

LARGE SUMS NEEDED BY SALVATION ARMY

Business Men Preparing to Co-operate in Drive.

\$142,000 TO BE RAISED

Advisory Board Appointed at Meeting and Citizens Asked to Support May Campaign.

Some twenty-five of the leading business and professional men of the city—members of the Multnomah county advisory board for the Salvation Army—met last night at the Multnomah hotel to discuss preliminary plans and pledge their support in the \$142,000 Salvation Army drive to be held here in May.

Local support developed. "The Salvation Army's" Mr. Etheridge said, "is our loyal agent in caring for the weaker and less fortunate members of society and as such deserves our loyal support. No organization comes nearer to giving 100 cents worth of service for every dollar given than the Salvation Army. I remember that this is our drive; the money raised is to be used right here in Portland. It is up to the people of Portland to come through generously."

William H. Raymond outlined the purposes of the drive, touching upon the work of the White Shield home and the proposed purchase of the Bishop Scott school and farm to be used as an industrial and agricultural school for boys.

Equipment is Outgrown. "The Salvation Army's" present equipment, however efficient it has served in the past," said Mr. Raymond, "is long since outgrown, and the army feels certain that the people of Portland are ready and willing to give to the modest extent which it asks that its work may be carried on as before, and all that we ask in the coming drive is co-operation."

The Press club has been chosen as headquarters for the members of the advisory board. The following officers were elected: John L. Etheridge, president; William H. Raymond, secretary; and Colonel J. H. Raymond of the Broadway Bank, treasurer.

TAXPAYER HELD NOT NEEDED

COLORADO PROJECT'S MERITS SUFFICIENT, SAYS SENATOR.

Convention of League of South-west Expected to Take Definite Action on Scheme.

LOS ANGELES, Cal., April 2.—The Colorado project is expected to take definite form as the result of the annual convention here of the league of the southwestern states, which is being held at the Hotel California today.

Senator Owen of Oklahoma, told the convention today "without the imposition by congress of a further tax on the American people."

"The merits of the project," he said, "speak eloquently for themselves." He declared the federal reserve and the federal farm loan acts had made millions of dollars for the government without costing the government anything. The same principles of co-operation between the government and the citizens could be applied to the Colorado river project, he said.

Miss Helen Taft, acting president of the United States Teachers' Association, said she had brought about "an immediate crisis." She blamed "the high cost of living," which she said had virtually ruined the country, on the government. "We must see that education is being sacrificed for our children."

William Jennings Bryan, who visited the committee in Chicago, was called to the platform and entertained with national characters.

CHURCH SELECTS PASTOR

DR. H. L. BOWMAN MAY COME TO FIRST PRESBYTERIAN.

Formal Call Will Probably Be Extended After Meeting of Congregation Expresses Approval.

STAR PREDICTS CHANGES

MRS. KOLB THINKS REFORM WILL COME IN DANCES.

Headliner of "Wet and Dry" Puts in Most of Her Time Here at Home of Her Mother.

BY LEONE CASS BAER.

Mrs. William Kolb hasn't given up her dancing, but she says there is no place for an aesthetic dance in "Wet and Dry," and says the charming Mrs. Kolb, "the only dancing I care for on the stage is interpretative, creative, if you choose. Not that I disapprove of the other kind; certainly not. At parties and balls I am very happy dancing every modern dance, but I believe I dance them more for sociability or to maintain my part in

the party rather than because I am particularly fond of stepping."

"The dance I really love is one founded on the principles of beauty, purity, sincerity and harmony. You will agree with me that most of the ballroom dances are founded on none of these principles."

"I am of the opinion that dancing must undergo an upheaval, a complete regeneration. Dances, in my way of thinking, must have an intensive appreciation for good music, even a love of music, but that does not mean there should be actual musicians, able to play an instrument. A dancer should feel every shade of tone music and express it musically."

Mrs. Kolb, who is May Clay on the programme, delivered these opinions from a trunk in her dressing room, which she shares with her good friend and co-worker, Marie Rich. Both are blondes.

While she is in Portland May Clay is spending every minute she isn't at the theater with her mother, who lives here. She is just like all the rest of us who see our mothers growing old, touched at the changes a few months ago, talking over other days, gossiping of family doings and just being "motherly."

MEAT PRICES MAY GO UP

Packers See Danger in Refrigerator Car Restrictions.

CHICAGO, April 2.—Meat prices will advance if the United States interstate commerce commission restricts the free use of refrigerator cars to shipments of strictly household products, Richard O'Hara of Swift & Co. told today.

The National Wholesale Grocers' association is petitioning for such restriction of the packers' shipments.

W. F. Jones, car route manager for Swift, said that the interstate commerce commission established to supply packing products to small towns and villages. More than 9,000 towns were shut at present, he said, but if cars were restricted to fresh meats, the number would be reduced to 1,200.
