

BISHOPS' ELECTION START FRIDAY

Action Indicates Speeding Up of Methodist Conference.

ONE NEW AREA IS LIKELY

Division in United States to Be Limited, but Will Be More General in Foreign Lands.

DES MOINES, Ia., May 11.—Activity of the Methodist general conference, in session here, indicated today that a report will be submitted on Thursday, which will make it possible to commence the elections of bishops and other officers of the church as early as Friday. If this is done it will advance the work of the conference several days over previous sessions.

Although no report has as yet been made, it was said that not more than one new Episcopal area probably will be created in the United States. However, a number will be created elsewhere. The delegates from India have asked for four, instead of two. There is also an insistent demand for a second area in South America.

Discipline Is Changed.
Announcement was made that Henry P. Dawson, head of the world Red Cross, has accepted the invitation of the conference to speak before it on conditions in Europe, and Monday has been set as the time.

After some argument a change in the discipline was adopted making it possible to remove the corresponding secretary of the board on Sunday schools without two-thirds vote of the board.

A report will be introduced by the committee on Epworth league, proposing that the name of the world Red Cross be changed from board of control to board of the Epworth league.

The committee on state of the church is considering the matter of adopting resolutions favoring the Kansas industrial court plan, and also asking for federal legislation to prevent lynchings. Both of these resolutions have been recommended to the sub-committees having them in charge.

Foreign Delegates Arrive.
Action of the conference today in adopting the recommendations of the committee of bishops that two negro bishops be elected, a number of delegates said, in their opinion, might delay the work of the Methodist Episcopal church north and south for some time. The action of unification still is in committee.

The recommendation that two negro bishops be elected was chosen by the conference by Dr. David G. Downes, chairman of the committee on episcopacy. When the conference adopted the report there was much enthusiasm. The action ended efforts started 25 years ago to elect negro superintendents for the negroes in the church.

The delegations representing the Methodist church in Chile and Argentina, South America, have arrived.

ALLEGED RED ARRESTED

Augustus Uney Said to Be Leader of Communist Party.

Augustus Uney, alleged leader of the communist labor party, was arrested yesterday at Fifth and Morrison streets and is held at the police station on a charge of criminal syndicalism.

Charges against Uney were preferred by Walter F. Geren, special investigator for the district attorney's office.

Uney is one of several alleged members of the communist labor party who have been arrested on warrants issued out of the district attorney's office when it became apparent that the government prosecution had proved a failure.

RATE HEARING MAY 24

Commerce Commission to Act on Petitions of Railroads.

WASHINGTON, May 11.—Hearings on the application of the railroad rate

"I WAS DOWN AND OUT," HE STATES

Seattle Man Gained Thirty Pounds on Tanlac and Is Back on Job.

"I count myself lucky that I got Tanlac," said William Weigel, 2602 Third avenue, Seattle, a well known employe of the city of Washington hotel, "for the medicine has really and truly built me up until I feel like a new man."

"Why, at the time I began taking Tanlac I was all down and out. But now I am enjoying the best of health and have picked up thirty pounds in weight in two months' time."

"About seven years ago my stomach got out of order and my troubles kept multiplying until it seemed like nearly everything was the matter with me. My appetite left me entirely and I could not eat anything without bloating terribly and suffering so much pain from indigestion that I could hardly stand it. Then my back and kidneys got to bothering me, rheumatism set in and I was in pain all over. I could not bend over and straighten up without suffering agony and had headaches and dizzy spells so bad I could hardly stand on my feet. My legs ached so bad with rheumatism that every step I took was in pain and many a night I could not sleep on account of my nervousness and misery. I lost weight and kept going down until I had to give up my job and thought I wasn't much longer for this world."

"So Tanlac has certainly had a good chance in my case to show what it can do. I began to improve right from the start and in a few weeks I was on my feet again. My stomach simply feels like a new one now and I don't believe anybody has a keener appetite or better health than I have. I am not surprised at my wonderful increase in weight and strength, for I have been eating like a hog and picking up rapidly ever since I finished my first bottle of Tanlac. I never have a pain of any kind now, am no longer nervous and dizzy, sleep like a child every night and feel better than I did even for years before my troubles started. After getting such wonderful results as this I could not do otherwise than recommend Tanlac."

Tanlac is sold in Portland by the Owl Drug company—Adv.

riers for increased rates in official southern and western classification territories were scheduled by the interstate commerce commission for May 24 in Washington.

The increases requested amount to a freight advance of not less than 30 per cent in eastern territory, 23.91 per cent in western territory and 31 per cent on a general freight and passenger increase of 21 per cent in southern territory.

The carriers will be heard in three groups conforming to the three territorial areas mentioned and the commission said it was not deemed necessary to aggregate property values for these several and respective groups which it will use in carrying out the provisions of section 15 of the transportation act be determined in advance.

