

PEOPLE TO PASS ON RELIEF PROPOSALS

Measures of Interest to Car Company Up to Voters.

COUNCIL CALLS ELECTION

Citizens to Decide On Plans Providing Remission of Various Charges to Company.

Methodist Pastor Leaves Record of Having Built Two Big Churches of Coast.

A special city election May 21 was ordered yesterday by the city council for the purpose of submitting three measures to the voters, each offering financial relief to the Portland Railway, Light & Power company, with a view to keeping to a minimum any increase in fares which may be granted by the public service commission.

The city council decided that but three measures would be submitted. This was because of a special conference made by the county commissioners, whereby the city will pay but one-fifth of the total election costs, approximately \$4000, instead of the usual charge of one-half, as has been the case when the city submitted a large number of measures at special elections held in conjunction with state elections.

The first of the three measures to be voted on provides for relieving the company of license and franchise fees and a portion of the bridge tolls, and also provides that the company shall not carry city employees without payment of the prevailing fares. This measure further provides that ten-tenths of 1 mill be levied for 1920 to cover the costs of such relief and that the council be authorized to levy not in excess of three-tenths of a mill for the same purpose each year thereafter.

Pavement Relief Proposed.

The second measure covers the cost of new pavement, relieving the company of payments on work which would have to be done if the tracks were not at present in the streets. All costs for excess work will be charged to the company. A tax levy of six-tenths of 1 mill for 1920 is provided, and three-tenths of 1 mill for each year thereafter.

The third measure proposes to relieve the company of pavement reconstruction and repair costs when such repairs and reconstruction would not result because of the trucking in the street. The plan for relief in this connection is on the same basis as new pavement, and a tax levy of 1 1/2 mills for the first year and 1 mill thereafter is provided.

The proposals were worked out by a special transportation committee of the council composed of Commissioners Bigelow, Barber and Mann and drafted by Deputy City Attorneys Tomlinson and Latourrette. The measures yesterday were approved for submission to the voters by unanimous vote of the council.

Matter Up to People.

The measures were the result of reference of the street car problem to the city council by the public service commission, following an extended hearing on the application of the traction company for an increase in fares. The public service commission contended that the voters of the city of Portland held power to grant certain relief to the car rider which if applied would prevent an increase in fares.

However, the city council found that it would be unconstitutional to carry out the entire plan submitted by the public service commission. It was estimated that the relief provided in the three measures submitted would total approximately \$500,000 yearly, and that such relief would render unnecessary an 8-cent car fare, as was held necessary to give the company the relief to which it is said to be entitled. However, with the relief provided in the submitted amendments to the city charter granted, it is held certain that an increase of 1 cent, or a 7-cent fare in Portland, will follow. Failure of the passage of the measure will be followed by a 2-cent increase in car fare, it is said.

BANK PROVIDES LIBRARY

Ladd & Tilton Management Appreciates Work of Club.

The Ladd & Tilton bank has installed a library for the benefit of its employees, in appreciation of the activities of the club organized by employees of the bank which issues a monthly publication entitled "The Fifty-Niner." June 1 a special number will be issued in observance of the 61st anniversary of the founding of the institution. The library will consist of about 100 volumes at a beginning, including an encyclopedia, text-books and special publications devoted to banking, and general literature, economics and financial problems.

Members of the Ladd & Tilton bank club also have several classes organized for special vocational study and the management was prompted by this display of energy and enterprise to provide reference works to aid in their work.

BERTH RATE UP MAY 1

Pullman Fare Increase of 20 Per Cent Soon Effective.

Increased Pullman rates granted by the interstate commerce commission will become effective May 1. Charges for lower berths will be increased 20 per cent, sufficient to make rate on a multiple of 25 cents and with a minimum rate of 72. This will make the Seattle rate \$2.50 for a lower instead of \$2 from Portland, and the rate to San Francisco will

be increased from \$1.50 to \$2.50. Upper berths cost 80 per cent of the rate for lower.

Drawing room rates are based upon the price of lower berths, and the drawing room rate between Portland and Seattle is increased from \$7 to \$9 and between Portland and San Francisco from \$15 to \$20. Seat rates of from 35 cents to 45 cents are increased to 50 cents, which becomes the minimum for this accommodation.

The minimum rate for tourist car berths is increased from \$1 to \$1.25, with a minimum charge for upper berths of \$1. The tourist car rate between Portland and San Francisco is increased from \$2.50 to \$3.

DR. D. H. TRIMBLE DIES

FORMER PORTLAND PASTOR IS DEAD IN LOS ANGELES.

Methodist Pastor Leaves Record of Having Built Two Big Churches of Coast.

Word of the death of Dr. Delmer H. Trimble, former pastor of Centenary Methodist Episcopal church, Portland, was received from Los Angeles yesterday morning. He had gone there with his family a few months ago in an effort to recuperate, but it is said he received little benefit to his health and he died Sunday. No announcement of a special conference has been made.

Dr. Trimble, who is survived by his widow and two children, was born in Canada, but came to the United States in early life. He first began work in the Oregon conference as pastor of the Eugene church, where his labors in building the new edifice made him known all over the northwest. After its completion, he was assigned to Centenary church, Portland, which he served with good results and it was then that he was transferred to the Puget sound conference and placed in the pulpit of First church, Tacoma. In Tacoma, Dr. Trimble erected the most commodious and convenient church plant on the Pacific coast. There he suffered a physical collapse and, in an effort to save his failing health, a bishop transferred him to an Illinois charge. He served but two weeks there before leaving for southern California.

Dr. Trimble, in addition to building two of the finest stone churches in the northwest, was rated as an able preacher. He was progressive and employed modern means in his work.

Indian Lands to Be Sold.

YAKIMA, Wash., April 26.—Bids for the purchase of 92 allotments of land on the Yakima Indian reservation will be received by Don M. Carr, superintendent and special disbursing agent of the Yakima agency, until 2 o'clock on the afternoon of May 3. As an indication of top values six 80-acre tracts have been appraised at from \$12,500 to \$21,000; seven 80-acre tracts are valued at \$5000 to \$7000, and 11 range from \$1000 to \$5000.

Wings of the morning!

A good cup of coffee for breakfast—how delightfully fragrant, how rich and smooth to the taste, what a wholesome invigorating effect it has! What a wonderful start for the day's work!

These delights are not in ordinary coffee. And yet they both cost about the same per cup—there is so much more flavor in good coffee, so many more cups to the pound. Schilling's is one of the few really good coffees. If you like the way it tastes, it is the coffee for you. If you don't, your grocer pays your money back.
