

FURTHER CHANGES LOOM IN CABINET

Secretary of Labor Reported Ready to Quit.

CAMINETTI IS ALSO THORN

Capital Opinion Asserts Members of Official Family Keenly Feel Servile Position.

ORIGONIAN NEWS BUREAU, Washington, Feb. 19.—(Special).—The atmosphere is thick with rumors that several cabinet resignations are to follow that of Robert Lansing and should a complete disintegration of the president's official family set in, little surprise would be occasioned.

William B. Wilson, secretary of labor, is expected to be the next to go, and Newton D. Baker, secretary of war, may be close on his heels. Secretary Wilson is the only cabinet member who is free of having given offense to the president in connection with the holding of the informal cabinet meetings which enraged the sick man of the White House.

Labor Secretary Piqued. Secretary Wilson had an industrial conference on his hands all of the time that the cabinet meetings were going on, therefore only attended one or two sessions. The labor secretary's principal reason for wishing to quit, however, is understood to be a feud which has sprung up between him and Attorney-General Palmer. The labor chief, it is said, feels piqued over the manner in which the coal strike was handled by Palmer, who, he feels, usurped the authority of the labor department in handling that controversy. So, after all, his complaint against Palmer is much the same as that of the president against Lansing.

This alleged usurpation goes much further, in his opinion, than the strike. He is understood to feel that in the deportation of radicals the duties of his office have practically been taken over by Attorney-General Palmer and that Commissioner-General Caminetti, of the bureau of immigration, though his subordinate has ignored him in the handling of the "reds," taking orders instead from the attorney-general.

Caminetti for America

Commissioner-General Caminetti, though considerably aged and broken in health since he came to Washington from California to take the post at the head of the immigration bureau, which is subordinate to the secretary of labor, is set in his ways. One idea which he has long cherished in his mind is that America should be reserved for Americans and that those who advocate the overthrow of the government promptly should be thrown out.

In the maintenance of this principle he is known to have made it difficult for certain aliens whom he regarded as objectionable to get into this country. Under Secretary Wilson, his chief, had directed their admission. Several such aliens have been detained at Ellis Island. It is reported, for three or four months after Secretary Wilson approved their admission, and inequity disclosed that the secretary had been held up by the commissioner-general of immigration.

Hill Cases Dispute

Caminetti is even declared to have overruled his chief in demanding \$2500 bail for the release of certain aliens detained at Ellis Island after Secretary Wilson had fixed their bail at \$1000 each. Secretary Wilson has declined to discuss the rumors of his intended resignation, there are strong reasons to believe that his retirement will be soon.

It is not believed that Secretary Baker's grievance is other than that he feels there is just as good a reason why he should quit as that Lansing should have gone. He was on the inside of the objectionable cabinet meetings and participated as actively as Mr. Lansing.

Letter Discloses Attitude

The action of the president with reference to Lansing and the accompanying letters, discloses the servile position which a cabinet member occupies under this administration. The president makes it too emphatic in his letter to Mr. Lansing that cabinet members of such doubtful tenacity that there is said to be a feeling among all of them that what really ails this administration is not "cerebral thrombosis" but appendicitis.

SUFFRAGE TEST IS URGED

Suggestion Made That Women Enter New York Senatorial Field.

WASHINGTON, Feb. 19.—Suggestion that Mrs. Carrie Chapman Catt, president of the new league of women voters, or Miss Mary Garrett Hay, enter the United States senatorial field in New York state was contained in a letter addressed to Mrs. Catt yesterday by Miss Mary G. Kilbreth, president of the National Association Opposed to Woman Suffrage. Miss Kilbreth asserted that such a race would make a fair test of the anti-suffrage argument that women prefer to be represented in politics by men rather than by women.

CHURCH TO BE RESTORED

Damage Done by "Big Bertha" Shell Will Be Repaired.

