GENERAL CONFERENCE ON

Many Matters of Church Interest Considered, Among Them Question of Amusements.

DES MOINES, Ia., May 10.—Part of the report of the board of home missions of the Methodist Episcopal church was presented to the general conference tonight in motion pictures.

The report was a combination of animated cartoons presenting tabloid dramas showing among other things the progress made in the rural church, in foreign speaking communities and other kindred branches of work.

Amusement Talk Given. J. Henry Smyth, Jr., of New York city, asked permission to be named to the sub-committee on recreation of the committee on the state of church, which committee is considering memorials submitted with reference to the amusement clause of the Methodist discipline.

Border Conditions Noted. Alleged conditions in certain towns on the Mexican border were reported in other resolutions. Places mentioned were Tijuana and Mexicali.

Teachers' training courses in Methodist-episcopal educational institutions were recommended as a means of relieving the shortage of school teachers.

DES MOINES, Ia., May 10.—(Special.)—At the Methodist general conference this morning Dr. W. W. Youngson secured the floor from the presiding bishop, Edwin H. Hughes, on a privileged motion and offered the following resolution:

EXCESSIVE ACIDITY is at the bottom of most digestive ills. KI-MOIDS FOR INDIGESTION afford pleasing and prompt relief from the distress of acid-dyspepsia.

The Joy Of A Perfect Skin. Know the joy and happiness that comes to one thru possessing a skin of purity and beauty.

Don't Let It Linger. A cough that follows a gripe or any other cough that "hangs on" from winter to spring wears down the sufferer.

order that her son may have the unique privilege of presenting her to the general conference. The delegates stood and cheered enthusiastically while Bishop Anderson escorted Mrs. Hughes down the long aisle and for several minutes she stood by the side of her honored son, but the conference was recalled from this high pitch of rejoicing to listen to a telegram announcing the death of Bishop John H. Vincent of Chicago, who for more than half a century had been a prominent figure in Methodist circles.

HAMAKER GOES MAD ECHO IN CONVENTION

Anti-Chamberlain Stand by Wilson Bodes Evil.

PARTY SPLIT THREATENED

Intriguing Inquiry to President Starts Trouble of More Than State-Wide Importance.

When G. E. Hamaker, democratic county chairman, sought from President Wilson political thunder to use against Senator Chamberlain, he started something. While Chairman Hamaker sought only something with which to fight Chamberlain he caused the president to make a reply which forecasts trouble at the national convention in San Francisco.

President Wilson's message to Mr. Hamaker insisted that the treaty of Versailles be adopted without change. Mr. Hamaker has taken the position that the president should compromise on the treaty rather than have the whole thing lost.

LETTER ALSO SENT PRESIDENT

Thus the intriguing inquiry sent to the president by the county chairman opened up trouble of more than state-wide importance. There is no question but that Mr. Wilson was thoroughly familiar with local conditions and knew that his reply would be a step beyond by sending it by telegram and having copies distributed to the 40 women delegates present to address the conference.

CHAMBERLAIN ANTS AIDED

It is interesting to note that Mr. Wilson did not have to answer Mr. Hamaker's inquiry. He could have ignored it. But, for reasons of his own, the president not only made a reply but went a step beyond by sending it by telegram and having copies distributed to the 40 women delegates present to address the conference.

SPLIT IS CONSIDERED LIKELY

Senator Chamberlain voted for the treaty, as Wilson wanted, and finally supported the Lodge reservations after Bryan urged democrats to compromise. This being the case the Hamaker plan of campaign against Senator Chamberlain is likely to cause a split in the party.
