

RESULT OF MEXICAN LABOR IS CONFIRMED

Aid From American Federation Is Expected.

LEADER TELLS PROGRESS

Juan Rico Asserts Move Not Bolshevistic but Legitimate Attempt to Get Rights.

AGUA PRIETA, Sonora, May 2.—(By the Associated Press.)—Confirmation of widespread reports of the anti-Carranza labor movement throughout Mexico and the declaration that the American Federation of Labor is expected to give its support were made by Juan Rico, president of the Linotypers' union of Mexico and secretary of the executive board of the Mexican labor party, here tonight.

According to Senor Rico, the American Federation of Labor will vouch for the fact that the movement is not a bolshevistic uprising, but a legitimate attempt to achieve industrial freedom in Mexico. Senor Rico insisted that a statement from the American Federation of Labor should be expected shortly despite reports that the American Federation of Labor originally aided in bringing about recognition of President Carranza.

Outlining the progress of the movement to date Senor Rico said:

"So far the armed forces of workingmen number nearly 10,000. The labor party has sent its delegates to various states of Mexico to spread the movement.

Peasants Take Up Arms.

"In Vera Cruz, Samuel O. Judico and Eulalio Martinez have organized their forces and invaded the state of Puebla, taking Zacatlan, Zacapoaxtlan and Amozoc.

"In Zacatecas, Eduardo Moneda and Tomas Leal arose in arms with the peasants of Rio Grande. Fernando Rodriguez and Reynaldo Cervantes Torres have taken up arms in the states of Garcia and Bimbaltes, Zacatecas. Jose L. Correa and C. Perez Ruiz have revolted with forces from San Pedro de las Colonias. Ricardo Trevino is working with the Mexican mining union of Coahuila.

"In general, all the workers of the country are in the struggle, forgetting in the face of common interest all personal rancors.

"The movement is developing, and there is no doubt but that on the side of Carranza a more serious fighting will break out, and one by one will expose those who have made vile traffic of the revolution and are now first conservatives seeking to sink the country to preserve the fortunes made with the blood of the people."

Madero Revolution Reviewed.

After outlining the causes of the Madero revolution and the assassination of its chief, Senor Rico continued:

"Carranza, apt pupil of the traitors, abandoned the people when he sought to surround himself with elements virtually as corrupt as those that were defeated at Celaya and Trinidad. "The old man of Coahuila formed a clique of men anxious for power and pelf. The greedy traitor may keep his ill-gotten gains, but he need not dream that he shall longer remain an absolute despot, for the day of caesars and kaisers is past.

"In the meanwhile, the victorious people are marching swiftly toward Mexico City to establish a regime of honest men who will govern the country and its revolutionary ideals."

PLOT TO WRECK IS BARED

NEW YORK TRAIN DERAILED

Passenger Shunted Onto Siding

Crew Shaken Up, Bunk Cars Ditched.

NEW YORK, May 2.—(Special.)—A deliberate attempt was made to wreck a New York, New Haven and Hartford passenger train that left New York at 6:20 A. M. yesterday, and was due in the Grand Central terminal at 10:41 A. M.

No one was seriously injured in the collision that resulted on a siding just north of Torrington. The engineer and fireman narrowly escaped, but the passengers were tossed about and the big engine ploughed so deep that its cylinders were left level with the ground.

The railroad detectives and the Torrington police found the switchlock broken and the switch had been thrown, so shunting the passenger train on a siding. The lock was broken and plainly had been smashed with a rock.

On the siding stood a "bunk" car with two freight cars ahead. Engineer Boynton put on his air brakes, but the train's momentum carried it on. Boynton and his fireman, Thomas Sparks, sat tight while the locomotive drove into the "bunk" car. The "bunk" car and freight cars were hurled from the track.

BISHOPS ATTACK PROFITS

(Continued From First Page.)

Church for Ministers, Bishop McDowell Declared.

"The protestant church as a whole has never been wise or adequate in its care or thought of youth.

"We do not now abate one jot or tittle of our hostility to liquor's indescribable crime against the world," the bishop said when discussing prohibition.

In regard to church union the bishop asserted, "the problem is far deeper and more significant than simply fusing two or more denominations and much deeper than any plan of organization. The motive for union must be big enough to carry the movement, big enough to last in all lands in all years."

The address was devoted to answering the question: "What is our chief business at the present conference?"

Blinded Christendom Feared.

It divided the question into 11 subdivisions, as follows:

What is our chief business at this

conference on behalf of the church itself? Concerning the young life of the world? With reference to the social, industrial and economic conditions in the world? On the race problem? As we face divided and dismembered Christendom? In regard to the non-Christian world? With reference to rural life? With reference to city life? With reference to extending, perpetuating and conserving the outstanding features of stewardship, interest and the world vision brought to the church in the centenary movement? With reference to the reconstruction of Europe? With reference to world peace and the new internationalism?

In its bill of particulars the address said:

Law Violations Denounced.

