Critics of the president point to this claim as a shining example of what they describe as the president's specious reasoning. They point out that while it is certain and evident that while it is certain and evident that no provisions of the league could be carried out which require the sanction of congress without that sanction, yet the moral obligation would be there for congress so to act. All treaties, they point out, are contracts, made by the present, and binding upon the future. UNIVERSITY OF OREGON, Eugene, March 8.— (Special.) — Championship honors in two debating leagues, the northwest international and the Pacific coast triangular conferences, have come to the University of Oregon as a result of double victories wen on the platform within the last few days. In the international league the Oregon debaters triumphed over the speakers from idaho and British Columbia, and in the Pacific coast league the loser's were Stanford and Washington.

Oregon's affirmative team, which won from British Columbia, comprises George Black and Wilbur Carl, both of Portland, and the negative was composed of Remey Cox of Portland and Ernest Crockatt of Spokane. Wash. Oregon's affirmative in the Pacific coast league was made up of Ralph Hoeber of Portland and Don Davis of Nyssa. The negative team in that league, which won at Palo Alto Friday night, was made up of Paul Patterson and Kenneth Armstrong, both of Portland.

The debates in these two leagues were on the general subject of the relations of labor and capital. The question in the northwest international league was phrased, "Resolved.
