PERSONAL 'AD' ANSWERED

Mrs. Bert Fritch, Formerly Mrs. Myrtle Briggs, Tells of Becom-

ing Ensnared on Dare. "I never knew it to fail: a woman's

nto some sort of trouble."
Such was the frank admission of Mrs. Bert Fritch of Vancouver, Wash., formerly Mrs. Myrtle Briggs, 216 El-bridge apartments, Portland, who told a reporter of The Oregonian yester-day that she had carried on matri-monial correspondence with Richard Huirt, alias Watson, the Los Angeles "Bluebeard," who is said to have married a score of women during re-

oent years.
Mrs. Fritch, however, insists that their brief letter-writing courtship did not terminate at the altar, and in spite of the notoriety which she feels certain must come to her as a result of her letter-writing escapade, she finds solace in the fact that she cannot be listed as one of Huirt's numerous wives.

Bride Has Worry.

Mrs. Fritch, who embarked on her third matrimonial venture about three months ago, is a strikingly handsome woman of about 40 years. and her chief concern yesterday was in wondering what her bridegroom of three months might say when he learned that she must be brought into the remantic tangle of the much-married Huirt.

RECENT RULING FOLLOWED

Trackage Will Not Be Acquired; Rise in Fare One Cent Is Expected.

Decision to submit to the voters of Portland at the general election the bond issue of \$5,525,090 was reached at a meeting yesterday of the special committee of the council composed of City Commissioners Bigelow, Barbour and Mann.

The proposed issue is to carry out the suggestions of the public service commission in its recent carfare decision, with the exception of the acquisition of trackage, which was considered impossible because of constitutional restrictions. These items in-

sidered impossible because of consti-tutional restrictions. These items in-clude license and franchise taxes, re-moval of the major portion of pres-ent bridge tolls, abandonment of free carriage of city employes and de-ferred paving reconstruction which should have been handled during 1919. In addition the relief to the com-pany planned in the bond issue would relieve the company of a portion of the costs of new paving and of the costs of reconstructing old hard sur-face streets during the next 13 years.

Bonds to Be 13 Years. Authority will be sought to issue one-year bonds, to bear not to exceed six per cent interest. It is planned to issue not to exceed one-half million dollars of bonds each year and retire such bonds at the expiration of year from the date of issuance.

The voters will be asked for the authority to issue such bonds for a period of 13 years, the term of life of the present franchise ordina the Portland Railway Light & Power

ompany.

If the bond issue is approved, the council will be able to give the traction company an average yearly relief of \$292,000 which would cost the general taxpayers an average of \$425,120 yearly.

Under the council committee's plan.

The police are trying to catch a thief who has been operating in the public market and vicinity for several days, and who has taken several cares of eggs, besides other loot.

Patrolman Healey was advised that Marriage Offer Made.

"A short time after that I moved to Portland, and it was after I arrived here that I received an answer. Huirt or Andrews, expressed a strong desire to meet me and wanted to know if I was really serious in consenting to consider his matrimonial offer.

"I had forgotten all about the man until I received that letter, and then my daughter-in-law thought it would be good fun to continue the correspondence. It was my son's daughter A thief who was apparently now a dark of the care of eggs. Desides other loot.

Patroiman Healey was advised that no less than three men had lost cases for pavement, resulting from necessity of laying reinforcements under the rails, and all extra work required to know if I was really serious in consenting to consider his matrimonial offer.

"I had forgotten all about the man until I received that letter, and then my daughter-in-law thought it would be good fun to continue the correspondence. It was my son's daughter A thief who was apparently necessarily of laying reinforcements under the rails, and all extra work required to traction company.

Tax to Pay Interest.

Remaining charges removed from the company will be paid for from the proceeds of the bond issue, it was announced. A tax levy each year will be required to pay interest charges.
