WILSON TO MOVE TO SUMMER HOME

Hot Months to Be Spent on East Seacoast.

WOOD'S HOLE, MASS., CHOSEN

Part of Executive Offices to Be Taken Along.

HEALTH IS HELD BETTER

Dr. Grayson Plans Pleasure Trips on Mayflower and by Auto.

WASHINGTON, March 29.—President Wilson will spend the summer at Wood's Hole, Mass., where the summer White House will be established on the estate of Charles R. Crane.

The Crane estate is an extensive country place, which overlooks Buzzard's Bay and Martha's Vineyard and is close by Martha's Vineyard, a location which featured in colonial history.

President Taft and his family spent their summers at Beverly, Mass., not far away.

Health Considered Better.

The decision to take the president away for the summer today was interpreted at the White House as further evidence of the continued improvement in health which Dr. Grayson, his physician, has been reporting. Up to a few weeks ago it had been practically decided not to take the president away for the summer, because it was felt that he could be better cared for at the White House.

The plan to spend the summer on the New England coast, Dr. Grayson said, meant that the president could continue motor riding, possibly go on yachting trips, probably on the Mayflower, and might get in a few holes of golf if his improvement continues. The trip will be by train, the Mayflower going later.

First Summer, Hot One.

Last summer Wilson first in office, the president spent in Washington. Others have been spent in Cornish, N. H. The first summer, which was a hot one, Mr. Wilson put the air-cooling plant in the White House offices out of commission and announced that as he was asking congress to stay in session during the dog days he would stay on the job himself, under the same sultry conditions, and he did so.

Grayson Accepts Crane's Offer.

Secretary Wood's office placed at Wood's Hole, near the summer White House, and other beautiful estates are close by. Dr. Grayson decided to accept Mr. Crane's offer, it was said, because he wanted the president away from the oppressive heat of Washington and near the salt water.

Under present arrangements, the president will be in New England while the democratic national convention is in session in San Francisco, although congress, from all indications now, will nominally be in session, but actually will be transacting no business, by a gentlemen's agreement between the leaders. There have been hints that the president might reserve the much-expected official announcement as to whether he wants a third term for presentation at the convention, and if that be true, he probably would be in New England at the summer White House.

SPOT IS CONSIDERED IDEAL.

Secluded and Picturesque Home Chosen for President.

WOOD'S HOLE, Mass., March 29.—Residence here, when informed by President Wilson will spend the summer at Juniper Point, the home of Charles R. Crane, said that from the standpoint of seclusion and picturesque beauty he could not have made a better choice. The 150-acre estate covers the entire point, which is the southwest tip of Cape Cod. A Japanese garden is a feature. There are artificial ponds and tennis courts, together with a private pier and a small beach.

Mr. Crane's "cottage" contains 20 rooms. On the estate are two other houses. One has been occupied for three summers by Secretary Houston of the treasury department.

The summer season at Wood's Hole as a rule is a quiet one socially. Activities center principally about the marine biological laboratory.

There is a golf course not far from the village. Thirty years ago President Grover Cleveland spent many days each summer fishing in Buzzard's bay.

DANES BESIEGE KING, DEMANDING REPUBLIC

SOCIALIST DEMANDS HEARD. PALACE UNDER GUARD.

Monarch Promises to Make Definite Reply Today—New Ministry Is Organized.

COPENHAGEN, March 29.—(12:20 A. M.)—Large crowds filled the public squares last night and early today demanding establishment of a Danish republic, and all streets leading to the royal palace were held by the police.

King Christian received a socialist deputation last night with which he conversed half an hour. Demands were submitted and the king promised a definite reply at 5:30 o'clock this morning.

H. De Grevenkop-Castenskiold, Danish minister to Great Britain, has been appointed foreign minister in the new cabinet, no member of which holds a seat in parliament. It was rumored last night that the ministry was formed upon a suggestion to King Christian by State Councillor Anderson, chief of the East Asiatic company.

