Views of U. S. Regarding Ottoman Empire Stated.

RUSSIANS TO HAVE VOICE

American Interest in Plans for Settlement of Armenian and Other Problems Made Clear.

(Continued From First Page.)

The defeat of the Turkish power without protest, but even materially assisted in the defeat, will now so regard the expansion of the Turkish government as to make a complete reversal of policy on the part of the great powers desirable or necessary.

As to the line given as the southern frontier of Turkey, it is assumed that this boundary is meant to be the ethnological frontier of the Arab people, in which case, it is suggested, certain rectifications would seem necessary.

Russian Interests Noted. The government of the United States notes with pleasure that provision is made for Russian representation on the international council, which it is proposed shall be established for the government of Constantinople and the straits. This government is convinced that the arrangement of the straits and control of Constantinople and the straits can have any elements of permanency unless the vital interests of Russia in those problems are carefully provided for and protected.

It is noted with pleasure that the question of passage of warships and the regime of the straits in war time are still under advisement, as this government is convinced that no final decision should or can be made without the consent of Russia.

Part of Thrace Greece. As for Thrace, it would seem right that part of East Thrace which is outside of the zone reserved for Greece, as this, the northern part of the kingdom of Greece, with the exception of the northern part of that province, as this, the northern part, is clearly Bulgarian in population, justice and fair dealing demand that the cities of Adrianople and Kirk Kilisseh and the surrounding territory should become part of Bulgaria.

It is noted with pleasure that the question of passage of warships and the regime of the straits in war time are still under advisement, as this government is convinced that no final decision should or can be made without the consent of Russia.

Armenia's Right Asserted. There can be no question as to the genuine interest of this government in the plans for Armenia, and this government is convinced that the civilized world demands and expects the most liberal treatment for that unfortunate country.

Alaska Primary April 27. Full tickets have been filed by republicans and democrats in contest at a primary election April 27 for nominations to Alaska's territorial offices.

Alaska voters, at the primary, will nominate candidates to run for the posts of territorial delegate to congress and territorial board commissioner. They will also choose candidates for the territorial legislature.

In addition the voters will elect, at the primaries, the delegates who will represent Alaska at the Chicago and San Francisco conventions.

James Wickersham, the republican leader, who is a veteran of scores of battles at the coming election, "Wickersham has been territorial representative for several years."

No contest will be made for the nominations for the post of territorial representative. George B. Grigsby, democratic incumbent, is the only democratic aspirant. Senator Dan Sutherland, Fairbanks, is the only republican in the race against him.

Smearing Serious Problem. In regard to the arrangements for Smearing, this government is not in a position to express an opinion, as the question is too important to be passed on with the limited information this government has as to the arrangement that is contemplated and the reasons for the same.

The government of the United States can quite understand the difficulties that have confronted the supreme council in dealing with the economic questions that present themselves for settlement in connection with this treaty. It is easy to see that the problems are complex and fruitful of misunderstanding because of the conflicting interests involved, but this government has every confidence that the problems will be dealt with in a spirit of fairness and with scrupulous regard for the common good.

One grateful woman writes: "I earnestly recommend all women who wish to be made new or who are troubled with that tired feeling, to take Hood's Sarsaparilla. It wonderfully relieved me of sour stomach, distress and belching."

A well-known Justice of the Peace in Indiana says Hood's Sarsaparilla made "food taste good," as after taking three bottles he can now eat three hearty meals a day, works hard and sleeps sound. commercial interests of victor, vanquished and neutral. Much Yet to Be Done. It is evident that there is yet much to be done before a comprehensive plan can be worked out and this government will welcome further information on the subject of the economic clauses of this treaty.

Incidentally the plan that has apparently been worked out by the supreme council in connection with continuation of concessions granted to aliens and giving the right to revise or cancel concessions on payment of indemnity, referred to in the eighth paragraph of your excellency's note, has grave possibilities and would seem to require careful consideration.

Let me say in conclusion that it is the understanding of the government of the United States that whatever territorial changes or arrangements may be made in the former Ottoman empire, such changes or arrangements will in no way place American citizens, corporations, or the citizens or corporations of any other country, in a less favorable situation than the citizens or corporations of any power party to this treaty.

GERMANY PERMITTED TO TAKE RUHR AREA

France Abandons Demand to Enter Neutral Zone.

2 TO 3 WEEKS ARE GIVEN

Right to Use Strong Force in District Threatened by Radicals Is Granted.

BERLIN, March 30.—France has abandoned her demand to occupy the neutral zone and has consented to grant Germany from two to three weeks to employ a strong force in the disturbed Ruhr area, according to an announcement made to the national assembly today by Chancellor Mueller.

The chancellor referred to the situation in the Ruhr territory and the threats of a general strike as an answer to the alleged military action. He declared that the government of defense had given orders for the avoidance of all unnecessary harshness and he must contradict the allegations that an executive committee were thirsting for the blood of the workers.

He then made his announcement regarding the abandonment by France of her demand for the occupation of the neutral zone, and added: "In the period allotted us we can restore constitutional order."

The assembly rejected a vote of lack of confidence in the German government and then adopted over the votes of the German nationalists and independent socialists a motion approving the government's statement. The German government relative to the Ruhr valley more regular troops than allowed by the terms of the Versailles treaty.

