

TURK SEEMS LIKELY TO STAY IN EUROPE

Allies, Without U. S. Aid, Cannot Effect Ouster.

COUNCIL MEETS IN ITALY

President Is to Be Fully Informed as to Why His Contentions Cannot Be Accepted.

SAN REMO, April 19.—(By the Associated Press.)—The allied supreme council began its formal sessions today in the Villa Devauchau, on the hills to the northwest of the main town.

In considering the Turkish treaty, the council decided to reply to President Wilson's note, giving him full explanations as to why it could not accept the points he made in this connection.

The allied reply in thus supplying full information is taken here to indicate their general attitude toward the United States in treating the unsettled European problems.

The Turkish treaty was approved by the council today in the general form in which it was drawn. Changes were made in two points. It was decided to request Turkish plenipotentiaries to present themselves in London May 10 to receive the treaty.

Turk Treaty Disposed Of.

Ghaleb Karamanli, 22, a member of the Turkish armistice commission, is here, but for what purpose is not known.

The draft of the reply to President Wilson will be submitted to the council tomorrow.

This afternoon the council concluded consideration of the Turkish treaty.

While the Turkish question was on the programme for first consideration by the conference today, it develops that there already has been discussion over the question of enforcing the execution of the treaty of peace with Germany.

Premiers Millerand, Nitti and Lloyd George, after their meeting with Foreign Minister Salolaia of Italy; Philippe Berthelot, political director of the French foreign office; Earl Curzon, British foreign minister, and numerous secretaries yesterday at the Villa Devauchau, in the afternoon at Premier Nitti's hotel.

Pressure on Germany Urged.

They were agreed without a moment's discussion that Germany should be told in the most positive manner that she must observe the treaty.

Premier Lloyd George suggested economic pressure, depriving Germany of food, raw materials and insurance which she confide negligent. Premier Millerand is described as having said that such pressure, without the use of naval or military aid, would in effect be no pressure at all. The only warning that would be respected, he asserted, would be force—the application of such force as the military and naval advisers might deem sufficient.

Premier Lloyd George, it is said, resisted this conclusion. Premier Nitti inclined toward the British prime minister's view, and the matter rests there for the present.

EVICTIOIN HELD IMPOSSIBLE

Eviction of Turk, It Is Said, Hangs on U. S. Responsibility.

WASHINGTON, April 19.—The allied reply to President Wilson's Turkish note is expected by diplomatic officials to point out that without acceptance by the United States of responsibility for part of the burden of the solution of the Turkish question, the allies have found it impossible to adopt his suggestion that the Turks be driven from Europe.

The allies hold, it was said, that the eviction of the sultan was impossible without assumption by some power, preferably the United States, of the obligation for the protection of the staninople and contiguous Turkish territory. For economic and political reasons, officials said, choice of another power than the United States was precluded and since the United States has refused the proffered mandate, no other solution than to leave the Turk in Constantinople under allied control was possible.

Representations that the southeastern boundaries of Bulgaria were definitely delimited by the Bulgarian peace treaty, signed by under-Secretary of State Polk last year in Paris, it is known, has been made to the state department, in connection with President Wilson's suggestion that part of eastern Turkey, now Turkish territory, "should become part of Bulgaria." This suggestion, it is believed, will be answered by a referee to the Bulgarian treaty.

It was discovered last week that the state department does not possess an official draft of a Bulgarian treaty signed by Mr. Polk.

The council of the league of nations has agreed informally, according to information reaching Washington, that it cannot assume the mandate for Armenia, as was suggested by the council of premiers in Paris. Importance is attached by officials to the decision since an almost essential preliminary to a discussion of Turkish readjustments by the San Remo conference will be a definition of the conference's attitude toward Armenia.

The fact that it does not control military forces and other machinery necessary to the administration of a state is understood to have been the basic reason for the decision of the premiers. The council will suggest, however, officials here believe, that Armenia should be placed in the category of new states to be controlled indirectly by the league—such as former German colonies—and that some neutral state be designated as mandatory.

