LEMBER CONTRACT IN COURT.—Suit was filed by the Burton Lumber company of Salt Lake against the Adams Bros. mill at Elgin, Or., in the United States district court yesterday. The plaintiff company says it contracted to sell the output of the Elgin mill and booked orders in many states. The plaintiff asks that Grover A. Rebenish, an employee, learned of the selling plans and later became a partner with Leonard and William Adams, and on March 2, 1919, the Elgin company filed articles of incorporation which might make impossible fulfillment of the contract. March 23 has been set as the date for the defendants to show cause why the contract should not be carried out.

OSTEOPATH WILL DEMONSTRATE.—An after-noon and evening clinic will be held today by the Portland Osteopathic society in the assembly hall of the Morgan building. The clinic will be conducted by Dr. J. Gaddis of Oakland, editor of the Western Osteopathic association. This organization, covering eight western states, has established a graduate clinic circuit and Dr. Gaddis will tour these states holding clinics in cities as far north as Portland and east to Denver. COMBINATION LOCK KNOCKED OFF.—Safe robbers some time Sunday night or yesterday morning broke open a safe at the Imperial laundry, 355 Russell street, and stole cash and checks amounting to about \$500. The combination lock of the safe was knocked off with a heavy hammer. Entrance to the laundry office was gained through a broken window.

WIDOW AKA'S \$1000 DAMAGES.—Brigida Sepe filed suit against L. R. At the time of his death he was working on the Portland Railway, Light & Power company tracks at Williams avenue and Broadway.

CHINESE LOTTERY UNLUCKY.—Their desire to make big winnings through the Chinese lottery yesterday caused the arrest of two men who were found enough in police court to pay for a score of lottery tickets in Chinatown. The men are: C. P. Hamba, who was fined \$10, and John Ashwell, who was assessed a fine of \$5.

MRS. CLYDE BAKER RECOVERING.—Mrs. Clyde Baker, who attempted to end her life by poison route Sunday, is believed to be recovering. It was said at St. Vincent's hospital yesterday. WAGE SCALE IS DEBATED

CONTRACTORS AND UNIONS PLAN NEW AGREEMENT.

Minor Changes Probable When Contract is Renewed, Although Scale Probably Will Stand.

Although the present agreement still has more than a month and a half to run, the building contractors of the city and the members of the building trades unions are evincing keen interest in the matter of an agreement between the employers and the workers for the coming year. Several meetings have been held by the contractors to consider the matter informally, while the workers are also studying the problem with a view of agreeing upon the future scale.

On May 27, 1919, the Building Contractors' association and the building trades council entered into an agreement under which they have been working and will continue to work until May 1 this year. The wage scale given \$6 a day to the common laborer and \$8 and \$9 a day to the skilled worker. Rumor that the contractors were to go on an "open shop" basis on May 1, when the present contract expires, was denied yesterday and the expectation was expressed that the present contract would be continued.

"Prospects are that the agreement now in effect will be adopted for another year and possibly for the next two years," said O. G. Hughson, manager of the Builders' Exchange. "The agreement, including the present scale, may be continued with a few minor changes."

JEFFERSON DRIVE ENDS STUDENTS OF SCHOOL.

\$1377.04 IS RAISED BY 1600 ARMEANIAN RELIEF CAMPAIGN RESULTS IN SPIRITED COMPETITION FOR PRIZES OFFERED FOR RECORD.

Jefferson high school completed its drive for the Armenian relief campaign by giving \$1377.40 from 1600 students, according to reports which were compiled yesterday.

The money was raised by various organizations and school rooms. The domestic science department offered a cake for the room donating the largest amount per capita. It was won by room 25, which had an average contribution of \$1.03, although room 67, which won honorable mention, was only \$0.81.

Winners of a poster offered by the art department for the most original plan of raising money went to room 35, which had the largest number of Armenian fund with each student an authorized salesman and conducted a stock exchange. Honorable mention was given to rooms 4 and 48.

The largest amount raised by any one room in the Jefferson school towards the Armenian drive was by room 35, which has to its credit \$125.68. The Zetas, a group of Jefferson girls, put on a playlet, "When Love Is Young," which netted over \$100, each ticket selling for 10 cents.

GIRL TO CHOOSE HOME.

JUDGE ALLOWS CHILD TO SELECT PARENT.

Divorce of Mr. and Mrs. A. Bracht Does Not Include Specific Custody of Daughter.

YANCOUVER, Wash., March 15.—(Special)—Marie V. Bracht, minor daughter of Mr. and Mrs. A. Bracht, who have just been divorced, will have to choose which parent she will live with now that the couple is divorced.

Mr. Bracht was plaintiff in the case and charged his wife with cruel and inhuman treatment. Mrs. Bracht did not contest the case and the decree was allowed to the plaintiff.

The girl cannot be taken out of Oregon or Washington until she is 18 years of age, a written permit from the court.

Judge R. H. Back, who heard the case, would not take the responsibility of awarding the daughter, so will permit her to make her own choice with whom she will live.

DE ANGELIS KNOWN HERE.

Koko at Heilig This Week Making His First Visit in Dozen Years.

Jefferson De Angelis who plays Koko in "The Mikado," which will open tomorrow night at the Heilig, has not been in Portland in a dozen years. His last appearance here was in "The Royal Road," of which he was principal comedian. He has played entirely in the east since then and was especially engaged for the revivals of "The Gilbert and Sullivan operas, and has a role in each of the four operas to be given here.

