# PORTLAND STRIKE APPEARS ON WANE

Switchmen Reported to Be Deserting Walkout.

#### FREIGHT TRAFFIC IS RESUMED

Companies' Ultimatum for Return to Be Enforced.

#### UNION MEETING IS HELD

Joint Session of Loyal and Re belious Factions Considers Next Steps to Take.

#### .................. SUMMARY OF STRIKE CON-DITIONS.

The strike of insurgent switchmen yesterday was marked by: The decision of 600 yardmen at Chicago to return to work today, breaking strike at point where it originated. Freight embargoes lifted.

Defections from ranks of strikers reported everywhere. Large sections of country, notably New England, southeastern, northwestern and mountain states, virtually unaffected by walkout.

Fears of food famine in New York allayed by arrival of sup-New Jersey traffic hampered

by strike of several thousand Seven hundred switchmen at

Milwaukee vote not to return to Two hundred and fifty strike at Wellsville, Ohio.

More quit in Pittsburg region. Five hundred abandon jobs at Peorin, III.

Cleveland blast and steel mills begin laying off men.

Evidences yesterday were plentiful to sustain the belief that the switch men's strike in Portland terminal railroad yards, which has halted locat freight operations almost entirely for and was shrinking steadily.

Freight movement increased yesterday, when all lines reported the resumption of shipments from the'r terminals, and in some instances, the return of striking switchmen to their jobs. Approximately 16 men have de serted the illegal strike, it was said, ten returning to the O.-W. R. & N. ompany and six to the Spokane, Portland & Seattle yards.

#### Switchmen Hold Meeting.

hate last night the switchmen, both strikers and those who remained at work, were in session in Albina, in their union hall, to determine whether the strike should continue. The assembly was called by W. J. Babe. deputy vice-president of the Brotherhood of Rallway Trainmen, who is in Portland as an emissary for the resteration of order among the switchmen, and to persuade them to acgulesce in the demands of their union

officials and end the unofficial strike At no time has the passenger serv ice been seriously hampered by the strike. Trains from the Northern Pacific terminal yards, Union station, invasion of Mexican territory by left and arrived on schedule time yesterday, with four full crews working The switchmen constituting these crews are men who have been long in the service of the company and who declined to join the rebel unionists.

Switching Work Simplified. Passenger trains arriving at Union station are backed across the river and turned on the "Y" when it is time for them to make the return trip. Once reversed in this simplified fash ion, without the aid of the customary switching crews, a new engine is coupled on and the train backs intethe station again for departure-on

schedule. The Southern Pacific mustered one yard crew at Brooklyn yards yesterday-three switchmen and a foreman -and worked to such effect that three freight trains were moved last night, ending the tie-up in the Southern Pacific yards.

Ultimatum to Be Enforced. The men on the new crew were un employed switchmen who answered an advertisement calling for strike breakers. Company officials said that the ultimatum against strikers, which went into effect Saturday, will be rigorously enforced and that none of plane in four hours and one minute the rebel unionists will be reinstated.

All yesterday morning the O. W. R. company, in its Albina yards, had five switch engines working, with complete crews. During the afternoon shift, however, only one crew was a work, company officials saying tha this was sufficient to take care of the ALLEGED SLAYERS FREED business while connections with othe lines remained inadequate.

At Umatilla, according to the O. W. R. & N. dispatcher, where the night shift struck early yesterday, the witchmen have all reported back for work. But at The Dalles, by late reports, the entire yard crew was still Hilda Neamy, whose body was out on strike.

Two switch engines, with full comelements of men, were at work yes-(Concluded en Page 2, Column 2)

tal 8. doubt about the ten delegates in way, Colo., and McCracken, Kan. North Dakota credited to Johnson. These delegates were originally picked as Wood men, but won in a INDEX OF TODAY'S NEWS primary in which Johnson's were the only ones on the ballot." The delegates are understood to contend that the primary preference is TODAY'S Fair, winds becoming southnot binding because the voters had no opportunity to express themselves on any candidate except Johnson. Dark Horse in Prospect.

The chances for a dark horse still

exist with one candidate. Senator Harding of Ohio, directing his course straight toward that goal. Harding has tried to keep on good terms with all other candidates and their friends and would not have shown any opposition to General Wood had not the latter's "friends in Ohio insisted that his name should go on the ballot against Harding." As a consequence, Harding is playing Hiram Johnson in Ohio for second choice. It has been remarked several times of late that the probable dark horse, if there shoud be a call for one, is more likely to be Charles E. Hughes, who, by his own personal course, has jockeyed himself into the position of a popular semi-pros stirred to action by favorite and the ideal compromise between the ultra conservative and those of the other extreme.