"Of course the church will stand in unflinching, uncompromising denunciation of all violations of law; against all murderous child labor; all foul sweatshops; all unsafe mines; all deadly tenements; all starvation wages; all excessive hours for those who toil; all profligate luxury; all standards of wage and life below the living standard; all unfairness and harshness of conditions; all brutal exactions, whether of the employer or union; all overlordship, whether of capital or labor; all godless profit-eering, whether in food, clothing, profits or wages; against all inhumanity, injustice and blighting inequality; against all class-minded men who demand special privileges or exceptions on behalf of their class. "Surely," said the address, "we must take strong grounds against any more and against any further use of a method of settling difficulties."

Covenant of Peace Urged.

"Surely we must commit our church to the principle that international troubles shall be adjusted by counsel and arbitration, not by guns and the slaughter of men; that the nations of the world shall be bound together by a working covenant of peace; that, however it shall be brought about, such a covenant should be made between the president of the United States and the senate of the United States as shall secure a real and effective covenant of peace between the United States and the nations of the world; that narrow nationalism shall not set itself against world unity and a true internationalism."

HARVARD CLUB AT BOSTON REJECTED

Membership in Associated Organization Denied.

LIBERALS DISCUSS ACTION

Application Reported Ignored Because of So-Called Discrimination as to Opinions.

BOSTON, Mass., May 2.—(Special.)—That the Harvard Liberal club's application for membership in the Associated Harvard clubs of the United States, a group which comprises about 200 liberal clubs in 150 cities all over the country, has been rejected was revealed at a luncheon yesterday at the Crawford House by William Paine Everts.

President Everts read a long letter on the subject and referred to extensive correspondence covering a period of more than a year. The documents brought out the information that the Harvard Liberal club, about a year ago, had urged that the Harvard Liberal club make application for membership in the Associated Clubs.

According to the letter, President Kimball of the associated clubs, appointed a committee consisting of Jerome D. Greene, E. M. Crossman and Thomas W. Sloum, to take charge of the application.

Committee Is Accused.

Everts charged that this committee did nothing at all in the matter of getting in touch with the Harvard Liberal club with regard to its own history or purpose. The committee never sought any information whatsoever from the Harvard Liberal club itself, nor did it come into consultation with the club officers, declared Mr. Everts.

On April 20 the club received notice that the application for membership in the associated clubs had received the disapproval of the investigation committee.

Part of Mr. Everts' correspondence referred to a suggestion of one officer that the Harvard Liberal club should be asked to state its own grounds that the territory was too small for two such organizations and that the work would better be accomplished by joining forces. The letter charged that the Harvard club entirely and unconditionally steps whatever in this direction.

Discrimination Is Alleged.

One of the reasons pointed out as to why the application had not been favorably acted upon, was that the Harvard Liberal club discriminated among Harvard men as to opinion, whereas other Harvard clubs do not do this.

Mr. Everts pointed out that all these allegations were denied, and that in fact, he called attention to the refusal of membership which was made by the Harvard Liberal club to Joseph Macy last winter on the grounds that Macy was a socialist.

Everts declared that the committee had made to find a middle ground of agreement, but none had been found. He urged that the Harvard club, now in session in Washington, for settlement.

TACOMA PLANT BURNS

LOSS IN WATERFRONT FIRE PUT AT \$100,000.

Flames Leaping Hundreds of Feet Into Air Make Blaze Spectacular; Nearby Property Saved.

TACOMA, Wash., May 2.—Fire of unknown origin early tonight destroyed the plant of the City Mill works at Tacoma, the largest in the manufacturing district, and for a time threatened to spread to other industries. The loss was estimated at \$100,000.

Flames, leaping hundreds of feet in the air, consumed the plant itself within a half hour and made a highly spectacular, drawing thousands to the scene by the glare in the sky.

The Washington Parlor Furniture company buildings were ignited but the flames were extinguished by the fire department before serious damage resulted. Scores of small fires started on roofs of surrounding buildings but were extinguished on employees of the various companies.

A favorable wind is said by the fire department to have saved all buildings in the immediate district.

HEN OWNERS ORGANIZING

Winlock Poultrymen to Form Co-operative Association Branch.

CENTRALIA, Wash., May 1.—(Special.)—At a meeting held Wednesday night by Winlock poultrymen a permanent organization was effected.

Henry Prochel was elected president, Howard Darrah secretary and J. E. King, treasurer. Owners of approximately 200,000 hens signed up for membership.

Arrangements are being made for the establishment of a branch of the Washington Co-operative Egg and Poultry association. J. H. Guffey, representing this association, addressed the meeting, which was attended by a big delegation of Centralia poultrymen.

3 DEAD, 102 HURT IN MAY DAY FIGHT

Deportation Faced by Those Taking Part in Disorders.

FOREIGNERS IN CUSTODY

Alexandre Blanc to Be Prosecuted on Charge of Abuse of Police of France.

PARIS, May 2.—Official figures issued today give the casualties resulting from the disorder yesterday as three dead and 102 wounded; of whom six remain in hospitals, two of them in a dangerous condition. The arrests aggregated 192.

