

NEW JERSEY SHOWS LEANING FOR WOOD

Harding Second to General According to Poll.

JOHNSON NOT MENTIONED

Fight of California Senator for Presidential Candidate Apparently in Vain.

(Copyright, 1920, by the Sun and New York Herald. Published by arrangement with NEW YORK, April 3.—Reports received from county chairmen in New Jersey show that Major-General Leonard Wood is the first choice of that state for the presidential nomination.

United States Senator Harding of Ohio is second choice. Senator Johnson, who is actually making a strenuous fight for some of New Jersey's 23 national delegates and the presidential preference in the primary, which is to be held on April 27, was not mentioned by a single chairman as either the first or the second choice of his county.

Prohibition is the burning issue as far as Jerseymen are concerned. It is the testimony of the leaders is to be taken on this point. Answering the question: "What in your opinion will be the paramount issue of the campaign of 1920?" one of the chairmen put it in this way: "Undoubtedly the wet issue; next the league of nations."

Democrats Favor Edwards. As the greater part of the country knows by this time, Governor Edwards, who was elected on a wet platform last November and has announced that he will take the repeal of the 13th amendment to the floor of the San Francisco convention, is the favorite candidate of New Jersey democrats for their presidential nomination. He was mentioned in 85 per cent of the replies received. William G. McAadoo was the only other democrat spoken of.

General Wood received 79 per cent of all the first choice votes. The others were divided among Senator Harding, Governor Lowden of Illinois and United States Senator Edge of New Jersey. One chairman wrote against Edge's name: "If a candidate, first, last and always. After Edge, Harding. There is no particular sentiment for any one else in this county."

On "second choices" Harding was high man, getting 13 per cent of all votes. The others were divided as follows: Wood, 16 per cent; Butler, 12.5 per cent, and Lowden something more than 10 per cent. Two counties had no second choice.

Prohibition Issue Paramount. Among the issues touched upon as being in the minds of New Jersey republicans for campaign use, in addition to the "paramount" prohibition are Americanism, the inefficiency and mismanagement of the democratic administration in Washington, the tariff and "business control of business."

Very little mention was made of the league of nations. A dispatch from one of the special correspondents reads: "Subject to unexpected contingencies, which may alter presidential primaries on April 27, General Wood seems reasonably certain of having the support of most of his state's delegates from New Jersey. Although by no means the unanimous choice of the republican chairmen, General Wood is so far in the lead of any other aspirant for the nomination that a Wood delegation is regarded as a political certainty."

Two Entries on G. O. P. Side. General Wood, of course, is entered for the presidential preference. The only other republican entry is Senator Johnson. The names of no other delegates in the Camden or Atlantic city districts.

The Wood people say that the New Jersey primary will be a test as to how their candidate will run in a big eastern state. The fight is likely to be bitter so far as the "Big Four" are concerned, as local animosities will probably play a considerable part in the campaign. "Fight" or "no fight" in the state organization will have its effect upon the result.

Senator Johnson is planning to invade New Jersey for any delegates and General Wood probably will follow suit.

WILSON'S ILLNESS ASSET

CUMMINGS DISCLOSES PLANS OF DEMOCRATS.

Attempt to Be Made to Show That President Has Been Harassed by Conspirator Band.

OREGONIAN NEWS BUREAU, Washington, April 2.—Capitalization of President Wilson's illness as a campaign asset is to be the democratic method of campaign. This was made clear by Homer S. Cummings, chairman of the democratic national committee, in a remarkable statement made to newspaper men today.

A deliberate attempt is to be made by a great political party organization to make it appear that any criticism of the president's official acts has been with deliberate purpose of breaking down his health and morale.

The charge was made a few days ago in Mississippi by Senator John Sharp Williams, but it was regarded as part of the brilliant eloquence of the Mississippi senator and uttered for home consumption. But Mr. Cummings made the charge seriously today, made it without any reservations and without any apparent realization of the bizarre character of the charge.

According to Mr. Cummings, the president was harassed and is still harassed by malevolent persons who combine political and personal hostility to the president, and they hounded and harassed him until they broke down his health, and so on.

Mr. Cummings dwelt with horror upon the picture of this malevolent hatred pursuing the president to Versailles, and even interfering with the accomplishment of his purpose there. The democratic national chairman would not mention the names of those engaged in this conspiracy to break down Mr. Wilson's health, but he intimated

WOMEN ANNOY EMBASSY

Police Say Unable to Interfere Unless Disorder Occurs.

