FOR SALE-AUTOMOBILES. GETTING BIGGER AND BETTER

EVERY MINUTE!

THAT BIG "MECHANICS" SALE" "MECHANICS" SALE" OF

It's so big and going so fast that — while it was only planned to go one week—we haven't the heart to stop it.

USED CARS

THE IDEA CAUGHT

ON BIG.

—the idea of letting them go just as they are—to please the fellow fand there are a lot of 'em) who likes to do his own tinkering—instead of painting them and putting them in good shape ourselves before selling them.

The latter way—which is the customary way, means lots of time and trouble and investment for us—all of which costs something and which we have to add, of course, to the price of the car.

The former way—which is the way we have adopted in this sale—is to lef them go just as we receive them—in quick and out quick—no time or trouble and expense in handling—and no increased price in Nolved for the customer to pay.

People seem to like it—and ne wonder. It isn't the paint and looks that you pay for in a meter car—it's what's really inside of it. So if you know how to judge a car—how to look under the sur-face—this sale offers you the

CHANCE OF A LIFETIME TO SAVE A PILE

-by having the necessary repairing and painting done yourself. Besides, you can use your own taste about color and your own judgment as to what the car really needs.

We intended to close this out-of-the-ordinary method of dispos-ing of used cars Saturday, because there's no profit in it for us on such a basis; but it has been so popular that we have yielded to the demand to continue the same proposition for another week.

GET IN ON IT BEFORE ST. PETER CLOSES THE GATE.

Come and look over the append-list; it includes nearly every own make of good cars; and ep in mind that a good used car better than a cheap new car.