Tomorrow night the season will open with "The Mikado," which will be repeated on Friday night. On Thursday night the offering is "The Chimes of Normandy." At the matinee on Saturday "H. M. S. Pinafore" will be the offering and the engagement will close on Saturday night with "The Gondoliers."

DIRECTORS ARE PREPARING.

Activity Evident in Training for World Church Movement.

Nearly all of the Oregon county directors for the simultaneous financial

campaign of the Interchurch World Movement have signified their intention of being present at the campaign training conference to be held in Portland Wednesday, March 17. There is an interchurch director in each of the Oregon counties, and county directors for each of the 19 Protestant denominations of Oregon represented in the Interchurch World Movement having congregations in the various counties.

The Oregon campaign training conference will be held in the First Congregational church at Park and Madison streets, beginning at 9:30 in the morning. At 12:30 there will be a luncheon in the hollyhock room of the Multnomah hotel, the out-of-town representatives being guests of the Interchurch World Movement. The delegates will hold denominational meetings in the afternoon, and at the same time the interchurch county directors will meet.

Final Award of Contract Deferred Until Commissioners Can Examine Figures Submitted.

If Kelly Butte rockpile were opened and prisoners at the county jail put to work there, Multnomah county could macadamize the St. Johns River road from Delay street to Willamette boulevard at a cost \$5000 less than it demanded by a private contractor, according to figures submitted to the county commissioners yesterday by Roadmaster Eatchel at the request of Commissioner Holman.

If Kelly Butte rockpile were opened and prisoners at the county jail put to work there, Multnomah county could macadamize the St. Johns River road from Delay street to Willamette boulevard at a cost \$5000 less than it demanded by a private contractor, according to figures submitted to the county commissioners yesterday by Roadmaster Eatchel at the request of Commissioner Holman.

Final award of the contract has been postponed until Wednesday to allow opportunity to investigate the new proposal. Only one bid had been made, that by the Star Sand company, which asked \$48,293.10, or \$4.10 a cubic yard.

According to Roadmaster Eatchel's figures, rock can be produced by prisoners at Kelly Butte at a cost to the county of \$1 a cubic yard. Hauling to the road would cost approximately \$1.50 a cubic yard more. A steam roller and macadamizing crews would bring the total to \$3.60 a yard compared with \$4.10 demanded by the Star Sand company.

Chairman Hoyt desires to investigate the matter thoroughly before decision. Commissioner Holman is very much in favor of the county doing the work. Commissioner Muck doubts the accuracy of the figures submitted by Mr. Eatchel.

The few remaining smallpox patients could be removed from the sub-jail at Kelly Butte and the rockpile opened within 10 days, believes Sheriff Hurlbut.

LABOR TEMPLE IS BEGUN.

STRUCTURE TO COST \$250,000 AND BE "UNION MADE."

Eight Months Time Estimated for Completion of Building at Fourth and Jefferson.

Preliminary work on the new labor temple, to be erected in Portland this year at a cost of approximately \$250,000, was started yesterday, and it is the expectation of the officials of the Labor Temple association to have the work carried on continuously now until the structure is finished. Eight months is set as the time it will take to bring the building to completion.

Zanello Bros., who have been awarded the general contract, began clearing the property yesterday preparatory to excavation and establishing their headquarters on the site. The building is to go up on the southeast corner of Fourth and Jefferson streets.

The structure will be "union made" throughout, according to Otto Hartwig, president of the State Federation of Labor, yesterday. Not only will the building itself be made with union hands, but all material going into it must come from union shops. It has been ruled. The first impediment in this regard was recently struck when contracts for the structural steel for the building were called for. Several of the lowest bidders, it is stated, now are having labor difficulties and therefore were not given the contract for supplying the material. The steel may be secured from outside of Portland as a result, it is stated.

JAIL TAKEN FOR HOTEL.

WOULD BE PATRON GETS LESS THAN HE BARGAINS FOR.

Intoxicated Person Asks for "Room and Bath," but Is Lodged in Cell Without Bath.

"Where's the register? I wanna room and bath," announced Ned Mack, as he steered an uncertain course into the police station early yesterday morning, mistaking it for a hotel.

"I'll register you, what's your name?" inquired the desk sergeant, and in a moment more the badly intoxicated Mack was safely stowed away in a cell in the jail above.

Yesterday he appeared in police court.

"I thought this was a hotel and was only trying to get a room so I could sleep it off," explained Mack to Judge Rossman.

"Well, you are such a good guest at the municipal hotel I will let you remain here another day and night," offered the court. "And what is more, I will charge you \$10 for your room."

Mack paid the "rent" and went away upstairs to his room with its steel-barred doors.

TWO TIRE THIEVES GUILTY.

John Doerfler Turns State's Evidence Against Joseph Di Bene.

After he had confessed to his own guilt yesterday in Judge Tucker's court, John Doerfler took the stand as the state's star witness against Joseph Di Bene, who is involved with him in the theft of 15 automobile tires from Buford Sievers, 347 Hawthorne avenue. Di Bene was found guilty within 15 minutes and both men will receive sentence Monday morning.

The defendants are principals in two cases also pending in the circuit court, charging them with cracking a safe in the Casino theater and another one at the Pacific Trunk company. All three crimes are alleged to have occurred around October 16. Fingerprints photographed at the trunk company are claimed by the Bertillon expert at the city jail to be those of Di Bene. The men are alleged to have secured \$500 from the Casino safe, which was taken out in the hills and cracked, and \$200 from the Pacific Trunk company.
