

NORTHWEST COLLEGE HERDS MEN WAGES

System of Meeting Alien Problem is Assailed.

TEACHERS HOLD ELECTION

"Quit Dishing Out One Kind of Justice to Poor Man and Another to Rich" Says Speaker.

SPOKANE, Wash., April 1.—The claims of higher education for additional financial recompense were presented to members of the Spokane Rotary club at a luncheon today by a number of northwest college presidents. Among the speakers were Dr. Marlon L. Burton, president of Idaho; Dr. E. O. Sisson, president of the University of Montana; and Dr. B. L. Penrose, president of Whitman college.

For naming a set of officers for the association for next year, a committee was selected today to report at the closing session tomorrow afternoon. Under the custom of the association, whereby the officer of president is rotated among the members of Washington, Oregon, Idaho and Montana, a Washington man is expected to be named to head the association.

For this honor Dr. S. B. L. Penrose, president of Whitman college, Walla Walla, and Orville C. Pratt, superintendent of schools of this city, were mentioned among educators here today.

F. L. Audrian, of the extension department of Washington State college, was named president of the Northwest Club Leaders' association, which meets here tomorrow.

Dr. Helen Cowgill, Corvallis, Or., state club leader for Oregon, was elected secretary.

In a scathing denunciation of the present American system of dealing with the foreigners who come to this country to study, the Japanese language instructor of the school of commerce of the University of Oregon, outlined the conditions of today's general session of the Inland Empire Teachers' association convention at the Lewis and Clark hotel.

Professor Thomas stirred his audience with his address on "The Many Sidedness of Americanization," which followed Dr. E. O. Sisson's address.

"The first thing the American people will have to do before they can ever expect to make American citizens out of foreigners is to quit dishing out one kind of justice to the rich man and another kind to the poor," said Professor Thomas.

"The very first step in teaching the fundamental principles of Americanization to these foreign-born brothers and sisters will, have to be met the minute they land on our shores by whole-hearted, red-blooded Americans, who can catch their cuttings, which can be seen floating down the rivers every day, indicate heavy damage to timber, law forbids the capture of the animals."

Beaver Reported Active.

SOUTH BEND, Wash., April 1.—(Special.)—The river in the North river, reports that all of the streams in that vicinity are fairly full at the present time.

The first thing the American people will have to do before they can ever expect to make American citizens out of foreigners is to quit dishing out one kind of justice to the rich man and another kind to the poor," said Professor Thomas.

CANDIDATE ASKS HELP

Ex-Marine Wants State to Train Him to Handle Sheriff's Job.

SALEM, Or., April 1.—(Special.)—Carlton G. Brown, of Gwendolen, eastern Oregon, has appealed to Governor Olcott for state assistance in a preparatory course which will fit him for sheriff of Umatilla county.

"I have resided in this vicinity for about five years," says Mr. Brown's letter, "and served in the marines overseas. My service record was never tarnished in any way, shape or form. I would like for the state to back me financially and give me a preparatory course for sheriff of Umatilla county before the coming primary election."

"I am an ex-senator, but have resided no part of my services for 25 years of age, and capable of handling the sheriff job. My father served under ex-President Roosevelt as state senator from North Dakota, as republican."

Outside registration precincts to accommodate rural voters were ordered established yesterday by the county commissioners. And County Clerk Beveridge began mapping out localities for establishing ten precincts in various parts of the city.

Although the labor council has adopted two years ago and proved a failure because of duplication of work and general lack of interest on the part of voters, the county commissioners decided the plan again should be put into effect, after a committee from the central labor council had appeared in favor of the method. The labor delegates told the county officials that their purpose in making the request was to defeat C. N. McArthur for representative in congress if possible.

Although the labor committee wanted the outside registration booths established in the industrial centers of the city, Beveridge said they would be placed in the outside districts to assist those living in the suburbs of Portland, rather than those in congested industrial districts.

Eight of the ten booths have been decided on as follows: St. Johns, Sellwood, Linton, First and Sheridan streets, Albina, Woodlawn, Kenton and Multnomah cities. It is possible the other two will be Lents and Montavilla, although this has not been definitely decided.

The Ruet building accounted for \$50,000 and the Holy Rosary Catholic church for \$150,000 of the March total. Other buildings projected for the present year are the Scandinavian American bank building, 16 stories in height and to cost approximately \$1,000,000, the Scottish Rite temple to cost \$250,000, St. Leo's Catholic church, and many apartment houses.

Japanese Emperor III.

HONOLULU, T. H., April 1.—Emperor Yoshihito of Japan is ill at his winter villa in Hayama, near Yokohama, according to a Tokyo cable to the Nippon Jiji, a Japanese language newspaper here. An official bulletin issued by the court physicians, said he is suffering from diabetes, with symptoms of glycosuria.

NEW PRECINCTS FORMED

REGISTRATION OF RURAL VOTERS TO BE AIDED.

Plan That Failed Two Years Ago Will Be Tried Again By County Commissioners.

Outside registration precincts to accommodate rural voters were ordered established yesterday by the county commissioners. And County Clerk Beveridge began mapping out localities for establishing ten precincts in various parts of the city.

Although the labor council has adopted two years ago and proved a failure because of duplication of work and general lack of interest on the part of voters, the county commissioners decided the plan again should be put into effect, after a committee from the central labor council had appeared in favor of the method. The labor delegates told the county officials that their purpose in making the request was to defeat C. N. McArthur for representative in congress if possible.
