

TWO MORE STATES REVOLT IN MEXICO

Secession Movement Spreading Rapidly.

TAMPICO IS THREATENED

Rebel Commander Occupies Town of Tuxpan With 3000 Men and Is Moving Toward Port.

WASHINGTON, April 21.—Reports from Mexico, official and unofficial, today emphasized the growing strength of the revolutionary movement led by the state of Sonora.

Advices from private sources said two new states, Hidalgo and Tlaxcala, supported by local legislators and state troops, had joined in the secession movement. Other dispatches told of scattering but strong additions to the revolutionists led by Generals Arnulfo Gomez, Rodolfo Gallegos, Al-bundo Gomez and Amaro Murango.

The Mexican embassy issued a formal statement, declaring the revolution to be only a local movement. The statement added, however, that if the secession movement spread, it would result in the "stoppage of business, curtailment of wealth and international commerce and the indefinite postponement of the foreign debt."

Zacatecas Joins Revolt. The embassy said the only state governors sympathizing with the rebellion were those of Zacatecas and Michoacan. This was the first confirmation received here that the Zacatecas governor had joined the revolutionists and his accession is regarded as important owing to the important position of his state.

Another statement from the embassy said General Carranza, campaign manager for General Obregon, who is a candidate for the presidency and is siding openly with the revolutionists, has been wounded in a battle at Cotacuzco in which the rebel forces were defeated.

The senate committee investigating Mexican relations today summoned General Salvador Alvarado, who was governor of the revolutionary state during the Huasteca controversy and who is now in Washington, to appear before it Tuesday.

Tampico Reported Threatened. Private advice from the border said General Arnulfo Gomez was threatening Tampico. These advices also declared that Colonel Rodolfo Gallegos and 400 men in Llaneros, Nuevo Leon, are in favor of Sonora as had Generals Al-bundo Gomez and Amaro Murango in Chihuahua.

Reports at the state department said a group of 15 deputies has left Mexico City for Sonora by way of Laredo. It was learned among the 48 who recently issued a manifesto charging Carranza with having precipitated the present situation by his arbitrary civil and military acts against the various states of the republic.

Officials here have noted that the censorship is being rigidly enforced in Mexico City. Copies of Mexico City newspapers received yesterday and today contained many blank columns, especially on the editorial pages.

Peace Commission on Way. AGUA PRIETA, Sonora, April 21.—The commission named by the Mexican congress is en route to Sonora to attempt to adjust the difference between the revolutionary states and the national government, according to unofficial advices made public here today by Francisco Elias, a leader of the Sonora movement against President Carranza. It was said the commission was due at Laredo, Tex., today.

Military Rule Possible. SAN ANTONIO, Tex., April 21.—Unofficial Mexican City advices received in San Antonio here today said President Carranza has asked the Mexican congress to "suspend individual guarantees" in order that the entire country may be placed under military law. The report could not be confirmed at the Mexican consulate.

Rebels Hold Sinaloa. NOGALES, Sonora, April 21.—General Angel Flores is in complete command of Culiacan, capital of Sinaloa, and unopposed by the Carranza forces, according to official information given out at Sonora military headquarters here today.

Federal Conciliator Effects Settlement of Trouble.

After being on strike for 15 days, 120 men, half the force of the Silver Falls Lumber company at Silverton, Or., returned to work yesterday, says G. Y. Harry, federal conciliator, who is back in Portland after dealing with the situation. The strike took place when five men were discharged and the others walked out, claiming that the five had been dismissed because they belonged to the timber workers' union, it is said. Mr. Harry succeeded in getting a committee representing both sides into a conference and the strike was settled on the following basis: The discharged men are to be reinstated and the question of discrimination will be acted on by a committee consisting of one from the union and one from the firm, these two to select a third. The company insisted that the men were not dismissed because they were members of the union and declared that the company has no such policy of discrimination.
