

ROADS ASK HUGE VOTE IN CONGRESS

\$500,000,000 Is Wanted to Buy Rolling Stock.

FREIGHT RISE PROPOSED

Increase of 24 Per Cent West of Mississippi Declared Need Before Commission.

WASHINGTON, May 6.—Railroad executives today asked Congress for an additional \$500,000,000 with which to buy rolling stock during the coming year.

Appearing before the senate interstate commerce committee, representatives of carriers declared that a serious and general freight rise existed through the middle west and that they were unable to borrow money on their own credit for freight cars needed to remedy the situation.

Trust Certificates Proposed. Samuel Rea, president of the Pennsylvania system, speaking for the roads, said that the government if it furnished the money, could take equipment and hold them until they could be sold advantageously to general investors.

Now the idea of what the roads needed in the way of equipment was given the committee by E. N. Brown, chairman of the St. Louis & San Francisco railroad, who declared the present shortage amounted to 220,000 freight cars, 3100 locomotives and 6000 passenger cars. He believed they could get along for a time with 100,000 freight cars and locomotives, but the total cost of which was estimated at \$815,000,000.

Mr. Brown testified that the carriers had paid as high as 8 per cent interest on equipment funds in the open market and finally had been told that \$25,000,000 of such funds could be borrowed for that purpose.

Grain Men Request Meeting. The railroad executives were called before the committee as the result of requests from western grain men that congress appropriate \$300,000,000 for building cars. The grain men stated quantities of foodstuffs were being held in storage in the west because of a lack of cars to move them to market and that this was a contributing factor to the high cost of food.

Rates Must Rise if Request. The railroad executives were called before the committee as the result of requests from western grain men that congress appropriate \$300,000,000 for building cars. The grain men stated quantities of foodstuffs were being held in storage in the west because of a lack of cars to move them to market and that this was a contributing factor to the high cost of food.

WASHINGTON, May 6.—After a series of informal conferences, democratic and republican members of the house agreed today there was no prospect of enactment of soldier relief legislation before the forthcoming recess for the political conventions.

Representative Knutson of Minnesota, and the republican whip, said that many members felt that the whole question should go over until after the November election so as to avoid the possible injection of partisanship in its consideration.

Rayburn of Texas, democratic whip and member of the ways and means committee which conducted extensive hearings on relief legislation, declared his sentiment was "rapidly changing" and that a majority of the democratic members of the house would support the bill.

Frank Lines Ask Raise. With the presentation of this application the commission had before it the requests of all the trunk line railroads for increase of rates. Reports for hearings will be set later, if any protests against the rates are filed.

Mr. Felton told the commission that railroad facilities were not commensurate with present demands.

Mr. Felton estimated that the immediate needs of the railroads of the country for new rolling stock total \$190,000,000 and said it would be difficult for them to obtain it through their own credit at this time.

Large sums, he said, also must be expended for other new equipment and for new construction, and in addition the western carriers must refund about \$20,000,000 of maturing obligations this year and next.

Income Drops, Assertion. Declaring that the net income of the western carriers fell from \$460,781,000 in 1914 to \$317,480,000 in 1919, Mr. Felton said that recasting of the 1919 account to the present cost of labor, coal and materials reduced the current net income to \$162,900,000. To raise this income to six per cent on the property investment will require, he estimated, an increase of 17 per cent in all revenues.

Since there is no intention to raise passenger tariffs the needed increase must be obtained by advancing freight rates 24 per cent.

Long standing differentials and rate relationships, Mr. Felton said, should be carefully observed in readjusting the tariffs.

Challenge Again Issued. Plumb Plan Supporters Send Another Message to C. N. McArthur.

The local Plumb Plan league is dissatisfied with the answer made by Representative C. N. McArthur regarding the plan. The league now demands further replies by Mr. McArthur and challenges him to a debate either in person or by proxy. Following is a copy of a message which the local branch has telegraphed to Mr. McArthur.

Your answer to our recent wire appeared in The Morning Oregonian. We have noted the contents.

The time has passed when important questions can be settled by calling names.

Members of the Multnomah Amateur Athletic club of both sexes, and invited friends will hike around Beacon Rock, one of the beauty spots on the river, next Sunday morning. The train will leave the North Beach depot at 10 a. m.

The leaders, Dr. J. W. McCullom and Fred L. Carlson, will wear a red hat that the party can easily be located at the depot. Special permission has been granted the Multnomah Amateur Athletic club, and in fine shape, this first trip of the season should be an easy one.

Arrested Man Conceals Name. Under the alias of F. C. Cross, a Portland man whose real name has not been divulged was fined \$200 by Judge Stroup at Oregon City Wednesday, according to announcement of members of the state board of examiners in optometry.

Members of the state board of examiners in optometry. Members of this board were complainants against the Portlander, who was accused of practicing optometry without a license and also of peddling spectacles. The arrest was made by Constable Ed Fortino of Oregon City. The arrested man pleaded a plea of guilty when successful in exacting a promise that his real name would not be made known.