Eastern carriers will be heard first, followed by the southern and western territories in order. Subsequently "evidence of a general character applicable to all the territories in opposition to the proposals" will be heard.

ACT SHOWS VERSATILITY

"MAN WHO DOES EVERYTHING" ORPHEUM HEADLINER.

Portland Engagement Closes With Matinee Today — Vaudeville's "Daintiest Girl" Attracts.

COMMISSION UPHOLD IN FIXING OF RATES

Financial Stability of Railroads to Be Considered.

TIMBER TRACTS AFFECTED

State Supreme Court Says Depreciation May Be Amortized So as to Yield Fair Return.

SALEM, Or., May 11.—(Special.)—The right of the Oregon public service commission to fix freight rates which will neither imperil the financial stability of the railroad companies nor prove unjust to shippers, was today upheld by the supreme court, headed down upholding the decree of Judge G. G. Bingham of the Marion county circuit court in the case brought by the Hammond Lumber company, Elwood Logging company, C. M. Christensen Logging company, Nehalem Investment company, Murphy Lumber company, Fishhawk Timber company, McPherson Timber company and the Detroit Trust company, corporations.

The public service commission to adopt and put into operation a tariff of freight rates submitted by the plaintiffs. The opinion was written by Justice Burnett.

The plaintiffs, according to the opinion, are owners of large tracts of timber in Columbia county in a region served by the Columbia & Nehalem River Railroad company, which owns and operates a railroad about 27 miles in length in that county, mainly for the purpose of hauling logs to the Columbia river.

Appeal Taken Against Rates.
The railroad company some time ago filed with the public service commission of Oregon its schedule of freight rates, which was contested before the commission by the plaintiffs. After a hearing before the commission, in which the plaintiffs and railroad company were both represented, the commission made an order fixing the rates on logs at a certain figure. Dissatisfied with this rate the plaintiffs instituted suit in the circuit court for Marion county to override the order of the commission.

The case was heard by Judge Bingham, with the result that he upheld the public service commission's freight rates. The plaintiffs then appealed to the supreme court for a determination of the suit.

"It was within the scope of the public service commission's authority to amortize this depreciation, as well as to yield to the carrier a fair return for its services," reads the opinion.

"To hold otherwise would be to say that when an individual or corporation devotes property to public use, it is to be considered as having sacrificed or offered on the public altar."

Other Opinions Handed Down.
Other opinions handed down today follow:

Blaser et al., appellants, vs. Jefferson Fleck et al., appellees from Tillamook county; action for conversion of personal property. Opinion by Justice Benson. Judgment for appellants.

San Williams vs. Seibert Brothers company and state fish and game commission, appellants; appeal from Multnomah county; petition for rehearing denied. By Justice Benson.

"Pioneer Show and Commercial Printing company, appellants, vs. Sidney Zetoch et al., appellees from Multnomah county; suit to recover money. Opinion by Justice Harris. Judgment for appellants.

Arthur et al., appellants, vs. H. H. Jones et al., appellees, vs. H. H. Jones et al., appellees from Multnomah county; suit to declare a deed a mortgage and to secure satisfaction of shares of stock. Opinion by Justice Harris. Judgment for appellants.

Central Pacific Railway company vs. W. W. Gage as sheriff and tax collector of Coos county; appeal from Coos county; mandamus proceeding to compel sheriff to accept payment of certain amount of money which the plaintiff alleges due for taxes instead of an amount the defendant claims. Opinion by Justice Burnett. Judgment for plaintiff.

500 APPLICATIONS FILED
Preference by Previous Settlement Claimed by About 50.

ROSEBURG, Or., May 11.—(Special.)—With the close of business on Saturday, May 8, approximately 500 applications had been filed in the Roseburg land office for Oregon and California grant lands, which were opened for filing on April 12.

Of these 500 applicants about 50 are parties claiming preferential right by reason of settlement previous to December 1, 1913. More than 50 per cent of all applications are by citizens of Oregon, and the greater part of these are residents of Douglas county.

Among the ex-service men who have availed themselves of the opportunity offered in the land opening are many prominent and well-known young men of Roseburg and vicinity.

A drawing will be held May 14 to determine the winners; where more than one applicant has filed for a particular tract of land. Probably more than 150 applications are free of any conditions and these will be allowed preference to the drawing.

Ex-service men continue to have preferential right of filing until July 8 and applications received from now on will be acted on in the order in which they are filed.

DRIVE TO BE SPEEDED UP
SALVATION ARMY TO ASSIGN STREET SPEAKERS.

Work Will Be Enlivened Evenings and Afternoons; Contribution Reports Said to Be Satisfactory.

