

ECONOMY IS URGED BY GOVERNOR HART

Washington Solons Urged to Curb Expense.

SCHOOL FUNDS SHORT

State Committed to Woman Suffrage; Bonus for Ex-Servicemen Is Generally Favored.

OLYMPIA, Wash., March 22.—Rigid measures of economy, rather than greater appropriations, are needed in all departments of the state government, Governor Hart declared in his message to the special session of the Washington legislature here today.

Money is needed by all the state schools, the governor said. "Funds available for all the institutions of higher education will have been exhausted by the time the legislature meets in regular session again, and unless some relief is granted, there will be no funds available or anticipated for the next session."

Common Schools Hard Pressed. The condition of the common schools is almost, if not quite as deplorable as the institutions of higher learning, he asserted. Hundreds of teachers, he said, are quitting their profession for more remunerative employment.

For present relief of the common schools the governor urged the school directors and electors in the districts wherein it is necessary to increase revenue to pay a living wage to the teachers, will not hesitate to take advantage of the present status and where necessary make a tax levy of 20 mills or so much as is needed for that purpose.

The governor said he had sent the senate a resolution to be adopted for ratification of the proposed suffrage amendment. Washington people, he asserted, are fully committed to the principle of woman suffrage as the state has done well under the joint management of men and women.

Bonus for Veterans Favored.

Governor Hart declared public sentiment appeared to favor the special thing in the nature of a bonus be given the returned service men of the state. He said a carefully drawn bill would be presented to the special session providing for the bonus and a bond issue to secure the funds.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a Glass of Salts If Your Back Hurts or Bladder Bother You.

No man or woman who eats meat regularly can make a mistake in flushing the kidneys occasionally. Meat forms uric acid which excites the kidneys, they become overworked, the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headache, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of stinging, stop eating meat and get about four ounces of J. D. Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and a few days your kidneys will act fine.

Had a Cold All Winter. The colds that "hang on," the coughs that rack your body and wear you down, the weakening that comes from loss of sleep—these are afflictions from which relief is welcomed as a blessing. Nick J. Whares, Zahi, N. D., writes: "Words cannot express the gratitude I owe Foley's Honey and Tar for the miraculous relief it gave me. Had a cold all winter, but since taking one bottle it has entirely disappeared. I will never be without your remedy if I live to be 100 years old." Sold everywhere.—Adv.

2 BURGLARS GET TERMS

JOHN DOERFER AND JOSEPH DEBENE GET 4 YEARS EACH.

Efforts of Portland Police to Get Clemency for Crook Get Little Attention.

John Doerfer and Joseph DeBene, burglars, were sentenced each to four years in the penitentiary yesterday, the former by Presiding Circuit Judge McCourt on a plea of guilty, the latter by Circuit Judge Tucker as a result of conviction in a trial held last week.

Efforts of Portland police, who had used Doerfer in getting information on other crooks working in this city, to obtain clemency from Judge McCourt were not notably successful, though the judge said that if he had not been for their representations the burglar would have received five years instead of four.

Seven burglaries are charged to Doerfer and five to DeBene. The criminals are said to have worked together in the cracking of the safes in the Casino theater and the Pacific Trunk company. DeBene was convicted of the theft of tires from the shop of Buford Stevens on Hawthorne avenue after prosecution in the court of Judge Tucker, conducted by Deputy District Attorney Pierce.

Doerfer is said by the officers to have worked at all times with a big car, using a woman confederate, who would sit in the machine at the curb, the judge said, while Doerfer, as Doerfer "pulled off the job." The woman also was arrested, but could not be definitely connected with the robberies. She was sent back to Roseburg, said to be her home. Doerfer is married but has not lived with his wife for some time.

Since getting bail last October, Doerfer is said to have robbed a general store at Newberg and the Paige-Detroit Automobile company in Portland.

ROSEBURG, Or., March 22.—(Special.)—W. E. Clingenpeel, a fruit grower of Looking Glass valley, says he has found poultry to be a rival of Douglas county prunes. Recently he brought nine fat hens to a local butcher and the fowls brought just \$21.46.

Comparing this price with those of some years ago, when chickens brought 25 cents a head in the market, irrespective of weight, the grower believes the industry is worth trying out on a larger scale, despite the fact that feed prices are high.
