'HOME GOODS WEEK'

Associated Industries to Conduct Programme.

Foreign Trade Boosted. Western Foundry Company to Make Lath Machine of Superior Merits, Beginning Soon.

'Home Products week' will be observed in Corvallis during the week of March 27, and the programme will be different in many respects from an event of the kind in Oregon during the fall and winter.

There will be several competitions for prizes during the week under the auspices of the Associated Industries. The merchants will be asked to make displays of Oregon products in their stores.

Essay contests will also be held by the Associated Industries in groups, as follows: Students of the Oregon Agricultural college, high school students and grade school pupils.

The future of Oregon industries lies largely in the development of foreign markets and that direct trading relations between the producers here and the foreign consumers must be developed.

Events as developed by the war have actually opened the door to foreign trade.

The Pacific coast, farthest away from Europe of all American sections, must keep its proper share of the business it needs to develop.

Crucible Steel. Pacific Brass & Steel Foundry. The Western Foundry company, 628 Front street, will start at once upon the manufacture of Pacific brand lath machines.

VETERANS HONOR FLAG

FURTHER SERVICE IN PEACE URGED BY SPEAKERS.

Honor was paid the American flag at dedication services held yesterday afternoon in the Lincoln high school auditorium by the Top Post No. 81, Veterans of Foreign Wars.

Throughout the speaking, appeals were made that the struggle of the men who went overseas not cease at home when it is needed to guard against radical foreign sentiment.

Those who located the trail yesterday were the officers of the trail yesterday, including: Capt. W. W. Eren, and Carl Sakrison.