As a means of speeding up the Salvation Army drive in Portland, public speakers will be assigned to street meetings during the latter part of the week and the work will be enlivened along all downtown streets during the afternoons and evenings, according to announcement yesterday by Milton R. Klepper, chairman of the speakers' bureau.

The division captains are beginning to suit the removal of the activities and these disclose satisfactory contributions in all lines of industrial, professional and business activities throughout the city. It is said.

At state headquarters it was announced last night the quota outside of Portland is considered completed, or will be when all missing districts and precincts are accounted for. With this knowledge before them, the speakers will arrive during the remaining days of the week to complete the job here in Portland.

BONDS TO BE SOLD IF STATE IN NEED

Board Puts Question Up to Highway Committee.

ANSWER ASKED AT ONCE

Governor Olcott Thinks Sacrifice of Nine Cents on Dollar of Securities Poor Business.

SALEM, Or., May 11.—(Special.)—Nothing short of a definite statement from the state highway committee that its road contracts and attendant financial obligations are of such a serious nature as to demand immediate attention, will warrant the state board of control in selling securities under the so-called federal aid highway act, until the bond market has recovered from its present unfavorable condition. This is indicated in a statement issued today by Governor Olcott and State Treasurer Hoff following a meeting held here to consider the bids for the sale of \$1,000,000 of these certificates of credit.

The following telegram was sent to the commissioners: "Do you consider situation as to contracts and obligations of the state highway commission of such a serious nature and demanding such immediate attention as to require acceptance of bids at such a low figure? Immediate and definite answer imperative."

Four Proposals Received.
Four proposals were received by the board, including that of Henry Teal & Co. of Portland, at \$8.10; the Lumbermen Trust company of Portland at \$8.06; the Freeman, Smith & Camp company of Portland, Halsey, Stuart & Co., A. B. Leach & Co., and E. H. Rollins & Sons, of Chicago, and O'Brien & Barr, of London, submitting one proposal offered \$8.50.

Both Governor Olcott and State Treasurer Hoff expressed themselves as dissatisfied with the bids, whereupon R. B. Goodin, secretary of the board of control, read a letter from the Oregon state government indicating that the commonwealth already had obligated its credit for the construction of forest and post roads to the extent of \$4,024,378.77, and the sale of the entire issue of \$2,500,000 authorized under the 2 per cent road indebtedness limitation act was necessary if the work already under contract was to continue.

No Funds Available.
The letter included a statement of road projects under contract or definitely obligated, and continued: "There are no funds on hand available in the discharge of these obligations. The state highway commission deems it necessary according to the terms of the state highway act to meet the state's obligations to contractors on federal aid road projects and our obligations to the federal government for our share of the co-operation of the state highway commission respectfully requests that the proceeds from the sale of these bonds be made available as early a date as possible."

Simon Benson and E. R. Kiddie, members of the commission, came to Salem and held a conference with the board of control last week. Mr. Benson stated at the session that it was imperative that the federal aid bonds should be sold and that the money derived from their sale should be available as early as June 10.

Failure to sell the bonds, he said, would be equivalent to putting the commission out of operation. He also said that the contracts were awarded during the year 1919, and that the state's reputation of the obligations would mean no end of trouble.

At that meeting Governor Olcott declared that while it was apparent that the board had no option other than selling the bonds, he thought it was poor business for the state to sacrifice 9 cents on the dollar on its securities.

The members of the board of control, following today's meeting, consider themselves between two fires and that there is but one solution of the problem. Neither State Treasurer Benson nor Governor Olcott are willing to let the highway department, yet both feel that the financial sacrifice necessary if the bonds are sold under bids received today, coupled with the abnormal cost of road construction under present conditions, is a matter which should be determined by the men actually at the head of the road program in the state.

As a result nothing will be done toward selling the bonds until a letter is received from the commissioners.

A bluff on the Virgin river, Nevada, more than 25 miles long, is composed of 60 per cent salt.

LABOR AND PAY INCREASE
Strikes at Tacoma Create Over-supply of Workers.

TACOMA, Wash., May 11.—(Special.)—The city office sent 417 men to jobs during the last week. Labor conditions here are reported as being favorable compared to other districts, Mr. Fleming said.

DEPORTATIONS HELD UP
Conditions in Odessa Delay "Shipments" of Russians.

WASHINGTON, May 11.—Deportation of radicals to Russia has been held up because of political and military developments in Odessa and because of inability to obtain transportation direct to that port.

Deportation of radicals to other European countries, the department announced, is going forward steadily through the agency of commercial liners.

Educational Bill Indorsed.
PRINEVILLE, Or., May 11.—(Special.)—The Ochoco Farmers association, at its regular monthly meeting last night, indorsed the higher education relief bill. Action followed an explanation of the measure by Fred Shepherd, a graduate of Oregon Agricultural college.
