Woman Sobbingly Tells Doctor Drugging Her.

PROMISES TO WED MADE

Further Relations With Medical Man After Attack During Professional Call Testified.

SPRINGFIELD, Mass., May 17 .-(Special.)—Contrary to expectation,
Miss Jennie Zimmerman, charged
with the murder of her cousin, Dr.
Henry Zimmerman, was able to resume today the story of her betrayal
in Dr. Zimmerman's office, of his protestations of love and his unfulfilled promises to marry her, of his atten-tions to other women, his lack of pa-triotism and finally of his threat to "railroad" her to the Northampton in-sane asylum unless she ceased to in-

sane asylum unless she ceased to in-sist upon a marriage ceremony. At the opening of court this morn-ing alienist testimony was offered bearing upon the mental condition of Miss Zimmerman's mother, who was twice committed to the Northampton insane asylum. Late in the morning Miss Zimmerman took the stand. Visit to Doctor Related.

Pale and obviously in distress she passed quickly over events leading to a visit to Dr. Zimmerman's office for professional treatment in November, 1915. She told him of dizzy spells and became faint and dizzy.

At this point Miss Zimmerman temporarily lost all power of speech and, resting her head on the police

matron, mounted piteously.

Recovering herself sufficiently to resume her story, Miss Zhimern in said she began to feel weak and warm and dizzy, and she spoke to Dr. Zimmerman about it, He reassured her, then lifted her to an operating table.

was getting sleepy, she said, and then she lapsed into unconsciousness.

Lending of Money Related.

Miss Zimmerman said that Dr. Zimmerman early began to borrow money of her. In all she loaned him between \$600 and \$700, none of which was repaid. As a result of these loans Miss Zimmerman found herself in financial straits and an obdurate creditor attached and closed her store.

She told Dr. Zimmerman that her brother was angry with her and the doctor commented with the seeming disinterest. To hell with the store.

Miss Zimmerman said that Dr. Zimmerman used the money to pay office and garage rent, to repair his car and to assist his brother, Harry Zimmerman, who was a dental student in Tafts college.

Wexican City newspaper reports recideded today by the state department. General Gonzalez agreed, however, to permit Governor De ia Huerta of Sonora to convene the Mexican congress or the permanent session to name a provisional president. Stops have been taken at Mexico City to carry out the agreement.

The agreement was reached at a conference of Generals Gonzalez and Obregon and other generals in Mexico City May 12 and under it Governor De la Huerta assumes command of the "liberal constitutional army," under General Constitutional army," under General Gonzalez.

BILL NOT SURE TO PASS

Farmers in Some Districts Oppo

More Taxes for Schools. "If you fellows think that every-bedy throughout the state is just as favorable to this elementary school bill as you are, I just want to tell you you are wrong." said E. F. Carl-ton of Salem, assistant superinten-dent of public instruction in the state,

Don't Prod Your Liver to Action

NR Overcomes Biliouaness, Constipation, Sick Headsche, Quickly. No Griping or Pain. Guaranteed.

The organs of digestion, assimilation and elimination—the stomach, liver and bowels—are closely allied, and the proper action of any of these organs is largely dependent upon the correct functioning of all the others.

"Whipping" your liver into action with calomel or forcing your bowels with irritating laxatives or strong cathartics is a great mistake. A better, safer plan is strengthening and toning the whole digestive and eliminative system with Nature's Remedy (NR Tablete), which not only brings immediate relief, but genuine and lasting benefit. It acts on the stomach, liver, bowels and kidneys, improves digestion and assimilation, overcomes billousness, corrects constipation and quickly relieves sick headache.

Get your system thoroughly cleansed and purified for once; stomach, liver, and you will not have to take medicine every day—just take one NR Tablete occasionally to keep your system in good condition and always feel your best. Remember it is easier and cheaper to keep well than it is to get well.

Get a 15c box and try it with the understanding that it must give your greater relief and benefit than any bowl or liver medicine you ever used or no pay. Nature's Remedy (NR Tablets) is sold, guaranteed and recommended by your drugsist.

Undercurrent

for Equipment Blamed-Public Is Probable "Goat."

OREGONIAN NEWS BUREAU OREGONIAN NEWS BUREAU, Washington, May 17.—The interstate commerce commission appreciates that it is facing the most serious crisis that has confronted any administrative organization of the government since the close of the war in solving the present freight blockade and helping the railroads out of their difficulties. Further complicating the situation which is rapidly plling higher and the cost of living was the under-surface muttering today of the under-surface muttering today of the Plumb Plan league element of the railroad brotherhoods, to take advan-tage of the traffic jam to inaugurate nation-wide strike for higher

Freight congestion exists, tying up food products in one end of the coun-try and manufactured products in the other. Neither can be moved, the cost of living is ascending and what ever way the commission solves the problem, that cost is not likely to be lessened.

Public to Pay, Indication.

Roth, pioneer Seattle railroad man and assistant to L. C. Gilman, regional director for the railroad administration, has accepted appointment as a member of the car distribution board of the interstate commerce commission, it became known today. Mr. Roth, who has been engaged in railroad work in the northwest for the past 17 years, leaves for Washington. D. C., tonight.

Seattle business men today united in expressing satisfaction that the Pacific northwest is to be represented on the board, predicting that the appointment of Mr. Roth, who is conversant with conditions in this section, would do much to relieve the car shortage here.

In his position as assistant to Mr. Gilman Mr. Roth had charge of car distribution in this territory, but worked under direction of railroad administration chiefs in Washington, D. C., and as a result was hampered in his efforts to obtain sufficient cars for the northwest, according to the country to meet, the needs of the roads.

Públic to Pay, Indication.

If it refuses to grapt credits and increase rates to the roads, it is increases in rates, and increased wages are granted the workers, the public will have to pay.

In the meantime, the situation in the middle west is of the utmost seriousness because the last year's crop has not been moved, the banks are filled with paper which cannot be liquidated until they are moved and no one can see how next year's crop is to be tinanced or transported.

Cars are necessary to the handling of the country's freight business. They do not exist. Neither does sufficient motive power stand on the rails. Even if the roads had the money, there is not enough var shop capacity in the country to meet, the needs of the roads.

D. C., and as a result was hampered in his efforts to obtain sufficient cars for the northwest, according to

The switchmen's strike which demoralized traffic conditions is by no means ended. It did a terrific amount of damage while it was going full strength, but now that it is regarded as over conditions have not improved. The men are not going back to work. They are finding employment in other industries. They say they can work in automobile factories for \$5 a day and see no reason why they should work for \$6 a day for the roads. Conditions resulting from this refusal on the part of the men to return to work are demoralizing and will continue so are demoralizing and will continue so for some time. Added to all this, the traffic is abnormally heavy.

Commission Acts on Request. ably upon the request of the railway executives to renew wartime restric-tions and regulations. The form in which the order will finally be made has not been determined. But while the commission will do what it can, it resilizes it cannot solve the situaion-it cannot make cars when there re no cars nor material with which
