

ROTTEN GOVERNMENT MUST GO, SAYS RED

Three States Marked for Destruction Soon.

GREAT RUIN FORESEEN

Large Size Contract Undertaken by Revolutionists, Says Letter Sent to Senator Poindexter.

OREGONIAN NEWS BUREAU, Washington, April 19.—Seattle and Tacoma and the states of Oregon, California and Nevada are marked for destruction by a coalition of the I. W. W. and Japanese, according to a letter received by Senator Poindexter recently and turned over to the department of justice.

The letter, written in a scrawling hand and enclosed in an envelope bearing the return address of the national I. W. W. headquarters in Chicago, also correctly identifies when "this rotten money government shall be overthrown and the I. W. W. flag of freedom" will float over the White House.

It is a very sizable contract for destruction which the revolutionists are according to the writer of the letter, who says: "We, the international reds, advise you that we have no rest until we overthrow this rotten money government and the soviet I. W. W. flag of freedom floats in the breeze of the White House in Washington, D. C."

Wholesale Ruler Forecasts. "Remember, senator, Seattle is the main headquarters for the Pacific coast and the northwest. We reds will tie up all logging camps, shingle mills, sawmills, shipyards, etc. If we reds don't get more money soon, we will practice sabotage and wreck machinery, drive copper licks in vines, copper mills in ruins, and burn down buildings and ruin your state of Washington if you legislate against us reds in congress and the senate in the next year or two."

"We reds have an alliance with Japan and Mexico, Japan, after defeating the United States, will bombard San Francisco with 14-inch naval guns. We won't let the Japanese build a bridge across the bay and Johnson will be glad to legislate to turn the good Japanese people right."

"Remember, senator Poindexter, we will come with Japan as sure as there is a God in heaven, and then we will start to burn the cities. We bet all port commission and private docks will be idle, all shipyards closed down. We won't let the Japanese get a foot on the ground."

States Bartered for Coin. "We reds have traded to Japan the states of Oregon, California, Nevada and Lower California for a certain sum of Japanese money paid to us international reds to finance our bolshevik soviet government. We reds and the soviet government in the United States, Canada, Mexico, Central America, etc. Long live the emperor of Japan. Proclaim the soviet government, Trotsky of Russia and Emperor William II of Germany."

United States Senator McCumber of North Dakota and Attorney-General Palmer can give you some valuable information regarding the international reds, whose aim is to overthrow this rotten government."

Remember, senator McCumber, we will come with Japan as sure as there is a God in heaven, and then we will start to burn the cities. We bet all port commission and private docks will be idle, all shipyards closed down. We won't let the Japanese get a foot on the ground."

Remember, senator Poindexter, we will come with Japan as sure as there is a God in heaven, and then we will start to burn the cities. We bet all port commission and private docks will be idle, all shipyards closed down. We won't let the Japanese get a foot on the ground."

SHIPBUILDING PLANT BEING DISMANTLED

Only Three Offers Received By Fleet Corporation.

PLANT BEING DISMANTLED

Decisions as to Sale of Government Property Awaits Return of Pacific Coast Manager.

Only three bids were received by the supply and sales division of the emergency fleet corporation for the dismantling of the shipbuilding plant of the Columbia River Shipbuilding corporation, which returns to the government by the fleet corporation. Bids were opened at 2 o'clock yesterday afternoon for the dismantling of the plant, which is located at the mouth of the Columbia river, near the mouth of the Willamette river. The sale of all the government property in the Columbia river yard will be closed, or all bids rejected, by C. O. Yoakum, Pacific coast manager of the supply and sales division, when he returns to his headquarters in this city from San Francisco. Mr. Yoakum is expected here in a few days.

In connection with the sale by the government of two shipbuilding yards and other equipment in the yard of the Columbia river shipbuilding corporation, it became known yesterday that work of dismantling this plant is already under way. No further contracts are being sought, it was stated by Alfred E. Smith, president of the corporation, and the entire equipment is to be sold.

This announcement by Mr. Smith sets at rest recent rumors to the effect that the Columbia river yard was to be taken over and used in conjunction with that of the Northwest Steel company. That the Northwest Steel company, which is to operate the former plant of the Northwest Steel company. That the Northwest Steel company, which is to operate the former plant of the Northwest Steel company.

Government concerns to bid on the government and other equipment in the yard were the Alaska Iron & Wrecking company.

Pacific Coast Shipping Notes. ASTORIA, Ore., April 19.—(Special.)—The steamer Columbia River, en route from Honolulu, was taken in tow off the coast of Oregon today.

DEMURRERS TO INDICTMENTS ARGUED IN COURT

Attorney Bogle Pleads for Former Fleet Corporation Official Now Charged With Fraud.

SEATTLE, Wash., April 19.—(Special.)—Demurrers to two indictments returned by the grand jury in the case of Attorney Bogle, charged with fraud, were argued in court today.

Attorney Bogle, representing Captain Blain, said the alleged fraudulent salary claims prior to October 2, 1918, according to existing statutes, were not made to a person named as an officer in the military, naval or civilian service of the United States.

On October 2, 1918, congress amended the act fixing the status of fleet corporation officials. Attorney Bogle said, but it so happens that the salary claims made after that date are said in the indictment to have been made to a person named as an officer of the fleet corporation, whereas they were not approved by Auditor Dean.

Another probe is ordered. Sinking of Fishing Trawler Ituna to be Investigated Again. SAN FRANCISCO, April 19.—A second investigation of the sinking of the steam fishing trawler Ituna near San Francisco, which occurred on March 13, will be made as the result of the complaint of George Nevin that his steamer, which was abandoned in its bunk, was not properly cared for by the United States steamboat inspector for checker Young Nevin, whose home was in San Francisco, and George Orton of Aberdeen, Wash., who lives on the ship.

The Ituna was abandoned in a few minutes and not one of the crew was seen. Captain Nevin said that the Ituna was abandoned in a few minutes and not one of the crew was seen. Captain Nevin said that the Ituna was abandoned in a few minutes and not one of the crew was seen.

Prices on New Hull Sent in by Iron Works: Award Postponed. Three bids were received by the port of Portland committee for the construction of a new steel hull and deck house and the installation of machinery in the Columbia. The lowest of these, \$417,000, was submitted by the Pacific Marine Iron Works, which is located in Tacoma.