The foreigners among those arrested are to be deported.

Alexandre Blanc, extreme socialist deputy, who was injured in yesterday's clash with the police, will be prosecuted on a charge of abuse of the police. Parliamentary immunity it is said, will not apply to his case which, it is asserted, was a flagrant offense. M. Blanc was one of the deputies who met the Germans in Switzerland during the war at an international socialist conference.

Glasgow Has Demonstration.

LONDON, May 2.—The May day celebration at Glasgow was on an unprecedented scale.

A demonstration was held at Glasgow Green, at which a crowd of 40,000 persons adopted a resolution calling for the establishment of a co-operative commonwealth. The resolution embodied fraternal greetings to soviet Russia and proclaimed the right of the Irish people to choose their own form of government.

Spanish May Day Success.

MADRID, May 2.—The success of the May day celebration in Spain was the greatest ever experienced, from the workers' viewpoint. A procession of many thousands bearing banners and flags marched through the principal streets.

The only untoward occurrence reported was the firing of a shot from the balcony of a hotel fired several ineffectual shots as the procession passed.

Two Anarchists Killed.

ROME, May 2.—Two alleged anarchists were killed and 39 wounded at Turin in a May day clash with a detachment of the royal guards. A group of 200 persons carrying the black flag of the anarchists with rifles and hand grenades, seriously wounding two guards. The guards then opened fire.

One passerby was wounded in San Carlo square by a bomb thrown by a demonstrator.

Red Favors Worn.

BERLIN, May 2.—A sunny May day brought all Berlin outdoors to the parks and open spaces, at some of which there were meetings similar to the usual May day labor celebrations.

Everts declared that the committee had made to find a middle ground of agreement, but none had been found. He urged that the Harvard club, now in session in Washington, for settlement.

'SPUDS' TO BE INSPECTED

Washington Horticulturalist Goes South to Watch Crop.

SEATTLE, Wash., May 2.—(Special.)—F. N. Rhodes, state horticultural inspector, left tonight for San Francisco to begin a three months' inspection of potato shipments to Seattle.

On account of the indications of a reduced potato acreage in the northwest, heavy shipments of California potatoes are expected to begin here soon as the southern crop is ready to move in quantities. Because of the prevalence of the Colorado potato beetle, one of the most serious of the potato pests, inspection of the shipments will be made at the southern landing points to guard against the possibility of infected stock reaching here.

While the law does not prohibit the shipment of potatoes out of California unless inspected at the landing point, the stock cannot be placed on the market here until it is passed by the state horticultural department.

BUILDING PLANS SHAPED

Home Scheme at Aberdeen Meeting With Appreciation.

ABERDEEN, Wash., May 2.—(Special.)—The Aberdeen chamber of commerce home-building plan is taking shape although the time and money for the discounts to begin is still a month away. Four lot owners already have applied to the secretary for discount certificates on the material men, and five more have signified their intention to do so before June 1.

Officers of the chamber look for a much larger number as the time draws near and the plan has received more thorough advertising.

Mobilization Appeal Made.

PETROGRAD, May 2.—Leon Trotsky, bolshevik war minister, has addressed a mobilization appeal to the large cities of Russia. He declares that the central committee has decided to enforce new mobilization in the western front and Ukraine and directs that they "fling out an appeal for volunteers."

Important Measures in Congress Now Pending Said to Demand Stay in Washington.

M'ARTHUR TO STAY ON JOB

OREGONIAN NEWS BUREAU, Washington, May 2.—Representative Mearns today announced that he will not return to Portland for the primary election campaign, but will leave the city to attend to his friends and supporters. He is interested in the passage of a number of important bills before the senate, including the soldiers' land settlement and compensation adjustment legislation and a number of other bills before the senate.

"From the assurances that have reached me," said Mr. Mearns, "I have no apprehension as to the result. The American Federation of Labor and the Plumb Plan league are making a great drive against me, but the voters of my district understand the thoroughly selfish motives that actuate these organizations. My record shows a long list of labor measures which I have supported, but the above-mentioned organizations want congressmen who will be mere rubber stamps for their aims."

After a conference with Majority Leader Mondell, Mr. Mearns expressed the opinion that his resignation of congress will adjourn on June 5. He expects to leave for Oregon as soon as possible after adjournment.

MINING FRAUD CHARGED

Spokane Man and Wife Arrested. \$100,000 Declared Involved.

SPOKANE, Wash., May 2.—(Special.)—D. K. May, a Spokane mining man with office in the Rookery building, and his wife, Minnie, were lodged in jail here late last night after a number of warrants had been issued on warrants which charge them with defrauding W. M. Godfrey out of \$100,000 from stock in the Gibson Mining company of Kaslo, B. C. Their bonds were fixed at \$3000 each, as Deputy Prosecutor Grant had been notified by a number of investors that they had paid large sums for stock.

J. M. Wolbert, who avers he has received a Madrid indictment against May, declared that May had obtained more than \$100,000 from stock sales and that about 75 investors here and at Portland, Or., are interested.