WASHINGTON, April 2.—Efforts of the state department today to have the Washington police authorities break up the picketing of the British embassy by women favorable to an Irish republic failed. The police said that in the light of the decision of the federal courts in the case of the suffragists who picketed the White House two years ago, they were powerless to act unless there was disorder.

POST IS BLAMED FOR DEPORTATION DELAYS

Lax Administration by Acting Secretary Disclosed.

MANY ALIENS RELEASED

Inquiry Indicates Interference by Official in Cases of Many Men Booked for Expulsion.

OREGONIAN NEWS BUREAU, Washington, April 2.—Investigations made by the house committee on immigration, of which Representative Albert Johnson of Washington is chairman, appear to fasten on Louis F. Post, now acting secretary of labor and at other times assistant secretary, the responsibility for laxity in the deportation of dangerous aliens.

Immigration inspectors who have testified before the committee recently have been careful to give no testimony that would subject them to charges of insubordination, but in answer to questions they have disclosed that in almost every case where an alien booked for deportation was released it was done upon the orders of Mr. Post.

Even Raphael P. Bonham of Portland, inspector in charge of the Oregon district, revealed in testimony that in one case where there had been interference in the deportation of three Chinese arrested at La Grande, Or., the action came from Post. This interference caused some delay, but Inspector Bonham proved that he had a good case against the Chinese—two women and one man—who now are back in China, to which country he compelled their departure from Post.

According to the testimony of Mr. Bonham, Oregon has been much more successful than Washington and most other states in getting rid of anarchists, communists and I. W. W. some credit being due to the firm handling of such cases by United States Judge Wolverton of Portland whenever they happened to get into his court.

Speaking of his success in deporting dangerous aliens, Inspector Bonham told the committee: "We have been rather flattered, and from what I hear from other districts I think we have been fortunate."

In ordering the release of radicals taken in the January raid of the department of justice, Acting Secretary Post allowed loose 14 men seized in Oregon and a score or more captured at Seattle, Spokane and other Washington cities.

The papers in deportation cases seized by a sub-committee of the house immigration committee yesterday at the office of Acting Secretary Post will in substance be laid before the committee next Monday.

SHIPPING ARBITERS FAIL

(Continued From First Page.)

Demand for an eight-hour day was granted, union officials threatened to spread the walkout to the longshoremen and other harbor workers' organizations and "completely tie up the port."

Mr. Mantell admitted tonight that 2000 of the 3000 men engaged on ferryboats had answered the strike call. Thirteen hundred men employed on barges, he said, had been automatically thrown out of work by the walkout.

The railroads are prepared to fight the union "to a finish," Mr. Mantell asserted, and that the marine workers will find out that they are not dealing with the railroad administration now.

Efforts today were being concentrated, he added, on the running of ferryboats "in order to care for the traveling public here." Necessary food supplies for New York.

Other than causing a few hours delay in the receipt of today's deliveries, the strike failed to affect the city milk supply. Officials of the two large distributing companies announced that there was no danger of an immediate milk famine because of the walkout.

Freight handlers on two Lackawanna railroad piers in Jersey City went out this afternoon in sympathy with the harbor men. These are the first workmen of this company to quit.

NORBECK IS CHALLENGED

North Dakota Non-Partisan Seeks Series of Debates.

SIOUX FALLS, S. D., April 2.—Tom Ayres of Zeona, S. D., who was nominated at the primary on March 23 as a Non-Partisan league candidate for United States senator, has challenged Governor Peter Norbeck, who was nominated for the office by the republican party, to a series of debates on public issues and policies.

This is the first intimation that the Non-Partisan league intends to wage an active campaign to elect its candidates at the general election in November. This year the Non-Partisan league for the first time entered the South Dakota primary with a ticket of its own, covering chiefly state offices.

The papers in deportation cases seized by a sub-committee of the house immigration committee yesterday at the office of Acting Secretary Post will in substance be laid before the committee next Monday.

GERMANS TO MAKE FIGHT

Bar Committee Appointed to Defend War Criminals.

LEIPSIK, April 2.—The committee, which under the direction of the German Bar association is to defend the persons on the allied extradition list, has notified all parties concerned through newspaper advertisements to communicate immediately their addresses to the committee.

The committee's notification says that the defense of these persons to be tried before the Leipzig tribunal is in the hands of duly qualified lawyers who officially are bound to secrecy and who by the rules of the court cannot be called upon to give evidence.