ESSEN, March 29.—(By the Associated Press.)—All but one stipulation of the Berlin government relative to a cessation of fighting in the Ruhr district have been accepted by the central committee in charge of anti-government operations here, according to a notification sent to Berlin tonight. Exception was taken to the fourth condition regarding the surrender of arms and ammunition.

The government was informed that this condition will be accepted if contrasted in accordance with the Bielefeld agreement.

The government stipulated its conditions must be accepted by tomorrow.

Otto Bownaspen, military commander of the reds, who has just come from the front, told the correspondent that the continued existence of the Reichswehr would mean another European war. Another member of the directing committee said the committee was thoroughly determined to subject the mines to sabotage if the Reichswehr marched into the Ruhr district. The reds, he declared, would kill their families and themselves before surrendering.

THE HAGUE, March 30.—(Havas.)—The Dutch government was reported to have given Germany 4000 tons of wheat and barley for reevictuating towns in the Ruhr valley.

PARIS, March 30.—Dr. von Mayer, the German charge d'affaires in Paris, tonight handed to Premier Millerand a declaration from the German government concerning the terms of occupation of the neutral zone by German troops. The premier immediately expressed to Dr. von Mayer formal reservations, and added that, according to information, it was doubtful if the occupation of the Ruhr was indispensable. It was only in case of occupation and consequent infraction of article 44 of the peace treaty could not be avoided that the guarantees offered by the German government came into play. The matter, he said, required further elucidation.

COPENHAGEN, March 30.—The Trades Union federation today postponed until tomorrow the decision whether to call a general strike.

The social democratic parliamentary group has issued a manifesto protesting against the king's dismissal of the cabinet and summoning the people at the elections to overthrow his "reactionary designs." The manifesto says: "Out watchword is drastic democratization of our constitution—a republic and a one-chamber system with suffrage at the age of 21."

A crowd estimated at number 200,000 attended a meeting tonight organized by the socialists in protest against the action of King Christian in dissolving the Zable cabinet, the old organization.

King Christian today announced his refusal to comply with the ultimatum of the social democrats demanding the reinstatement of the Zable ministry, dissolved by the king, and other action in connection with the government crisis.

The demands made under threat of a general strike. The action demanded included the immediate summoning of the rigsdag and the restoration of constitutional conditions.

Socialist and trade union representatives who conferred with King Christian last night demanded immediate reinstatement of the Zable ministry, an immediate call for a

MISSISSIPPI LIKES WOOD

LOWDEN SECOND CHOICE OF SOUTHERN REPUBLICANS.

McAdoo Far Ahead of All Rivals Among Democrats; League Main Issue.

(Copyright, 1920, by the Sun and New York Herald. Published by arrangement.)

NEW YORK, March 31.—The 12 delegates from Mississippi to the republican national convention in Chicago will vote for Major-General Leonard Wood for presidential candidate if they follow out the preferences of that state as indicated in the poll of the county leaders as taken by the Sun and New York Herald.

Governor Lowden of Illinois is as clearly the second choice as Wood is the first.

Apparently they know no other candidates in Mississippi other than Wood, Lowden and Harding. The general got approximately 75 per cent of all the "first-choice" ballots while Lowden captured 17 per cent and the Ohio senator 10 per cent.

William G. McAdoo is far and away ahead of his rivals for the democratic preference for president, according to the reports of the republican leaders. Herbert Hoover is next, with Attorney-General A. Mitchell Palmer being the only other democratic possibility mentioned. There was much evidence that the democrats were in a state of confusion, as is apparent elsewhere.

The league of nations will be the paramount issue in the campaign, according to the senate of the republicans in Mississippi. Next to this comes "Americanism."

Witness Hides Identity. LONG DISCUSSION FAILS TO SOLVE MYSTERY. Incident Occurs During Trial of Former French Premier Caillaux on Charge of Treason.

PARIS, March 30.—The mystery of the identity of the Buenos Aires witness in the case of former Premier Joseph Caillaux, on trial before the high court of the senate on the charge of treason, was still unsolved after two hours of discussion this afternoon. The prosecution maintained the witness was Leon Manuel Rosenwald, born in Rio Janeiro in September, 1857, and at present an editor of Buenos Aires. The defense charged that he was Leon Cahen, born at Sarreguemines, Alsace, in 1851, and had been convicted of embezzlement, for which he served a term in jail before departing for South America.

Rosenwald, early in the trial, testified that Caillaux, in 1917, told him France must make a "mediated" peace at any cost and that "she could not continue the sacrifices of the last three years."

On the witness for Caillaux, Daniel Levy, an Alsatian, testified regarding Rosenwald's alleged identity and conviction.

Levy was present in court today and asked to be confronted with Rosenwald, but the latter did not appear.

The earnings, nearly all of which were put into reserves, were equal to 15.34 per cent on the \$30,000,000 capital stock for the six-months' period.

Tax Revision Proposed. WASHINGTON, March 30.—Proposals for revision of federal tax schedules including possible repeal of excess profits and other taxes imposed during the war will be considered Thursday at a joint meeting of the senate finance committee and the house ways and means committee.
