Out of this terrible muddle and struggle for stable government Mr. Jellinek believes order will eventual-ly appear. "Now it may seem a long way off," he said, "but it will come time. The theory of suicide is maintained by Mr. Murphy's friends and associates. He had received a visit from his son, whom he had asked to come to Seattle from Chicago where he is employed. Harry Murphy arrived Thursday and stayed with his father until Saturday when he started back to Chicago. Efforts to reach him by telegraph were made this morning to tell him of his father's death. According to Walter B.
