"MECHANICS' SALE OF USED CARS

People seem to like it—and no wonder. It isn't the paint and looks that you pay for in a motor car—it's what's really inside of it. So if you know how to judge a car—how to look under the sur-face—this sale offers you the

We intended to close this out-of-the-ordinary method of dispos-ing of used cars Saturday, because there's no profit in it for us on such a basis; but it has been no popular that we have yielded to the demand to continue the same proposition for another week.
