

BUILDING ORDINANCE FIRED IN COUNCIL

Hearing Ends in Passage to Third Reading.

TILT ENLIVEN SESSION

Mayor Baker and Coe McKenna Clash as Latter Agrees Against Proposed Law.

Benefits and evils of zoning were brought to view in a hearing before the city council yesterday which culminated with the passage of the proposed building ordinance to third reading.

Passage of the ordinance by the council will result in the invocation of the referendum, bringing the proposed ordinance before the voters at the next city election.

Mayor Baker and Coe McKenna clashed as latter agreed against the proposed law.

ALTERATION OF THE MAYOR AND ATTORNEY SINNOTT.

"Do you wish to take part in this deliberation?" sought Mayor Baker.

"That's my business," replied Mr. Sinnot.

"It's my business to put you out of the room if you don't behave yourself," shot the mayor.

The proposed zoning act has elements of socialism and single tax in it.

Mr. McKenna, who contended that the ordinance was for the protection of wealthy residential districts.

Alteration of the zoning act, Mr. McKenna cited one specific instance.

where property owned by a member of his family at Twentieth and Everett streets has been designated as a single family dwelling property.

Mr. McKenna argued, would necessitate a complete reclassification of tax values.

KEELEY TRIES AT ASTORIA SAYS HEALING IS PERFECT AGAIN

FIFTH ATTEMPT TO GET DIVORCE IS STARTED.

Desertion Is Charged in Suit. Knowledge of Whereabouts of Wife Is Denied.

ASTORIA, Or., Feb. 24.—(Special.)—On the grounds of desertion, Lee Roy E. Keeley of Portland, through his attorney, Will. M. Bard, filed a suit for divorce in the local circuit court on February 16 against Evelyn Keeley.

The complaint, while extremely short for a divorce proceeding, recites that the plaintiff and defendant were married in New York city on February 15, 1916; that on or about November 15, 1918, at Los Angeles, Cal., the defendant, without any just cause, deserted the plaintiff without provocation and has since refused to live with him or answer his letters.

The plaintiff in an affidavit filed with the complaint, avers he has no personal knowledge of the present whereabouts of the defendant, but believes she still lives in or near Glendale or Los Angeles and adds: "When I served papers on her she refused to see me and she has since refused to answer my letters."

SAME PLEA DENIED HERE. Action at Astoria Fifth Attempt to Get Divorce in Courts.

The allegations of this new complaint virtually are identical with those on which Keeley sought a divorce in Multnomah county courts, and his attorney, Will. M. Bard, is said to have filed a copy of the new complaint with Judge McCourt two weeks ago.

Keely's suit is the fifth attempt of Keeley to obtain a divorce from Evelyn Keeley, once on a cross-complaint, the other times in suits he brought in Multnomah county courts, and his attorney, Will. M. Bard, is said to have filed a copy of the new complaint with Judge McCourt two weeks ago.

Keely received a severe arraignment from Judge McCourt, who accused him of apparent bad faith in the action and of coming to Oregon for the purpose of evading the refusal of the Oregon courts to grant him freedom. The jurist held that Keeley had absolutely no legal basis for his suit, as the issues had already been adjudicated in California.

Granting of the divorce in Oregon was contested vigorously by District Attorney Eugene Skinner, who has been adjudicated in California.

Keely has received much local notoriety through the airing of his suit, but the divorce has not been granted, and he is said to be in the hands of the law.

"I Owe It All to Tanlac" States Seattle Man Eats Anything Now

"I will always be glad to say a good word for Tanlac, for after everything else I tried had failed, it relieved me entirely of all my troubles," said R. D. McSorley, 1615 Thirteenth Street, Seattle, Wash., an employee of the Skinner & Eddy Shipyard weekly.

"For a number of years," continued Mr. McSorley, "I had been suffering from stomach trouble and also with rheumatism in my legs. I kept getting worse until I was in a badly run down condition and hardly able to do my work. Although I had a poor appetite and ate very little, nothing I ate digested properly and would sour, causing a bad taste in my mouth, and I would blow up so bad with gas I could hardly get my breath. I also had such intense cramping pains in the pit of my stomach after every meal, that I could hardly stand them and suffered with terrible attacks of heartburn. My kidneys bothered me a great deal, there was always a pain across the small of my back and the rheumatism in my legs pained me all the time. At night I could not sleep on account of the pain of trouble after-wards. The rheumatism has left my legs entirely, my kidneys are in fine shape and I never have a pain in my back any more. I sleep peacefully every night and always get up feeling greatly refreshed and ready for my day's work. I have gained several pounds in weight. I have regained my strength. In fact, I am in perfect health and as I owe it all to Tanlac, I never miss an opportunity to praise it. Tanlac sold in Portland by The Owl Drug Co.—Adv.

Be Young in Body, Mind and Looks Despite Your Years

How often you have wished that you could indulge in the strenuous exercise of out door sports with the vigor and enthusiasm of youth!

But the end of the week finds you all in—you are tired, listless and lack the energy to get out for a vigorous walk or a round of the links—or any other exercise that requires much physical exertion.

Many a man, even in his middle forties, has a vague feeling that he is "getting old"—and right at this time when he should be at his very best physically.

And he grows old, not in the sense that the years are pressing heavily upon him—but in the sense that his vital forces are wasting away faster than Nature replaces the worn-out tissues.

Thousands—yes millions—of people find themselves in this condition early in life. And there is no excuse for it. You can check your tendency to grow old. You can carry your youth with its joys and its enthusiasm into your 70's and 80's. But you must give Nature all the help you can. The best assistance you can find—assistance of a sound, constructive character is in the use of
