Approximately 75,000 guests will be here for the occasion, declared W. J. Hofmann, who acted as chairman of the day, and the facilities of Portland will be taxed to a point where the co-operation of a number of churches, already 90 patrols and 79 bands have definitely arranged to come, he said, and 684 out of the total of 704 available extra Pullman cars in the entire United States have been chartered. It has already been arranged that 254 Pullman cars will be parked within the city to care for the visitors. Fifty-eight hotels will be filled to capacity, as will a number of churches, school houses and club buildings. Portland is expected to care for 25,000 persons in private residences, Mr. Hofmann said.

Dr. S. M. Strohecker was called upon to report for the medical committee and stated that the physicians and hospitals of the city are being enlisted adequately to care for Shriners who may be stricken with illness. Frank Grant reported on behalf of the decorating committee, plans for the beautification of the city. The sum of \$20,000 has been raised for outside decorations, including \$5000 for an arch of welcome, \$12,000 for converting the light poles in the business district into pin trees and the remainder for arranging electric light streamers over 45 blocks, decorating the streets with garlands of cedar roping and similar decorations.

CANDIDACY INDORSED BY WASHINGTON DELEGATION.

Statement Is Issued and Asks That Support Be Accorded in Presidential Race.

OREGONIAN NEWS BUREAU, Washington, April 21.—

In behalf of Senator Poindexter's candidacy for the republican presidential candidacy the Washington state delegation issued a statement today indorsing him and asking support for him as the candidate of the Pacific northwest.

Senator Jones led the signatures to the statement, which included also Representatives Hixley, Miller, Johnson, Summers and Webster. The statement reads:

"We deem Senator Poindexter especially well qualified for the nomination not only because of his ability, but on account of his record upon the great constructive and progressive measures and questions of the last 10 years. We take pride in the favorable consideration that has been given throughout the nation to his candidacy. This consideration, which is now plainly evident, especially in eastern centers, but is a signal reflection of his ability and of the recognition of and advantage to the country that will result from his election."

ROSARIANS PLAN DANCE

SOCIAL SEASON TO OPEN WEDNESDAY, APRIL 28.

Plans Include Picnic May 22 and Minstrel Show in June.

Island Trip Is Hope.

An informal dancing party will open a social season for the Royal Rosarians Wednesday, April 28, in the ballroom of the Multnomah hotel. The dance will be for members only.

To arrange for the social activities of the Rosarians during the next two months, E. J. Jaeger, president, has appointed an entertainment committee composed of Frank V. Smith, chairman; George Harmon, Ira E. Wierge, D. Wayne Watts and L. Ethridge. On Saturday afternoon, May 22, the organization will hold a picnic at the Automobile club grounds on the Sandy river. The outing will be followed by a dance in the clubhouse in the evening.

Early in June it is planned to stage a minstrel show, complimentary to members of the organization and their friends. Members of the Rosarians are planning on a trip to Honolulu in February, 1921, although the plans have not been completed. It is expected to charter a steamer and invite members of the various marching organizations of the cities of the Pacific coast to join the Royal Rosarians in this journey.

During the Rose festival in June, members of the Rosarians will act as escorts to the festival queen and other dignitaries as is the usual custom.

PACKING COST TO SOAR

Indications Point to 30-Cent Apple Box Shooks.

HOOD RIVER, Or., April 21.—(Special.)—The cost of packing apples will soar this coming season. While the box market is still indefinite, indications point to 30-cent box shooks, as compared with an average of 18 cents last year. Growers will pay from 12 1/2 cents a pound, for layer boards, to 17 and 18 cents for light-weight wrapping paper for papers for their boxes this year. These prices are from 25 to 50 per cent higher than last year.

The labor situation for orchardists is improving. While growers were finding it difficult two weeks ago to obtain men, an influx of new workers has struck the valley and the help supply now is fairly plentiful. Growers are paying from \$30 to \$100 a month.

Overall Club Postponed.

TWIN FALLS, Idaho, April 21.—(Special.)—The establishment of an overall club in this city has been postponed indefinitely. A few are seen on the streets garbed in denim or khaki, but the majority are still wearing their old clothes. Students at Gooding college have succumbed to the craze and are going about their work clad in gingham and overalls—the former clothing being used for girls' attire and the latter for masculine attire.

Hood River Trails Sold.

HOOD RIVER, Or., April 21.—(Special.)—County Commissioner Black-E. has purchased from E. E. Lange a seven-acre orchard tract on the east side. The consideration was \$6000. Bert Hebard of the Franklin district has purchased from W. M. Kaestner the latter's 20-acre orchard place, about 15 acres of which are in trees. The consideration was \$7000.

Gasoline Runs Low.

HOOD RIVER, Or., April 21.—(Special.)—When the supply in the bands of filling stations in the country exhausted Hood River will be without gasoline. Garage men, however, will attempt to bring a supply here from Portland over the Columbia river highway.

Request Made to Commission.

"At the time the agreement was drafted it was first determined not to present it to the state fish and game commission for their consideration until the fall meeting. However, there were parties present who believed that the fish and game commission had power under present game laws to change the opening and closing of fishing seasons, as well as the interests of the state, and for this reason the following clause was inserted in the agreement, to-wit: "It is agreed that a copy of this agreement shall be forwarded and filed with the state fish and game commission, with the request that the provisions herein be at once put in force and effect, pending legislative enactment."

After this a very small portion of the ointment may be applied to the scalp twice a week just to keep it moist and stimulate a natural hair growth. At all drug stores, 25 and 50 cents.
