Short Spring Coats

Take as Much as Ten Years Off Any Age

Watch what happens in the Fashion Salons.

See that customer wearing a long, loose, dark coat. She asks to see a spring model. She is shown a short tan polo cloth. That is too young, she protests. But she tries it on. Like Pilgrim when his pack fell off, one can actually see the years slipping away from her. These short coats are so smart and young and gay that every woman or miss owes it to herself to investigate them.

Covert cloth, rainbow tweed, polo cloth, camelshair, wool jersey. Leather trimmings, as shown in the sketch, or leather pipings. Some have angora collars and cuffs.

Narrowly belted with cloth or leather. Some of the very new box coats have just arrived also.

Rest of the suits are from our own regular stocks of Society Brand, Adler-Rochester and other fine garments. All are quite exceptional at \$48.50.
