WILSON SIGNED TO BE KILLED BY SENATE

Ratification Defeat by 49-to-35 Vote Is Final.

NEW OVERTURES BLOCKED

President Is Notified No Further Time Will Be Given to Pact.

(Continued From First Page.)

advised the republicans that they thought it futile to try to change seven more democratic votes. The motion to reconsider, made by Senator Robinson, democrat, Arkansas, was thrown out on a point of order and no appeal was taken.

Entire lineup 57 to 39. The lineup of the entire senate today was 57 for ratification to 39 against, including members paired for ratification and 53 against, with one seat vacant.

Eighteen democrats today changed from their position of November 19. Seventeen who then voted against ratification favored it today, while one, Senator Shields of November 19 who voted for ratification November 19 and since has become known as an "irreconcilable," today voted against ratification.

Of the democrats who switched to support the treaty, 15 voted for ratification and two additional, Senators Parnell, Fletcher, Henderson, Kendrick, King, Nugent, Pittman, Randall, Smith of Maryland, Trammell, Walsh of Montana and Wolcott.

Irreconcilables Gain Only One. In the republican ranks the irreconcilables gained only one new adherent, Senator Penrose of Pennsylvania, who voted for ratification four months ago, but today was paired as an opponent. Twelve republican "big game enders"—Borah, Brandegee, Fernald, France, Gronna, Johnson of California, Knox, La Follette, McCord, Nichols, Norris and Sherman—voted today as they did four months ago, against ratification, while three others, Penrose, Fall of New Mexico, and McCumber, republican, Michigan, voted for ratification.

On objection of Senator Brandegee, republican, Connecticut, President Proxmire, Cummins ruled Senator Robinson's reconsideration motion out of order.

Twelve senators, nine republicans and three democrats were paired. Three republicans and one democrat were paired against ratification and six republicans and two democrats in favor of ratification. The pairs follow: Senators Newberry, republican, Michigan, and McCumber, republican, North Dakota, for ratification, with Senator Fall, republican, New Mexico, against.

Senators Nelson, republican, Minnesota, and Harding, republican, Ohio, for ratification, with Senator Penrose, republican, Pennsylvania, against. Senators Cummins, republican, Iowa, and Townsend, republican, Michigan, for ratification, with Senator Parnell, republican, Washington, against.

Senators Gerry, democrat, Rhode Island, and Jones, democrat, New Mexico, for ratification, with Senator Smith, democrat, Arizona, against.

Senate Takes Adjournment. After an ineffectual attempt by Senator Knox to get consideration for his resolution declaring the war at an end, the senate adjourned until Monday.

Announcing his support of the ratification resolution, Senator Owen, democrat, Oklahoma, who voted for ratification last November, sharply re-estimated President Wilson's attitude toward compromise on the covenant.

Every senator who voted for ratification last November, sharply re-estimated President Wilson's attitude toward compromise on the covenant.

Senators Shields of Tennessee and Walsh of Massachusetts, democrats, voted in support of the motion to reconsider, while Senators Colt of Rhode Island, Edge, New Jersey; Hale, Maine; Kellogg, Minnesota; Keyes, New York; McNary, Oregon, voted with the democrats in opposition.

After Senator Cummins had ruled out the motion of Senator Robinson, Republican Leader Lodge asked unanimous consent for an immediate and final vote on ratification.

GERMAN OUTLOOK BETTER

LONDON, March 19.—Diplomatic dispatches from Germany filed Wednesday give a much more optimistic view of the general situation, notwithstanding that there had been more reports of Spartacist uprisings. This is a complete reversal of the opinion expressed Tuesday night by the same diplomats, who then in dispatches indicate, however, that if the national assembly, led by the men who once before put down a Spartacist attempt, takes a strong stand against agitators, the Ebert government may be assured of a sound foundation, at least for a time.
