Threats Being Openly Made Over Occupation.

American Observer Says Trouble Is Tentious Not Whipped Enough; Almost as Arrogant as Ever.

BY LINCOLN EYRE. (Copyright by the New York World. Published by Arrangement.)

PARIS, April 19.—(Special Cable).—All Germany is smug with rage over the continued French occupation of Frankfurt and other Rhineland towns, and is threatening openly to begin war again against France if it could be assured that Great Britain and America would not interfere.

This is the new and sensational turn in the French-German situation, the news of which has been brought to Paris by Americans who have just returned from Germany.

These Americans declare that most prominent Germans who, during the war, were the bitterest and most outspoken critics of everything English and American, are now acting as self-appointed missionaries, so to speak, to cultivate better relations with the Americans and British. These Germans are doing everything possible to poison the minds of Americans and English against the French in the hope of creating a breach in the entente.

All Join in Hating France.

Leaders of political factions, apparently forgetting their own personal party interest, all are joining to find which can hate the French most. The Americans declare it is common talk in the streets, cafes, restaurants and hotels of German cities, that the Germans hope to pave the way now for a new attack on France. Many men in high places are boasting to Americans and Britishers: "When we are sure America and Great Britain will stand aside, we will give the Frenchman a kicking from which he will never recover."

In response to any attempt to draw out the Germans on the subject of Germany, it is inevitable that they answer that Germany's economic life cannot be separated from the economic life and that Germany's greatest need now is credit and raw materials from America and the world.

An American who lived in Germany before the war, who has just had an exceptional opportunity to study German character and conditions of today, who, for business reasons, declines to permit the use of his name, said to the World correspondent today:

"The trouble with the Germans is that they have not been whipped hard enough. They are as arrogant as they were before the war, but letting up and they will be more arrogant than ever. Germany complains of suffering, but Germany today is in far better position to retaliate than France. Every factory in Germany is intact, every foot of ground is being cultivated and if Germany can avoid compliance with the terms of the peace treaty, in one year she will have outdistanced France commercially and economically."

Ruhr Valley Reported Quiet.

Americans and British who have been touring the Ruhr valley report conditions there quiet, but the Germans are fearful that France will occupy the Ruhr district permanently and so make France the greatest industrial center of Europe. The stand the British have taken and the belief that America is in accord with it somewhat counterbalances this, however, and the Germans are losing no opportunity to curry favor with the British and Americans in furtherance of their hopes to revenge themselves against France at no distant time for her insistence in carrying out the terms of the treaty.

If the German government places an embargo on imports and confines Germany's commerce with the outer world exclusively to exports, as dispatches from Berlin indicate will be done, the chances of an economic arrangement with France in the near future are greatly dimmed, according to the opinion of French official circles.

NEGRO LYNCHED BY MOB

WHITE YOUTH, CAPTURED BY POSSE, NOT HARMED.

Girl Found Tied to Two Trees and With Throat Slashed, But Will Probably Recover.

PITTSBURG, Kan., April 19.—A mob estimated at 1000 persons late today surrounded the jail at Mulberry near here, seized a negro identified as having attacked a white girl here this morning, and hanged him to a telephone pole.

The mob did not molest a white youth, who, with the negro, was captured by a posse. After the lynching the youth was removed from the jail by the authorities.

The attack upon the young woman took place while she was going to Mulberry from her home. She was found tied to two trees by a small boy. Her throat was slashed. According to physicians, however, she probably will recover.

After their capture, the negro and youth were taken to Mulberry where officials announced that the young woman and the youth had identified the negro as the assailant.

News of the arrests spread rapidly and the mob soon gathered. Then while part of the crowd held the officers back, others pried the bars from the jail window, dragged out the negro and led him to the telephone pole. A posse was produced and the hanging took place.

The negro's body was cut down by officers tonight and sent to Mulberry.

BISBEE RAID DESCRIBED

WIFE OF DEPORTEE RELATES DRAMATIC STORY.

Mrs. Myrtle Reep Tells of Alleged Vicissitudes of Husband Kidnaped in 1917.

TOMBSTONE, Ariz., April 19.—How she followed her husband who was on strike through his various alleged vicissitudes as a deportee, was the story dramatically told today by Mrs. Myrtle Reep of Los Angeles, testifying for the state at the trial of Harry E. Wootton, charged with kidnaping in connection with the Bisbee deportations of July 12, 1917.

"On the morning of the deportations, four men entered my room looking for my husband," Mrs. Reep said. "I asked them to retire in order to give me time to dress. They left the room, but returned a moment later before I had time to finish putting on my kimono. They then searched the house and, failing to find my husband, left."

"I dressed hurriedly and went down to the postoffice, then to the railroad station, trying to find my husband. Finally I learned that he was in the Warren asylum. The men looking for my husband, Mrs. Reep said, "I did not see them until I met him at Douglas last, several weeks later on his way back to Bisbee to face the draft."

Both Mrs. Reep and her husband, Ben Reep, testified that when they returned to Bisbee, Captain Harry C. Wheeler, then sheriff of Cochise county, who has repeatedly assumed responsibility for the deportations, said to Reep: "You had better be good to me, because I am on the exemption board."

