

KOZER DECLARATION OF CANDIDACY FILED

Deputy Secretary of State Formally Enters Race.

M'ARTHUR IS OUT AGAIN

Owen F. Jones Would Be Representative From Second District. G. A. Gore in County Race.

SALEM, Or., March 18.—(Special.)—Sam A. Kozar today filed his declaration of candidacy for secretary of state at the republican primary election to be held in May 21.

"I will, during my term of office, serve the people to my full ability, believing, as I always have, that a public official is, in fact, a public servant," says Mr. Kozar in his platform. "In the conduct of the business of the office I shall be guided by an intimate knowledge of its affairs gained through long experience as deputy secretary of state, and endeavor to maintain that high degree of efficiency due the people by a public servant. As a state secretary, passing upon important public matters, I shall always have in mind the fact that I am acting in the capacity of a trustee of the people's interests."

Mr. Kozar asks that the following be printed after his name on the ballot:

"Qualified by long, active, practical experience; now deputy secretary of state."

C. N. McArthur, who gives his address as the Hotel Mallory, Portland, would again serve the people of the third congressional district in congress, according to his declaration of candidacy.

"Continue to Serve" is Slogan. "I will continue to discharge my duties to the best of my ability and to keep in mind the welfare of my country, its institutions and all its people," reads Mr. McArthur's platform. "I will continue to oppose humbug and demagoguery and the schemes of those groups and factions who wish to subvert the government to their own selfish purposes."

Mr. McArthur would have the following printed after his name on the ballot: "I will continue to serve my country to the best of my ability." Owen F. Jones seeks the nomination for representative in congress from the second congressional district. His platform reads: "I will advocate legislation in the interests of all the people, with due regard to the equal rights of capital, labor and the general public, and will give every encouragement for the development of the natural resources of the state of Oregon, to the end that they may be enjoyed by the greatest number. My earnest effort will be devoted to the end that Oregon may receive its just proportion for its own improvement, of the funds derived by the government from Oregon's resources."

Mr. Jones would have the following printed after his name on the ballot: "Legislation in the interests of all the people. Development of Oregon's natural resources."

Gore Would Be Attorney. George A. Gore of St. Helens has filed for district attorney of Columbia county and asks that his name be printed on the ballot at the republican primary election. Otto D. Drain of 689 Junior street, Portland, seeks to attend the national democratic convention in the role of a delegate from the state at large.

"I believe in the continuation of the policies of Woodrow Wilson, ratification of the league of nations, reconstruction laws to curb profiteering, government board to control prices of the necessities of life and bring about more production, adjust grievances between employer and employe and bring economic conditions back to normal," says Mr. Drain in his platform.

He would have the following slogan printed after his name on the ballot: "League of nations; reconstruction laws; more production."

GAMAS ROAD IMPASSABLE

IMMEDIATE RELIEF DEMAND OF COMMERCIAL CLUB.

Route to Vancouver Said to Be in Bad Condition Due to Increased Traffic and Rains.

CAMAS, Wash., March 18.—(Special.)—Considerable discussion regarding the condition of roads between Camas and Vancouver took place at the meeting of the Camas Commercial club Tuesday night, and resolutions were adopted calling for immediate relief. It was stated at the meeting that on account of the closing of the river road between Camas and Fishers, all traffic was being routed via the Grange Valley and Mill Plain roads. The heavy traffic on these roads during the past few weeks of rain has cut them up so badly that they were nearly impassable and that as a consequence Camas is practically isolated so far as passable roads were concerned, according to statements at the meeting. H. MacMaster, chairman of the highways committee, was instructed by the club to interview Abe Miller, county commissioner, and call his attention to the deplorable condition of roads leading from Camas and insist that immediate relief be given. It was stated that most of the automobile owners of Camas had put their cars up, rather than drive over the roads while in their present condition.

GRAIN PROBE AUTHORIZED

Senate Subcommittee to Investigate Corporation Business.

WASHINGTON, March 18.—(Special.)—The senate subcommittee authorized yesterday by the senate manufactures committee to appoint a subcommittee to investigate the United States grain corporation.

The inquiry was proposed in a resolution by Senator Reed, democrat, Missouri, which was adopted by the senate last week.

SOLDIERS' BILL ASSURED

Measure Sure to Pass Washington State Legislature.

SEATTLE, Wash., March 18.—(Special.)—Passage of a soldiers' relief bill at the special session of the state

legislature, which convened Monday, is practically assured.

This was the word brought to Seattle by Senator Dan Laudon, after attending a conference of the joint appropriations committee in Olympia Tuesday. The soldier bill will be passed without opposition," said Laudon. "It will provide a \$15 per month bonus for the time spent in service during the war for all soldiers and sailors from the state of Washington. The measure will go to the people for a referendum vote in November. The proposed relief bill does not contain the proposed poll tax feature, Laudon said. The measure will be introduced by the joint appropriations committee, he said, and will contain practically the same features as were embodied in the Lamping bill, which was defeated after a bitter fight in the state senate a year ago.

TUG RAIDED FOR LIQUOR

SEATTLE OFFICERS SEIZE CASE OF CANADIAN WHISKY.

Captain and Crew Placed Under Arrest by Inspectors as Soon as Vessel Reaches Dock.

SEATTLE, Wash., March 18.—(Special.)—The tug Monitor was seized and six of its crew and captain Roy Lewis were arrested by revenue officers when the boat docked on its return from Vancouver, B. C., Wednesday. A search of the vessel was made and 12 quarts of Canadian liquor were found.

Under instructions of Prohibition Director McDonald, Customs Inspectors George Wilson and George E. Boos awaited at pier 6 all day for the tug to return from a trip to Vancouver. When the vessel docked it was immediately raided by the inspectors. A case containing 12 quarts of Canadian rye whisky was found in the sleeping quarters, while another quart bottle was said by the officers to have been found in possession of Captain Lewis, master of the vessel.

Captain Lewis, Jay R. Thurston, Arthur B. Crosby and Oscar L. Smith, officers of the vessel, were taken in custody, along with Ellsworth E. Robertson, Jens Jensen and Eugene Butts, sailors, the last named only 17 years of age. The officers were released on \$500 bail by United States Commissioner R. W. McClelland and the others taken to the county jail in lieu of bond after a preliminary hearing. Robertson is being held on \$750 bail because the whisky-laden case was found in his bunk, allege the officers.

The Monitor is a tug of 202 gross tons, 93 feet in length, and is operated between Seattle and British Columbia points by the Washington Tug & Barge company.

GRAIN PROBE NEARS END

District Attorney Says Report Will Be Ready in Few Days.

SEATTLE, Wash., March 18.—Report of his investigation of activities of the United States grain corporation in the northwest will be ready to submit to Attorney-General A. Mitchell Palmer within a few days, J. W. Humphreys, United States district attorney for Oregon, said here yesterday.

Mr. Humphreys began the probe several weeks ago after a Spokane federal grand jury had declared that Max H. Houser, Portland, former vice-president of the corporation for this district, had profited through price
