## "ROWDY" ELLIOTT TO MARRY

Ex-Oakland Catcher Gets Permit to Marry Jack Kearns' Sister.

OAKLAND, Cal., Feb. 19.—Harold "Rowdy" Elliott, last season of the Oakland baseball club, who goes as catcher to the Brooklyn Nationals this spring, and Miss Helena Kearns, niece of Jack Kearns, Jack Dempsey's manager, secured a marriage license today.

The ceremony will take place next Monday.

## GAME LAWS ARE VIOLATED

Arrests Made at Eugene Include Lumber Mill Operators.

EUGENE, Or., Feb. 19.—(Special.)—Several alleged violators of the state game laws were arrested in Lane county last week. Yesterday S. W. Porter, a rancher of Walton, was arrested for having been present at a session out of season, the arresting game warden stating that he found

the meet in Porter's residence. The accused says he will be here Saturday to plead guilty.

A complaint has been filed against the Harvey Lumber company, operating along the Coos Bay branch of the Southern Pacific. It is charged with dumping sawdust into trout streams. H. E. Leber of the Leber Lumber company paid a fine of \$25 for the same offense and T. T. Chave, a Mohawk lumberman, has pleaded guilty to that charge.

## OLYMPIC SCHEDULE OUT

### FIRST OFFICIAL PROGRAMME REACHES NEW YORK.

## AMERICAN COMMITTEE TO START PLANS

### at Once to Transport Big Athletic Delegation.

NEW YORK, Feb. 19.—The first official programme of the Olympic games to be held in Belgium during the coming summer reached the American Olympic committee yesterday. The data included the programme, special booklets on swimming and other sports, as well as a lengthy answer to a questionnaire forwarded to the Belgian committee some weeks ago.

With this information in hand, the American committee expects to be able to complete its plan for the formation, entry and transportation of the United States team, which will be the largest that ever sailed from these shores for foreign competition. The programme was immediately placed in the hands of translators and President Gustavus T. Kirby will call a meeting of the committee to hear a reading of the complete data and conditions governing the great international sport competition as soon as the translation is completed.

The committee also immediately also disclose much information which the American committee has been awaiting.

The track will be approximately 440 yards in circumference and will not be equipped with the usual 220-yard straightaway. In several events, such as the rowing races, which will be over a 1 1/2-mile course, only one entry a nation will be accepted. In a majority of the complete data requests the limit of entries will be six men or women, with but four of the entrants allowed to start.

The hockey games will be played under English rules and the boxing conducted under the regulations of the international boxing federation. The tennis match will be played on composition courts, the foundation being composed of brick dust and clay.

The dates of the leading branches of competition, with the number of events therein, number of entries, as well as starters permitted and the closing dates of such entries, follow:

| Class and date                   | Start | Ents. | Starter | Close |

## COLLEGE NET MEET URGED

Claude Hunt Would Have Tourney at Seattle May 15.

SEATTLE, Wash., Feb. 19.—Recommendations that a Pacific Coast conference tennis meet be held at the University of Washington here May 15 have been made to the university's faculty committee on athletics by Claude J. Hunt, director of athletics. Universities and colleges of the conference would be asked to send their tennis stars to the tournament.

Tennis teams from the northern and southern members of the conference would be brought together at the meet, if it is held, for the first time, it was said.

NEW YORK, Feb. 19.—America will not send a polo team to the Olympic games. An invitation to co-operate in the polo tourney to be held at Ostend instead of Antwerp was received by the American Polo association from the Belgian polo committee but the executive committee decided to decline.

## OLYMPIC DATES IMPOSSIBLE FOR U. S. PLAYERS.

Matches in England Already Set Conflict With Dates Fixed for Antwerp Competition.

NEW YORK, Feb. 19.—American participation in the Olympic games tennis tournament depends upon the willingness of the Belgian international meet authorities to change the dates of the contests. This decision was reached here today by officers of the United States Lawn Tennis association and members of the American Olympic committee. According to the official programme, the Olympic tennis is set for August 15 to 23.

Later the Belgians were notified by cable that an American team could not take part unless the tournament was played early in July. It was explained that an American team and possibly an Australian team would compete in the English tennis championship at Wimbledon, June 20 to 26, and that these as well as an English combination might enter the Antwerp tournament, if the date was advanced to July 5.

It was further explained that the American championship, at which it is hoped English and Australian teams will compete, begins at about the time set for the Olympic tennis.