P. L. Crawford, a miner and rooming-house keeper of Jiggerville, who said he joined the mine strike called shortly before the deportations, testified that he was hit over the head with a club until the blood streamed from his head and then was thrown into the line of deportees.

GUN PLAY IS CHARGED

Bootblack and Merchant Figure in Alleged Property Exchanges.

Jim Mattio, held to the grand jury last week on larceny charges preferred by Joe Lemma, a merchant of Linton, filed a civil action in the circuit court yesterday against Lemma, Frank E. Beatty, private detective, and Albert Ferrera, attorney, demanding return of property valued at approximately \$5000, said to have been extorted from him at the point of a revolver.

Mattio accuses the trio of taking him to Ferrera's office, where he says he was cuffed, threatened with the penitentiary and cowed by a revolver display until he agreed to turn over to Lemma his shoe repair and shoe shining shop at Linton, several notes due him and other property.

Mattio was held to the grand jury on the charges of Lemma, who said that property valued at more than \$2400 had been stolen from his store during the past year. Mattio was said to have confessed to thefts during the past six months.

STEEL PRICES HELD DOWN, GARY AVERS

High Living Costs Fought, Stockholders Are Told.

DIRECTORS ARE ELECTED

"Every Reasonable Effort to Check Carnival of Greed, and Impostion" Is Advocated.

NEW YORK, April 19.—Elbert H. Gary, chairman of the United States Steel corporation, informed the stockholders at the annual meeting in Hoboken today that the corporation was holding down the prices of its products because of the high cost of living.

Referring to inquiries made by stockholders as to why, in view of the great demand, the cost of production and prices received by other manufacturers, the prices of the corporation's products had not been raised above those fixed by agreement between the industrial board and steel manufacturers March 21, 1919, he said: "It seems to us the problem of high cost of living is of convincing importance."

Greed Carnival Opposed. "When the increasing tendency is to insist upon payment of unreasonable sums for every commodity and for every service, so that the vicious whirl of advancement seems to be unending, we think there is a moral obligation on the part of everyone to use all reasonable efforts to check this carnival of greed and impostion, even at some sacrifice."

"There is a growing discrepancy between different individuals and interests. The man with a fixed income is more and more disadvantaged and he is helpless. He cannot increase his income to meet the increased cost of living. Therefore, it should be the effort of all to establish and maintain a reasonable basis of prices, otherwise the government must interfere."

Prices Held High Enough. The attitude of the corporation on prices, Mr. Gary added, has had considerable influence in preventing increases in the general selling prices of steel, although some (manufacturers) have made them.

ALLEGED FORGER CAUGHT Man Taken From Train Said to Be Wanted in Several Cities.

CHEHALIS, Wash., April 19.—(Special).—A man alleged to be W. E. Schumann was taken from a Portland-bound train here today to answer a forged charge. Schumann is wanted for alleged crimes in Seattle, Tacoma, Vancouver, Ione, Oregon, and other points. The man under arrest claims to have been connected with the Henningsen Produce company, Enterprise, Or.

Non-Partisan League Rapped. MEDFORD, Or., April 19.—(Special).—At a meeting here tonight under the auspices of the State Taxpayers' league, Arthur Foster of Clyde, N. D., spoke against the non-partisan league of North Dakota. Senator Pierce of La Grande also spoke against the league and in favor of his bill for a divided session of the legislature.

Farmers Will Build Elevator. BAKER, Or., April 19.—(Special).—A project backed by co-operative farmers in the district of Haines assures the construction of a \$20,000 grain elevator with a capacity of 45,000 bushels of grain. It will be built on the same site as the proposed \$5000 hay warehouse, for which funds already have been secured.

LABOR UNIONS NOT OPPOSED. "We do not combat labor unions as such. We, of course, acknowledge the natural right of labor to organize; but we insist that a labor organization should be subjected to governmental control and regulation like other organizations. Discrimination by law in favor of or against any particular class is detrimental to the interests of the general community."

Mr. Gary said that public approval of the recent decision of the United States supreme court, refusing to dissolve the steel corporation, was practically universal and added in this connection:

"So far as the corporation and its subsidiaries are concerned, we shall not disregard the laws of the country or the public interest."

It had been the ambition of the manager of the corporation, he concluded, to prove that a corporation may be possessed of mind, heart and soul.

Directors Are Elected. Referring to many letters from stockholders asking why dividends on common stock were not increased, Mr. Gary said that the management desired to add to the intrinsic value of the stock regardless of stock exchange quotations, and this principle sooner or later would be reflected in increased selling prices.

Stockholders elected W. J. Philbert, Samuel Mather, Thomas Morrison and John S. Phipps directors for the term ending in 1923. No nomination was made for a successor to Daniel C. Read, whose term expired this year.

Land for Crippled Veterans Plan. OREGONIAN NEWS BUREAU, Washington, April 19.—A bill was introduced today by Representative Sinnott of Oregon permitting soldiers, sailors or marines physically incapacitated in the service during the war to take title, without further
