## STATEMENT

Analysis by our experts of large supplies of Coco-Nut oil disclosed to us, quality not up to the standard. Consequently, we were compelled to reject thousands of pounds which necessitated the temporary shutting down of our San Francisco plant. Supplies have now been received and our tests show them to be of the choicest QUALITY. NUCOA is better today than it has ever been, although we had thought it could not be improved. We will never use questionable materials, they must stand the NUCOA test for PURITY and QUALITY. This alone IS why NUCOA IS and ALWAYS will be the BEST NUT MARGARINE on the American market. The above was the one and only cause for the temporary shortage of NUCOA.

The quality of NUCOA is plain wonderful.  
It is made honestly, it never varies.  
NUCOA is never made to fit a price.  
We never juggle NUCOA QUALITY.  
Our formula is as fixed as the  
multiplication table.