PARIS, Feb. 19.—Work of restoring the church of St. Gervais, which was struck by a "Big Bertha" shell on Good Friday, 1918, killing 54 persons, will commence March 1. It is expected restoration of the church will be finished by October in time to celebrate the 50th anniversary of the consecration of the edifice in 1420.

Five Much More Serious Factors Cited by Assistant U. S. Attorney Addressing Dry Goods Men.

HIGH COSTS MADE CLEAR

NEW YORK, Feb. 19.—Profiteering is the last and least of six reasons for the high cost of living given by Howard E. Figg, assistant United States attorney general, at the ninth annual convention of the National Dry Goods association. He asserted, however, that some of the dry goods dealers were guilty of profiteering and should be punished, while he believed all were guilty of having profiteered, perhaps unwittingly, at some time or other.

"The first reason for present conditions," he said, "is the increased volume of money and credit; and second, the wide increase of wages, due partly to war necessities and government wage scales; third, lessened world production; fourth, increased cost of distribution; fifth, reckless extravagance and a spirit of speculation; and sixth, profiteering." Mr. Figg predicted that there would be no appreciable price reduction until labor "considers itself a part of the whole of industry and consents to co-operate."

"I do not mean," he explained, "that labor must give up its short work days and its high wages, but labor must work a full 99 minutes in each hour."

Labor cannot see the position into which it is putting the entire industry of the world, Mr. Figg said, and in prices could come until all interests—labor, public, the manufacturer, producer, wholesaler and distributor—co-ordinate.

RETAIL LUMBERMEN MEET

EX-MAYOR OF SPOKANE RAPS REDS IN ADDRESS

Seventeenth Annual Convention of Western Dealers Opens in Boise, Idaho.

BOISE, Idaho, Feb. 19.—(Special).—It was evident shortly after President Cannon brought down the gavel to open the 17th annual conference of the Western Retail Lumbermen's association today that it was to be a sure-enough live-wire convention. Ex-Mayor William J. Hindley of Spokane, ex-principal addresser of the opening session, "And Then—What?" was his topic, and he answered the question as emphatically as he asked it. "I am opposed to bolshevism, the soviets and the I. W. W.," he said, after drawing an extended contrast between the high-living standards of American workmen and those of foreign countries.

TAXES ORDERED PAID

Court Directs Telephone Company to Spend \$63,000.

BOISE, Idaho, Feb. 19.—(Special).—On motion of Dean Driscoll, first justice of the peace, an order was issued yesterday by Judge Dietrich of the United States district court directing the Mountain States Telephone & Telegraph Company to pay approximately \$63,000 of its 1919 taxes in seven counties, pending the outcome of suits instituted by the respective counties for collecting the taxes assessed against the company.

SUGAR PLANTINGS BURNED

"Work or Get Out" Order Effective on Hawaiian Plantations.

HONOLULU, Feb. 19.—(By the Associated Press).—Further incendiary fires on the sugar plantations of the island of Kauai have occurred, according to advices received yesterday. Following the refusal of Acting Governor Iaukea to send troops to patrol a plantation, where 90 acres of cane were burned Saturday and Sunday, an alleged incendiary fire, which swept 20 acres, occurred on the Robertson plantation, today's reports said. All white hands on the plantation have been armed and are acting as guards. No disorders among the plantation workers on the island of Oahu, where the planters "work or get out" order went into effect today, were reported in early advices. Most of the striking laborers already had moved from the plantation houses, it was said, and the others left quietly today.

COMMANDERS UP FOR PROMOTION

VALLEJO, Cal., Feb. 19.—Orders for four commanders, three stationed in the San Francisco bay district and one at Bremerton, to take the examination for promotion to vice admirals were received at Mare Island navy yard yesterday. The officers included John S. Graham, commandant at Bremerton navy-yard.

WOLVES INVADE DULUTH

DULUTH, Minn., Feb. 19.—For a week a wolf pack has invaded nightly the western end of Duluth and not until last night did trappers and scores of people "lying out" for the pack succeed in killing one, wounding another and trapping a third of the pack of 12.
