

CHICAGO BUSINESS MEN GUESTS OF CITY

Party on Trade Tour of West Is Delighted.

PERSONNEL IS NOTABLE

Industrial, Port and Residential Centers of City and Highway Are Seen by Visitors.

With Portland as one of the last stopping points on their 7000-mile survey of the west, 42 Chicago business men, members of the Chicago Association of Commerce, arrived in the city at 7 o'clock yesterday morning and passed an obviously pleasant and beneficial day making the acquaintance of Portland—as a city of industries and homes, with a port that is destined to greatness among the maritime cities of the world. At 2 o'clock this morning their special train drew out of Union station to return to the middle west.

The excursion of Chicago business men, notables all, traveling under the name of the Pacific Coast Trade tour, and sponsored by the Interstate and foreign trade committee of the Chicago Association of Commerce, left the home city on May 1 and will detain there on May 22. The party came west via El Paso and thence to Los Angeles, and its members were prominently in attendance at the foreign trade conventions in San Francisco last week.

W. W. Baird Heads Party. Leading the delegation are W. W. Baird, president of the association, an honorary chairman, and John P. Howland, vice-president of the Interstate and foreign trade division, as active chairman. John W. Thomas, vice-president of the Great Lakes Trust company, is vice-chairman.

During the forenoon the Chicago visitors, accompanied by a committee from the local Chamber of Commerce, made an automobile tour of the industrial and residence sections of Portland. They were taken to the municipal terminal, where great interest was shown in the 1,000,000-bushel grain elevator and the modern and comprehensive nature of the huge project. Later they toured the North Portland industrial district, and the residential districts of East Portland and Portland Heights.

At noon the Chicago visitors were the guests of the members' forum of the Portland Chamber of Commerce at a luncheon at the Chamber dining room. A great spirit of good fellowship prevailed, and the Chicago men in responding to the call for talks expressed appreciation for the excellent reception which they had received at any city on the excursion.

Charles Herz, chairman of the members' forum, presided, and the score of more of visitors from the "windy city" occupied the guest tables at the center of the room. As representatives of the Chicago delegation four of the members were called upon for brief talks, following which there was a roll call at which each one of the visitors was asked to rise and give his name and business connections.

The personnel of the Chicago party was as follows: W. W. Baird, president of the Chicago Association of Commerce, chairman; John P. Howland, vice-president of Interstate and foreign trade division, Chicago Association of Commerce, vice-chairman; James W. Thomas, vice-president of Great Lakes Trust company; Fred K. Entries for Epochal Rose Parade Being Received Daily From Many Outside Points.

Promises of outside participation in Portland's epochal rose festival parade, to be held during Shrine week, are arriving daily at headquarters.

A letter received yesterday from Eric V. Hauser, president of the Rose Festival association, from the secretary of the municipal council of Victoria, B. C., on behalf of the mayor of Victoria, is as follows:

"I wish to express to you the thanks of His Worship the Mayor and the Council for your invitation to participate in the flower parade, and to state that the same is cordially accepted, and also say that the city of Victoria will endeavor to be represented in the parade."

Similar in purpose is a letter from the Vancouver Board of Trade, British Columbia, and while no definite promise is extended, assurance is given that this Canadian city has the matter under serious consideration and will probably send an entry. While outside participation, with a grand prize of \$500 cash in prospect, is occasioning keen interest, Winthrop Hammond, chairman of the floral parade committee, and H. R. Blauvelt, assistant chairman, are seeking strenuously to glean from the local market a sufficiency of cash contributions and trophies to allocate among the various entries in the parade. Necessity for closing the price list at an early date makes it imperative that contributions be in the hands of the committee without further delay. "A vast amount of work remains to be done after the cash prize fund is in our hands," said Mr. Hammond yesterday.

today. "While numerous citizens pledged cash or trophy cups, the aggregate at present is quite insufficient for the various entries and classification for which awards must be posted. The committee urges upon Portland citizens the need for immediate response, in order to insure a prize list commensurate with the dignity and beauty of the 1920 floral parade—by which the fame of Portland will be indelibly impressed upon many thousands of eastern visitors."

Among the contributions announced yesterday are the following: Willamette Iron & Steel Co., trophy cup, elaborately engraved, cash value \$100; Tru Blu Biscuit company, trophy cup or \$50 cash; Winthrop Hammond, trophy cup, or \$25 cash; Baxterfield Bros., trophy cup or \$50 cash; Mason-Ehrman company, \$100 cash; Clearing House association, trophy cup or \$100 cash.

"PAINT" THAT IS FATAL TO CORNS

Chemist's Discovery Causes Them to Dry Up and Fall Off.

If you want to be rid of corns and callouses, simply paint them with the preparation known as Cactus Corn Compound. This "paint," the discovery of a chemist, ends the pain almost immediately and in a short time the corn or callous dries up and falls off.

A small bottle of Cactus Corn Compound, costing only a few cents, is sufficient to end dozens of corns. It can be used in the privacy of the home and is absolutely safe, whereas cutting is dangerous and makes corns grow faster.

Don't suffer from corns. Paint them and kill them. Your druggist has Cactus Corn Compound and will refund your money if it disappoints you.—Adv.
