

CARRANZA REPORTED IN DESPERATE FIX

Former Mexican Chief Surrounded by Rebels.

SAFE ESCAPE IS GRANTED

General Obregon Said to Have Ordered Forces to Let Deposed Ruler Leave Unharmed.

EL PASO, Tex., May 13.—President Carranza of Mexico is surrounded and in desperate straits at Kinmenada, near Esperanza station, in the state of Puebla, according to a telegram from General Alvaro Obregon received tonight by Roberto V. Pesquiera, financial agent for the revolutionists here. Instructions have been given to allow Carranza to leave the country in safety, Obregon's message said.

OBREGON GRANTS INTERVIEW

Mexican General Shows Friendly Feeling Toward U. S.

MEXICO CITY, Sunday, May 9. (By the Associated Press.)—The policy of President Carranza toward the United States was "national suicide," General Alvaro Obregon declared Saturday evening to the Associated Press in the first exclusive interview given a foreign correspondent since he joined the revolutionary forces after fleeing from Mexico City, April 12. "What strengthens the United States strengthens Mexico," he said, "and what weakens the United States weakens Mexico. My ideal for the relations between Mexico and the United States is to make the international border like the Canadian boundary, withdrawing troops, except customs officials."

"Carranza's interpretation of the Monroe doctrine was a mistake, although I believe Carranza was perfectly sincere in the belief his policy was best for Mexico."

General Obregon plainly showed the strain under which he has been laboring for more than six months. He was restless as he talked, his voice was hoarse, a ten days' growth of beard, heavily shot with white, framed his face. Outside the little hotel in Tacubaya, a suburb, where he was making temporary headquarters, the narrow street was jammed with automobiles and spectators.

At the entrance to the hotel a small squad of Yaqui Indian soldiers attempted to keep the doorway clear. Inside, a tiny patio was crowded with visitors and a white-clad staff of security who stood at the doorway of the first two small rooms occupied by Obregon and his chief of staff had difficulty preventing the crowd from pressing through the flimsy door.

MONTEREY FALL CELEBRATED

Whistle Blown and Bells Rung When Report Is Heard.

LAREDO, Tex., May 13.—Whistles were blown and bells rung in celebration in Nuevo Laredo this afternoon on receipt there of a telegram stating revolutionary forces had captured Monterrey. The source of the message is not known here, but the capture of Monterrey by rebels has been confirmed in Nuevo Laredo.

The wire declared Carranzalistas forces retired without firing a shot before the advance of rebels at 10 o'clock last night.

General Reaches Tampico.

WASHINGTON, May 13.—General Pelaez, who has been in de facto control of the oil fields about Tampico, arrived in Tampico today and was cordially received, according to a radio-gram to the navy department from Captain Long aboard the destroyer Putnam at that port. General Pelaez' attitude toward the new revolutionary movement has been in doubt heretofore.

RIDDLE WINS ROAD CASE

STATE COMMISSION CANNOT RE-ROUTE HIGHWAY. Court Sustains Contention of Town Which Was to Have Been Left Off Thoroughfare.

ROSEBURG, Or., May 13.—(Special.)—With state highway commission contracts set aside and a precedent for future transactions established, Judge Skipworth yesterday rendered a decision in the Myrtle creek-Canyonville cut-off road controversy which is a sweeping victory for S. H. Riddle, representing the city of Riddle, and prevents the highway commission from changing the route "so as to leave the town off the highway."

ANTI-STRIKE BILL FAVORED

Poindexter Measure to Be Reported to Senate for Action.

WASHINGTON, May 13.—A subcommittee decided today after brief discussion to report favorably the Poindexter anti-strike bill for railroads, referred to earlier in the day. Senator Poindexter, chairman of the subcommittee, said "minor amendments would be attached" which do not in any way invalidate or impair the efficiency of the measure, and added that the bill was designed "to prevent tying up of interstate transportation of railroads."

CHAMBER OFFICERS QUIT

Complete Shake-Up at Roseburg Follows Resignation.

ROSEBURG, Or., May 13.—(Special.)—A complete reorganization of the chamber of commerce was the feature of a meeting here last night, when President McClintock, Secretary Heinline and other officers resigned. The action followed the recent opposition to work of publicity planned by the old officers, who undertook to have that if citizen labor is to be employed, appropriations even for projects now under way and appropriations for projects contemplated would have to be increased, and furthermore, the programme of construction outlined by the army for the island

Buying vs. Building

The price of a building is determined largely by the cost of its present-day erection—its replacement value. It is no great task to estimate the cost of building a second Woolworth building, an Eiffel tower or a Panama canal. And while not so concrete, the same principle holds true in estimating the present-day trademark value of a Coca-Cola or an O'Sullivan Rubber Heel. Yet it is difficult to get the same banker who will buy for millions a trademark that has "arrived" to consider the construction of a national trademark at the cost of a few years and perhaps five or six hundred thousand dollars. Prizes seem justly reserved for those with constructive imagination. Build your own trademark into a great structure of national good will.

ALIEN LABOR BAN RAPPED

Secretary of War Dislikes Provision of Hawaiian Measure.

HONOLULU, T. H., May 13.—(Special.)—Newton D. Baker, secretary of war, strongly protests against the provision in the bill fostered by Hawaii's delegate to congress which would prohibit the employment of alien labor on government construction work. The protest is based on a letter from General U. G. Morton, commander of the Hawaiian department, who points out that if citizen labor is to be employed, appropriations even for projects now under way and appropriations for projects contemplated would have to be increased, and furthermore, the programme of construction outlined by the army for the island