M. Liebe, an advocate in the high court, has formed a new cabinet to take the place of that of M. Zahle.

M. Liebe is a well-known conservative politician. He is not a member of parliament.

It transpired that King Christian asked the ministry previously to direct the affairs of the country, but that Premier Zahle refused.

The government crisis in Denmark turns on disposition of the second Schleswig zone. The retiring ministry of Premier Zahle considered this question as settled in favor of Germany by the plebiscite. However, there has been a strong agitation among opposition parties for at least the provisional internationalization of the zone.

This brings up the point that the Zahle ministry lacked a mandate to direct the country's policies, and that the former premier at the last elections promised again to appeal to the country after the war.

CHICAGO, March 29.—

The death list of the Palm Sunday tornadoes that swept sections of eight states tonight stood at 160.

Communication with many isolated communities in the middle west had only been partly restored today, and indications were that the toll of death and destruction would be augmented.

Elgin, Ill., suffered the heaviest property loss, the damage there being \$4,000,000.

Illinois was the hardest hit of the central states, with 50 dead, more than 1000 injured and 2000 homeless. Districts most severely affected in the Chicago area were: Irving Park, six dead; Melrose Park, nine dead; Elgin, eight dead; Maywood, four dead, and Plainfield, three dead.

Heavy property damage resulted in these towns and also in Wilmette and Evanston, north shore suburbs.

Joliet (Ill.) Damage Heavy.

At Joliet, Ill., three persons were probably fatally injured, 14 were seriously hurt and the property damage was estimated at a half million.

Rail, telegraph and telephone communication was established with nearly all stricken communities in Illinois and Ohio, but Michigan reported many rural regions were still cut off.

Important Church Papers Thought Lost in Oregon City Fire.

OREGON CITY, Or., March 29.—Some of the oldest records of the Methodist church that were believed to have been destroyed in the late fire when the church was burned have been found. Rev. E. E. Gilbert, who was transferred to southern Oregon shortly before the fire occurred, had unintentionally packed some of the old records among his books, and the members of the church are jubilant over the discovery. As soon as they were found last week they were immediately sent to this city.

A. L. Blanchard, treasurer of the board of stewards, also had a number of valuable old records in his possession at his home at the time of the fire, that were saved.

NEWBERRY SEAT VACANT

Senator Will Not Take Place Pending Decision on Status.

WASHINGTON, March 29.—Senator Newberry of Michigan, who returned today, will not resume his seat in the senate until questions as to his status arising from his conviction in the Michigan election conspiracy cases have been disposed of.

"I shall not resume my activities in the senate," he said, "until all matters growing out of the proceedings in Michigan are cleared up."

Even should Mr. Newberry not participate in any roll calls, the republican control of the senate by a majority of one would continue, the political alignment being 48 to 47.

FRANCE'S EXPENSES GAIN

ST. LOUIS, March 29.—City employees paid on a monthly basis whose wages are \$7000 or less will get an increase of 10 per cent effective April 1, under an ordinance passed by the board of aldermen today.

About 3500 employees are affected.

ANARCHISM DECLARED TAUGHT IN COLLEGES

RADICALS TEACH IN EVERY STATE IS CHARGE.

Representative Says 'Saphead From Harvard Admitted' He Held Socialism Up to Classes.

WASHINGTON, March 29.—"Bolshevik, socialist and anarchist receive teachers' certificates and they are teaching in every state in the union," Representative Campbell, republican, Kansas, declared today in the house.

"College professors of high and low degree are socialists, anarchists, enemies of congress, enemies of the constitution, enemies of this government, and they teach it daily in the colleges," he said.

"A saphead socialist from Harvard appeared recently before a committee of congress and admitted he was a socialist and admitted he taught socialism as a teacher in Harvard. They now admit it, and in a short time will be boasting of it."

Mr. Campbell said trustees should see to it that "the socialists are not employed to poison the youth of the country."

