

60 NAMES OFFERED FOR FILM VIEWERS

List to Be Submitted to Board of Censors.

AUTHORITY TO BE LIMITED

If Show Operators Refuse to Make Eliminations, Citizen Viewers Must Appeal to Board.

Sixty names of Portland men and women will be submitted to the secretary of the motion picture board of censors today. The names represent housewives and professional men and women thought to be fair and open-minded on the subject of viewing photographs previous to their public exhibition in local theaters.

The names were selected by Mrs. Alexander Thompson, of 2150 E. Wise and C. S. Jensen, who form the board, each member having had the right to provide 20 names. All three lists have been indorsed by each member of the board, and the entire 60, when approved, will constitute the committee of viewers.

Viewers have no authority to condemn the pictures they witness. If, however, they ask the exhibitors or the film exchange manager to cut or censor a picture because they believe certain parts or the whole would not be wise to put on public exhibition and should be refused, they have the right to appeal the case to the motion picture board.

Final action rests with the board, which may either uphold the viewers and force every change originally suggested by them to be made or they may take action entirely as they see fit. Two viewers must witness every motion picture before it can be publicly shown in the city of Portland.

Names Are Announced.

INFLUENZA HITS ALASKA

FOUR-FIFTHS OF FAIRBANKS POPULATION ATTACKED.

Seattle Red Cross Hears of First Serious Epidemic in Northern Town.

SEATTLE, Wash., May 10.—(Special.)—Eighty per cent of the population of Fairbanks, Alaska, has been stricken with influenza and nine persons are dead, according to a cablegram to the Seattle headquarters of the American Red Cross today. More than 800 cases developed, and the three doctors in the town have worked incessantly night and day for a week in an effort to control the disease.

The message states that there has been no panic, that the well assisted the sick and that the local Red Cross chapter organized immediately to fight the epidemic.

Nenana is also reported as being seriously hit, with several hundred cases among both whites and natives and a dozen deaths. Fairbanks sent a special train to Nenana Friday May 7, carrying a doctor, a druggist and ten volunteer nurses to help the two doctors at Nenana. It is definitely reported that there is no shortage of medicine and that the worst of the epidemic probably is over. This is the first serious appearance of influenza in the Nenana valley which hitherto has been protected by the extreme isolation and by strict enforcement of quarantine.

300-Foot Seine Is Used to Catch One Little Fish.

Transfer of Lake Inhabitants to New Waters Falls.

SEATTLE, Wash., May 10.—(Special.)—News that all the fish in Swan lake were to be taken out by means of seines and transferred to Echo lake and other nearby waters attracted hundreds of persons yesterday. The banks of the lake were filled with people when the big 300-

foot seine was laid and the actual work of taking the fish started. Big cans holding fresh water were on hand and a five-ton truck waited to carry the live fish when the catch came in to the nearby lakes. The programme was carried out to the letter, there being only one little thing to mar the success of the big undertaking.

The entire north end of the lake was included in the broad sweep of the net, the rowboats 200 feet apart, starting toward the shore, with "Admiral" Bonn in the lead guiding the rowers to a pocket-like arrangement near shore where men in hipboats awaited the coming of the catch.

Excitement grew as the fishermen approached the shore. A movie man started cranking when the boats

OREGON PIONEER OF 1847 DIES AT ASTORIA.

ASTORIA, Or., May 9.—(Special.)—Elijah C. Jeffers, who died at his home in this city on Friday morning was an Oregon pioneer of 1847. He was born in Iowa, in 1829 and came across the plains by ox team with his parents in 1847, the family locating at Oregon City. Three years later the family came to Clatsop county and located on a donation land claim in the Lewis and Clark river district, where Mr. Jeffers made his home until 12 years ago when he moved to Astoria.

Mr. Jeffers was married in 1871 to Miss Jane A. Hess, who with five daughters and two sons survives him.

were 100 feet out from shore and coming in closer. Gradually the net closed until the men in hipboats near the shore were able to grasp the lead lines and relieve the rowers of their long strain.