"No one will contend that the government will realize the full amount invested. If all the securities owned by the government, including its investment in liberty and victory bonds, were sold on the market for cash, it is quite probable that the loss to the government in these transactions alone would total more than \$250,000,000 on a total investment of more than \$460,000,000, including the investment in inland waterways.

"Assuming that the railroad securities owned by the government would shrink \$250,000,000 by the present conversion thereof into cash, the total loss to the government, including the loss to the government on the operation of railroads amounts to \$1,375,000,000, leaving out of consideration any question of under-maintenance."

NURSE UP FOR LARCENY

TRAINED ATTENDANT CHARGED WITH PILFERING.

Mrs. Pearl Rowan Alleged to Have Removed Articles From Patient's Home.

Mrs. Pearl Rowan, a trained nurse, was arrested yesterday by Police Inspector Mallett on a charge of robbing a patient afflicted with sleeping sickness. She was held under \$25 bail for appearance in municipal court today.

Mrs. Rowan had been employed for a week at the home of Mrs. L. A. Patterson, 463 East Ninth street North. Mrs. Patterson has been seriously ill with sleeping sickness for more than two weeks. After the advent of Mrs. Rowan into the home as a nurse, members of the family alleged they missed various articles about the home, including wearing apparel.

A search warrant was procured yesterday and a search of Mrs. Rowan's trunk revealed four pairs of gloves which members of the Patterson family identified as belonging to Mrs. Patterson. Mrs. Rowan asserts the gloves are her own.

A complaint charging the nurse with larceny was filed in municipal court with Mrs. J. Q. Jamison, a sister of Mrs. Patterson, as complaining witness.

Mrs. Rowan has been in Portland for about three weeks, having come here from Los Angeles. She has a boy about 13 years old.

Klamath Tribe Alleges Money and Land Not Received.

OREGONIAN NEWS BUREAU, Washington, April 19.—Representative Sinnott's bill authorizing the Klamath tribe of Indians in Oregon to sue the federal government in the court of claims for alleged losses in lands and tribal funds was passed by the house today. The Indians contend that the boundary commission which fixed the boundaries of the reservation in 1895 deprived them of 4000 acres which belonged to them. They also alleged that they have due them approximately \$100,000 under their treaty which has never been paid.

LETTER FROM MRS. BRUCE

Tells Remarkable Story of Sickness and Recovery.

Brooksbury, Ind.—"When I was a young girl I clerked in my father's store and lifted heavy boxes which caused displacement and I suffered greatly. I was married at the age of 18 and went to a doctor about my trouble and he said if I had a child I would be all right. After three years twins came to us and I did get all right but three years later a baby boy came and I was troubled again. I could scarcely do any work at all and suffered for four years. A neighbor told me about Lydia E. Pinkham's Vegetable Compound and I took it for a year or more. Now I have a baby girl and do not have any female trouble. You can do anything you like with my letter to help others."—Mrs. J. M. Bruce, R. F. D. 3, Brooksbury, Ind.

This Is Better Than Laxatives

One NR Tablet Each Night For A Week Will Correct Your Constipation and Make Constant Dosing Unnecessary. Try It.

Poor digestion and assimilation mean a poorly nourished body and low vitality. Poor elimination means clogged bowels, fermentation, putrefaction and the formation of poisonous gases which are absorbed by the blood and carried through the body.

The result is weakness, headaches, dizziness, coated tongue, inactive liver, bilious attacks, loss of energy, nervousness, poor appetite, impoverished blood, sallow complexion, pimples, skin disease, and often times serious illness.

Ordinary laxatives, purges and cathartics—sals, oils, calomel and the like—may relieve for a few hours, but real, lasting benefit can only come through use of medicine that tones up and strengthens the digestive as well as the eliminative organs.

Get a 25c box of Nature's Remedy (NR Tablets) and take one tablet each night for a week. Relief will follow the very first dose, but a few days will elapse before you feel and realize the fullest benefit. When you get straightened out and feel just right again you need not take medicine every day—an occasional NR Tablet will then keep your system in good condition and you will always feel your best. Remember, keeping well is easier and cheaper than getting well.

Nature's Remedy (NR Tablets) are sold, guaranteed and recommended by your druggist.