FARMERS RUSH NEW HALL

Basement Excavated and Money Raised in Hurry at Nansen.

THE DALLES, Or., March 29.—(Special.)—Seventy-five Nansen farmers in one day, excavated the basement of the new grange hall, which is contemplated, and then set out to raise funds to erect the structure.

Merchants in The Dalles donated to the project many subscriptions amounting to \$100. Today the venture is fully financed and the lumber has been purchased.

The hall is to cost about \$5000. The building will be used not only for grange meetings, but as a community center, where all subscriptions and meetings of the Center Ridge community will be housed.

CARFARE DECISION TOPIC

Public Service Commission and Councilmen to Confer.

SALEM, Or., March 29.—(Special.)—The Oregon public service commission is arranging for a conference with members of the Portland city council in Salem April 5, when matters concerning the recent decision of the commission involving fares of the Portland Railway, Light & Power company will be discussed.

Because of the mass of records introduced in the case it was decided to hold the conference in Salem instead of transferring the evidence and exhibits to Portland.

Syndicalist Allowed Seven Days to Have Teeth Fixed.

OAKLAND, Cal., March 29.—John G. Weller, convicted of criminal syndicalism, was refused a new trial against John L. Sullivan, whose name was Patsy Cardiff. He was the father of Mrs. Thomas—the same Patsy Cardiff who wore John L. down in a grueling ring battle and on whom the champion is said to have broken a wrist in the fistful tournament. In the old days Patsy Cardiff was known as "Red."

Woman Also Is Held. Also held for investigation is Mrs. Irene Thomas, more generally known as "Patsy" Cardiff, who was in the Lucas home. There was once a pugilist of class sufficient to pit him against John L. Sullivan, whose name was Patsy Cardiff. AMERICAN SCHOOLS IN TURKEY ENDANGERED

FRENCH MOVE FOR DOMINATION IS SUSPECTED.

Subsidization of U. S. Institutions in Syria Also Regarded as Behind Present Move.

CONSTANTINOPLE, March 29.—(By the Associated Press.)—The future of American schools in Turkey, especially Syria, is causing uneasiness in American official and educational circles here. The French already have indicated that one French instructor should be placed in each institution, and in some circles this is regarded as the first step in a probable movement by the French for domination in the schools.

There are about 70 American schools in Syria, over which France is trying to obtain the mandate. These represent an investment of more than \$2,000,000, subscribed by Americans. They have more than 10,000 persons in attendance. The largest school is Beirut college.

There are American schools, hospitals and orphanages at Aleppo, Damascus, Antab, Adana, Marash and many other places in territory which the French desire to control. French schools in Syria virtually all are subsidized by the French government.

There also are American schools in Smyrna, Adalia and other cities in Anatolia, where the Italians and Greeks are claiming mandates, but these nations, so far as is known, are making no effort to supervise them.

American educational interests are especially large in Constantinople, where Robert college and the Constantinople women's college are the leading educational institutions of Turkey. The total American investment in charitable and mission properties in Turkey is about \$6,000,000.

YEGG, NEAR DEATH, REFUSES TO TALK

Notorious Fred Love Has Police Mystified.

DEATH GAMBLE DISREGARDED

Famous Old School Criminal Perhaps Near End.

CAREER REMARKABLE ONE

Ex-Convict Safe-Blower, Seriously Wounded and Paralyzed, Smilingly Parries Queries.

In a ward at St. Vincent's hospital, shot through the left side and paralyzed from the hip down, lies Fred Love, 55, smiling at the gleam of death and quietly declining to tell how he came by his wound—while police and detectives are on the quest for clues to this latest paragraph in the life history of one of the most notorious safe-breakers and old-school criminals of the entire country.

"It's no talk to me," said Love, lifting a twisted smile to the questioning of Deputy District Attorney Delich. "You know me, and you know that I won't talk. It looks like I'm due to cross over—but what matter? I'm a fatalist still. Whatever it will be will be."