Cans were filled with water and lined up on the bank. The engine was started in the five-ton truck and everything was made ready for the dash to Echo Lake.

One four-inch perch comprised the "haul." It died on the way in.

VANCOUVER FILINGS END

Drawings for Homestead Land to Be Held May 14.

VANCOUVER, Wash., May 10.—(Special.)—Filings for the Oregon and California grant homestead land, to which ex-service men were eligible to draw, has closed at the Vancouver land office. One hundred and three ex-soldiers filed for the four tracts offered. The drawing will be

LOGGING TO BEGIN SOON

Extensive Operations Contemplated on Lewis and Clark River.

ASTORIA, Or., May 10.—(Special.)—Approximately 2,800,000,000 feet of logs from the upper Lewis and Clark river and Humboldt mountains districts will be brought out via the Lewis & Clark railroad during the next few years.

A company owned by Max Houser and A. L. Mills Jr. of Portland expects to begin logging in a few days. The company recently purchased the Merrill tract and its camp equipment will include 14 large donkey engines. The camp will employ about 400 men and its output will be in the neighborhood of 200,000 feet of logs a day.

In addition, Lewis & Malone are now logging the M. J. Kinney and

Fred Moores tracts, while another company is contemplating beginning operations this summer.

Falling Tree Kills Logger.

HOQUIAM, Wash., May 10.—(Special.)—Marvin Kugan, foreman faller and his outfit were in the neighborhood of the Coates-Fordney logging camp, was killed Saturday by a falling tim-

ber. Kugan fought in the war and was known to loggers throughout this region.

Commander to Assume Duty.

CENTRALIA, Wash., May 10.—(Special.)—Rev. H. W. Thompson of this city, appointed by Governor Hart last week as commander of the soldiers'

home at Retall, will leave Wednesday to assume his duties.

Recruiters on Job Late.

For the benefit of ex-service men and others who desire information about the United States marine corps the local recruiting station has de-

ided to remain open until 8 P. M. It was found that many men who were working could not visit the station until after their work, and consequently found the office closed. From now on two or more men will remain until the appointed hour.

BURNETT SAYS HE COULDN'T HOLD JOB

Forced to Give Up Many Places Because of Rheumatism, but Is Well and Strong Since Taking Tanlac.

"I couldn't hold a steady job on account of rheumatism and had to give up several different positions but since taking Tanlac I never have an ache or pain in my body and am working hard every day," said E. J. Burnett, 4214 Forty-fifth avenue Southeast, Portland, Or., a machinist in the employ of the Singer Sewing Machine Co.

"For ten years now rheumatism and stomach trouble have been pulling me down and I had gotten to where I didn't expect to ever see another well day. My neck pained me so bad that sometimes I couldn't turn my head without moving my whole body. I couldn't even touch my neck it hurt so at times, and I had severe pains all through my shoulders. The muscles in my legs hurt me so bad I was often unable to walk a step, and I have had to give up several good jobs just on this account. I would work maybe a few weeks and then the rheumatism would get worse and I would have to quit and sometimes take to my bed. Often I couldn't get up or down and was in such pain I couldn't even turn over in bed. I also lost my appetite and my stomach got so badly out of order that the little I did force down disagreed with me. Nothing did me any good other than a little temporary relief.

"One day a railroad man from Lewiston, Idaho, advised me to try Tanlac and I have thanked that man many a time since for putting me on to such a fine medicine. Why? I went straight after my troubles and I could just almost feel the rheumatism leaving me. And now I don't believe there is a trace of it left in my body for I never feel a sign of it and I am as strong and active as I ever was. Eat, why, I can hardly get enough to eat and everything agrees with me perfectly. I am sleeping fine and can do as big a day's work as ever. I can certainly recommend Tanlac after what it has done for me.

Tanlac is sold in Portland by the Owl Drug Co.—Adv.
