

"STAND BY WILSON"

NEW CLUB'S SLOGAN

NAME IS "JEFFERSON"

Although "Vote for Starkweather" Is Not Officially Adopted, Intention Is Indicated.

Comes now the "rank and file" of the democratic party in Oregon to tell the world that a new club, founded on the principles of Jefferson, Jackson and White, is in the making.

Because the federal office-holders have made a complete capture of the Jackson club, many Oregon democrats who are unwilling to be guided by the dictates of the present regime have gathered out into the by-ways of free speech and independent thought and organized their own little club in their own little back yard. There is a conspicuous absence of names of federal office-holders on the list of officers or membership rolls.

The name of the new democratic club is Jefferson club, and its president is Colonel Robert A. Miller, John A. Jeffrey is secretary and Mrs. Josephine M. Othuis is treasurer. The vice-presidents are Mrs. Alexander Thompson, E. F. Wilson of Union, Or., and Dan J. Fry of Salem.

Preamble Reveals Purposes.

The purposes of the new organization are disclosed in the preamble which reads:

"To keep alive the spirit of constructive leadership as exemplified by Jefferson, Jackson, Wilson and other great democratic presidents this club is organized.

"Out of the chaos of the world war the world's people must move forward to better things. Under the banner of democracy, the war was won and under the banners of democracy the light for world betterment must go on. We must keep alive the sentiment of lofty patriotism that the war engendered. To this goal all must strive. The Jefferson club promises co-operation with all the forces and activities that go to make our nation great and prosperous."

"Stand by Wilson" Is Motto.

Colonel Miller, in a brief comment upon the new organization, stressed quickly and with strong emphasis that the Jefferson club is an organization whose purposes are to "stand by Wilson."

Although the newly-formed Jefferson club has not as yet adopted any "Vote for Starkweather" slogan, it was admitted by officers of the club that it would take a keen interest in the primary campaign this week and that its members, in standing by Wilson, naturally would vote the same convictions. This, of course, means that it is strongly anti-Chamberlain although denial was made that Frank Stout Myers, ex-United States senator, the policies of the club in any way.

MR. MUCK DENIES CHARGE

MILLIONS SAVED BY BRIDGE OPPOSITION, ASSERTED.

County Commission Replies to Attacks Said to Be Inspired by Fellow Commissioners.

That his opposition to the building of a new Morrison bridge and his insistence that the present structure be repaired, lengthening its life 15 years, has saved the taxpayers an unnecessary expenditure of nearly \$2,000,000 at this time, was the assertion yesterday of A. A. Muck, county commissioner and candidate for re-election in reply to attacks against his handling of county affairs.

"Had I not insisted on a strict investigation of the condition of the bridge, contracts would have been signed for the erection of a new bridge or some interested person had 'tipped' Kansas City engineers to the possibility and a representative was here with contracts ready for signature," he said. "It was due to my strong opposition that the other commissioners abandoned the idea of spending \$2,000,000 for a one-story addition in the light well of the courthouse. I have made it my business to insist on a representative to oppose all measures of doubtful expediency."

Mr. Muck denied that he had ever played politics or endeavored to organize a machine in county affairs, saying that he had given his entire time to county business. Newspaper attacks on his candidacy he attributed to the enmity of a fellow-commissioner, saying they were absolutely unfounded.

"But for his attitude, the work on the county hospital never would have been blocked," he declared. "I am accused of the delay over which I had no control. As to providing an adequate hospital to meet the influenza situation, that was a city, not a county, problem. It is ridiculous to assert I am the tool of the so-called 'having trust.' I have only tried to get the best payment possible for the taxpayers' money."

FIRE IN TIMBER STARTED

Kalama Residents Turn Out to Protect Trestles of Logging Road.

KALAMA, Wash., May 18.—Burning of slashings, which for the past few days caused a pall of smoke to cover this section, started a fire in the Mountain Timber company's holdings north of what is known as The Pass, about three miles east of here, Sunday and threatened to destroy several large trestles of the company's logging road.

A call came into Kalama for assistance and a large force of men went out. Three hundred gallons of gasoline were stored in tanks at one of the trestles in the path of the fire. After several hours of hard work the men got the fire under control so far as the Mountain Timber company's holdings were concerned, and the rain which fell Sunday night extinguished the fire completely.
