PORTLAND, April 6.—(To the Editor.)—In an editorial, "Japan Grasps Opportunity," The Oregonian says: "If President Wilson had assented to ratification with the reservation which withholds American consent to the Shautung deal and with the other Lodge reservations, the United States would now have been a member of

Such Results as Cason Accident. PORTLAND, Or., April 6.—(To the Editor.)—The accidental killing of young Cason by the discharge a revolver dropping from a police-man's belt could have been avoided

In the military service it is considered a serious offense for a person to carry a pistol with the chamber on which the hammer rests loaded. It is in there on the d. q.
