"Portland will benefit greatly from having a first-class place at Gearhart to send her visitors who will pass through the city both going and coming. It will give an objective for a five-hour run from Portland, and we are already planning for winter entertainments each weekend.

"An effort is also to be made for conventions that meet before July 1 or after September 10, when several hundred could be successfully handled, The Gearhart auditorium, seating 700, will be used for such gatherings."

The committee reports prompt response from the stockholders to the call to meet on Friday. More inter-est is being shown each day as the necessity for such hotels more apparent. Astoria is joining ac-

This low, rambling bungalow, built of hellow tile, enormous living room with extra large fire place, Dutch kitchen, two large porches, one of which is large enough for two or three beds. The house has bath and toilet, concrete basement and splendld furnace. The ground consists of 24 acre fronting on both upper sand lower drives. Both the ground and the house are in a very poor condition, but the pessibilities for improvement are unlimited, and the price, \$4200, certainly should make this an attractive proposition, and we think that the house alone could not be duplicated for this price, \$1650 cash, balance \$20 monthly.