Police Get Hurry Call.

Early yesterday morning a telephone call reached police headquarters from 294 Sherman street, the home of Robert and John Lucas, the latter known as "Zeno." The desk sergeant was told that a man was dangerously ill at the address given, with aid asked for his relief.

When Motorcycle Patrolmen Stiles and Wiles reached the house they found Fred Love, a bullet wound over his left hip, weakened and paralyzed. And Love, as the records attest, is known far and near to the authorities as one of the old maestros of the game of crime, with records in a score of cities and "time" against him in almost as many penal institutions.

Accident, Love Declares.

"I shot myself by accident," said Love. The wound is of such character and location that the falsity of the statement was apparent. Love was treated at the emergency hospital and taken without delay to St. Vincent's, physicians saying that his case was critical. The bullet has not yet been probed, but it is thought that it penetrated to the spine, causing the paralytic condition.

Convinced that the ex-convict and safe-blower had been wounded in a murderous encounter, Detective Lieutenant Maloney and Inspectors Collins and Coleman returned to the Lucas home and arrested the two brothers on investigation charges. Both declined to talk and are still uncommunicative in the city jail.

Woman Also Is Held.

Also held for investigation is Mrs. Irene Thomas, more generally known as "Patsy" Cardiff, who was in the Lucas home. There was once a pugilist of class sufficient to pit him against John L. He was the father of Mrs. Thomas—the same Patsy Cardiff who wore John L. down in a grueling ring battle and on whom the champion is said to have broken a wrist in the fistful tournament. HOTEL MEN OPPOSE \$18 WOMEN'S WAGE

PROPOSED WASHINGTON MINIMUM DEEMED TOO MUCH.

Final Hearing Granted to Both Employers and Employees Next Friday at Seattle.

OLYMPIA, Wash., March 29.—After more than 50 hotel men of the state appeared before the state industrial welfare commission here today and declared that the proposed minimum wage of \$18 a week for women employed in the public housekeeping industry of the state was excessive, a final hearing was granted both employers and employees at Seattle next Friday morning.

The hotel men alleged today that the minimum had been reached as a "compromise" and was not based on statistics, while the commission stated that plenty of figures had been received but that they were from employees and would be kept secret to "prevent the employees from being discharged."

"Friday's hearing will positively be the last to be granted," declared C. H. Younger, state labor commissioner and chairman of the commission. "The matter has been delayed too long already."

BID FOR LOGANS 12 CENTS

Albany Cannery Makes Price to Growers Near Salem.

SALEM, Or., March 29.—(Special.)—Twelve cents a pound for all loganberries grown in the Willamette valley was offered by the management of the Albany co-operative cannery, according to a telephone message received in Salem today. It also was stated that the Albany cannery would accept the entire Willamette valley crop of strawberries, gooseberries and other fruits.

The Salem plants have not yet made any offer for berries, but they are expected to meet the figure of all local concerns which invade the local field.

JITNEY SEATTLE INCUBUS

Private Passenger Carriers Hit Municipal Railway Hard.

SEATTLE, Wash., March 29.—Mayor Caldwell today asked the city council to enact more stringent regulations of Seattle jitney lines in order to reduce the deficit in the operation of the municipal railway.

"Fourteen jitney lines in Seattle, the mayor said, obtain a yearly revenue of approximately \$1,600,000. Complete elimination of the jitneys, it was estimated, would net the city approximately \$300,000. Regulation of the traffic would add \$200,000 to the streetcar revenues, it was claimed.

WORKERS WIN DECISION

Industrial Court of Kansas Hands Down First Decree.

TOPEKA, Kan., March 29.—The first verdict in the history of the new Kansas industrial relations court resulted in a victory for the workers. Decision number one was handed down by the court today, granting an increase in wages to linemen of the Topeka Edison company from 60 cents an hour. The company had offered an increase of 2 cents.