JERSEYS OF OREGON LAUDED BY EXPERT

Publicity Great Need, Says M. D. Munn, Chicago.

BANQUET ENDS JUBILEE

Sale of Fine Cattle to Be Held at State Fair Grounds Today. Offerings Numerous.

SALEM, Or., May 6.—(Special.)—Oregon produces as fine Jersey cattle as are found anywhere in the world but the industry has suffered from the lack of publicity, according to statements made by M. D. Munn of Chicago, president of the American Jersey club and in charge of the Oregon Jersey Jubilee.

Resolutions favoring the passage of the milage tax for the elementary schools, the higher education tax measure and the soldiers' educational bill on the proposed election were unanimously adopted.

LAND PROBLEMS DEBATED

Rural Oregon Said to Need Good Roads and Easier Credit.

Good roads, easier and better credit to the farmer and the establishment of a comprehensive, workable scheme for clearing the land are the necessary steps toward the proper development of western Oregon, according to the declaration of L. J. Chapin of Salem in addressing the Progressive Business Men's club at its regular weekly luncheon yesterday at the Benson hotel.

Mr. Chapin is purchasing agent for the King's Dehydrated Food Products company at Salem, and has the distinction of having been the first county agricultural agent in the state of Oregon. R. W. Gill acted as chairman. He urged the co-operation of the business men and the city folk generally to help the farmer with the problems of ample credit and scientific marketing.

REED BALL TO BE SIMPLE

College Commencement Week Program Is Announced.

Read college seniors yesterday voted to have the annual senior ball in the assembly hall, instead of the gymnasium, with inexpensive decorations, a limited guest list and no supper.

Commencement week programme, including events for the seven days, was voted as follows: Sunday, June 6, baccalaureate address by Rev. W. T. McIlvaine; Monday, closing examinations and in the evening an organ recital by Lucien E. Becker; Tuesday, Reed river day; Wednesday, annual concert by the Reed college chorus; Thursday, senior class day; Friday evening, senior ball, and Saturday, June 12, commencement; speaker, Dr. John Merle Coulter of the University of Chicago.

The graduating class numbers 35, and four already have completed the college requirements for degrees.

Alleged Sheep Thefts Laid to ex-Moonshiner Rancher.

EUGENE, Or., May 6.—The first case of alleged sheep "rustling" in this county for many years came to light today when H. W. Buckingham, a rancher at Lincoln, Ore., was arrested by Sheriff Stickley.

He is charged with the theft of 22 head of sheep belonging to Hugh McFadden and R. J. Hendon of this city. They are valued at \$500.

It is alleged that Buckingham went into the pasture where McFadden and Hendon have a large herd, and took these sheep, obliterating the temporary brands and driving them home. Buckingham was convicted of moonshining about a year ago, a large still having been found on his ranch.

Howell Venire Futle Eight Men Remain of 163 Called for Murder Jury.

MARSHFIELD, Or., May 6.—(Special.)—Another special venire of 38 men, the fourth since the trial started, was ordered this evening by Judge Coke in the circuit court, in the Harold Howell murder case. This makes a total of 163 men who have been called for examination. Today those examined were excused for some cause or other another and not a single juror was selected.

There are still only eight men chosen. Attorney for the case today would not venture a prediction of when a jury would be completed after the discouragement of a whole day without result.

Children Get Prizes Today. Children who received ribbons in the pet animal parade held last Saturday will receive their prizes today if they report to the office of the Oregon Humane society in the courthouse after school. Numerous donations received have augmented the awards so that 40 gifts are to be handed out to the children.

Daughter Sues County. BEAD, Or., May 6.—(Special.)—Services as a nurse, performed by a mother for her daughter while the latter's family was receiving assistance from the county, constitute the claim on which the daughter, Mrs. J. E. Brown of Bead, is endeavoring to collect \$130 from Deschutes county, following the mother's death. The mother was retained as nurse last year at the suggestion of the daughter.

New Waste Burner Being Erected. BEAD, Or., May 6.—(Special.)—Excavation in preparation for the construction of a new waste burner was begun today at the plant of the Brooks-Seaman Lumber company. The burner will cost \$3,000, will have a diameter inside the steel shell of 44 feet and will be 150 feet high. As soon as the new waste incinerator is completed the burner now in use will be thoroughly overhauled and hold in reserve.

Evangelical Conference Opens. The 37th session of the Oregon conference of the Evangelical association was opened yesterday morning with Bishop G. Heimiller, D. D., of Cleveland, O., in attendance. Rev. H. R. Gell of Milwaukee was appointed secretary. The presiding elders, L. C. Schuster and F. E. Culver, read their annual reports, which showed success in all branches of church work. The sessions will continue today.

Teachers Will Get Bonus. BEAD, Or., May 6.—(Special.)—Teachers in the Bend schools will each receive at the end of the spring term, a bonus of half a month's pay. It was decided last night at the meeting of the board. A minimum and maximum salary limit was also fixed from \$1200 to \$1500 for grade teachers, \$1350 and \$1800 for junior high teachers and \$1500 to \$2100 for senior high.
